Nurture in Time and Eternity Robert Cummings Neville,2016-07-04 The dimension of eternity has been lost from much contemporary religious consciousness Liberals tend to focus on action within time as do conservatives who see history as a battleground for a war of good against evil Spiritual life however also requires nurturing a sense of eternity within time These sermons from Marsh Chapel at Boston University follow the lectionary in highlighting the places of temporal life within eternity and the places eternity is found in temporal life The liturgical year is employed as the venue for articulating a comprehensive theology on the themes of the temporal and eternal aspects of Christian nurture **Wisdom** Paul Dunion,2021-06-18 Wisdom Apprenticing to the Unknown and

Befriending Fate is a lucid account of such an apprenticeship. The work's major theme is: You can't get life right and if you allow life may get you right. Efforts to get life right including the Spiritual Bypass, the Intellectual Bypass, the Psychological Processing Bypass, and the Trivia Bypass are debunked as alleged detours around life's mystery, unpredictability, and insecurity. The work offers a unique developmental model describing how wisdom evolves as we allow defeat to interrupt the ego's claim to sovereignty, preparing us to reconcile life's inevitable dominance. We can then begin to live the question: What is life asking of us? Further maturation of the apprenticeship happens as we live the question: How do we confirm what truly matters? The target audience is composed of those who refuse to believe that aging means accumulating years while slipping into mediocrity, massaged by cocktails and playing golf. My work continues to reveal a population approaching middle age who are disillusioned with dominant cultural understandings of aging. They want to believe that aging is not simply about escaping an unfulfilling career and experiencing mental and physical decline. This group will greatly benefit from the work's lucid account of how to construct a personal epistemology or what it means to learn about how to know. The text introduces the notion of good knowing, which avoids branding a fact with certainty. The reader is encouraged to commit to knowing the knower in regard to biases and psychological defenses, welcoming ambiguity and ignorance. The target audience further encompasses those reaching retirement age who want to believe that their life experience is not limited to a series of personal and professional victories and defeats. Rather, they wish to leave behind a legacy as a final offering embracing a life well lived while feeling prepared to leave this earthly plane. The aging apprentice is inspired to acquire an artifact symbolic of some early driving force that rendered power in the name of adventure and ambition. Seven stages of development are examined, leading from the driving force of ambition to the driving force of discriminating wisdom. With less to prove, grace comes to the aging apprentice, interrupting a sense of urgency. Gratitude reconciles us with grace, morphing into the eyes of mercy as the aging apprentice now knows the true name of home.
