Moms Marijuana New Subtitle To Come:

Books in Print Supplement ,2002 **Books In Print 2004-2005** Ed Bowker Staff,Staff Bowker, Ed,2004 **Slick Spins and Fractured Facts** Caryl Rivers,1996 French rule in Syria and Lebanon coincided with the rise of colonial resistance around the world and with profound social trauma after World War I In this tightly argued study Elizabeth Thompson shows how Syrians and Lebanese mobilized like other colonized peoples to claim the terms of citizenship enjoyed in the European metropole The negotiations between the French and citizens of the Mandate set the terms of politics for decades after Syria and Lebanon achieved independence in 1946 Colonial Citizens highlights gender as a central battlefield upon which the relative rights and obligations of states and citizens were established The participants in this struggle included not only elite nationalists and French rulers but also new mass movements of women workers youth and Islamic populists The author examines the gendered battles fought over France s paternalistic policies in health education labor and the press Two important and enduring political structures issued from these conflicts First a colonial welfare state emerged by World War II that recognized social rights of citizens to health education and labor protection Second tacit gender pacts were forged first by the French and then reaffirmed by the nationalist rulers of the independent states These gender pacts represented a compromise among male political rivals who agreed to exclude and marginalize female citizens in public life This study provides a major contribution to the social construction of gender in nationalist and postcolonial discourse Returning workers low ranking religious figures and most of all women to the narrative history of the region figures usually omitted Colonial Citizens enhances our understanding of the interwar period in the Middle East providing needed context for a better understanding of statebuilding nationalism Islam and gender since World War II Resources in Education ,1991

The Moving Picture World ,1915 The Big Smallness Michelle Ann Abate,2016-02-12 This book is the first full length critical study to explore the rapidly growing cadre of amateur authored independently published and niche market picture books that have been released during the opening decades of the twenty first century Emerging from a powerful combination of the ease and affordability of desktop publishing software the promotional marketing and distribution possibilities allowed by the Internet and the tremendous national divisiveness over contentious socio political issues these texts embody a shift in how narratives for young people are being creatively conceived materially constructed and socially consumed in the United States Abate explores how titles such as My Parents Open Carry about gun laws It s Just a Plant about marijuana policy and My Beautiful Mommy about the plastic surgery industry occupy important battle stations in ongoing partisan conflicts while they are simultaneously changing the landscape of American children s literature The book demonstrates how texts like Little Zizi and Me Tarzan You Jane mark the advent of not simply a new commercial strategy in texts for young readers they embody a paradigm shift in the way that narratives are being conceived constructed and consumed Niche market picture books can be seen as a telling barometer about public perceptions concerning children and

the social construction of childhood as well as the function of narratives for young readers in the twenty first century At the same time these texts reveal compelling new insights about the complex interaction among American print culture children s reading practices and consumer capitalism Amateur authored self published and specialty subject titles reveal the way in which children childhood and children s literature are both highly political and heavily politicized in the United States The book will be of interest to scholars and students in the fields of American Studies children s literature childhood studies popular culture political science microeconomics psychology advertising book history education and gender studies In Order to Live Yeonmi Park, Maryanne Vollers, 2016-09-27 I am most grateful for two things that I was born in North Korea and that I escaped from North Korea Yeonmi Park One of the most harrowing stories I have ever heard and one of the most inspiring The Bookseller Park s remarkable and inspiring story shines a light on a country whose inhabitants live in misery beyond comprehension Park s important memoir showcases the strength of the human spirit and one young woman s incredible determination to never be hungry again Publishers Weekly In In Order to Live Yeonmi Park shines a light not just into the darkest corners of life in North Korea describing the deprivation and deception she endured and which millions of North Korean people continue to endure to this day but also onto her own most painful and difficult memories She tells with bravery and dignity for the first time the story of how she and her mother were betrayed and sold into sexual slavery in China and forced to suffer terrible psychological and physical hardship before they finally made their way to Seoul South Korea and to freedom Park confronts her past with a startling resilience In spite of everything she has never stopped being proud of where she is from and never stopped striving for a better life Indeed today she is a human rights activist working determinedly to bring attention to the oppression taking place in her home country Park s testimony is heartbreaking and unimaginable but never without hope This is the human spirit at its most indomitable *Official Congressional Record Impeachment Set*, 1999 *The 2012 Collection* Daniel Pinchbeck, 2012-02-21 Now in the years beyond 2012 discover the true meaning behind the hype that captivated the world It should be no surprise to us now but the pomp surrounding the coming of the year 2012 that grasped the human race s attention in those preceding years was not at all about the end of the world Instead much to the contrary Daniel Pinchbeck believes that the passing of the year 2012 marked the beginning of a global shift in consciousness where the human race would begin to see the world and existence on this planet through a different lens embracing fresh ideas about who we are and what it means to be human Discover the true wisdom behind the 2012 phenomenon with these two captivating works by one of the leading minds in the movement both in one place for the first time and at one low price 2012 *The Return of Quetzalcoatl* Cross James Merrill H P Lovecraft and Carlos Castaneda each imbued with a twenty first century aptitude for quantum theory and existential psychology and you get the voice of Daniel Pinchbeck And yet nothing quite prepares us for the lucidity rationale and informed audacity of this seeker skeptic and cartographer of hidden realms Throughout the 1990s Pinchbeck had been a member of New York s literary select He wrote

for publications such as The New York Times Magazine Esquire and Harper s Bazaar His first book Breaking Open the Head was heralded as the most significant on psychedelic experimentation since the work of Terence McKenna But slowly something happened Rather than writing from a journalistic remove Pinchbeck his literary powers at their peak began to participate in the shamanic and metaphysical belief systems he was encountering As his psyche and body opened to new experience disparate threads and occurrences made sense like never before Humanity every sign pointed is precariously balanced between greater self potential and environmental disaster The Mayan calendar s end date of 2012 seems to define our present age It heralds the end of one way of existence and the return of another in which the serpent god Quetzalcoatl reigns anew bringing with him an unimaginably ancient yet to us wholly new way of living A result not just of study but also of participation 2012 tells the tale of a single man in whose trials we ultimately recognize our own hopes and anxieties about modern life Toward 2012 Perspectives on the Next Age An informed challenging and engaging collection of essays on the new choices in lifestyles and community as we begin the countdown toward the year 2012 This fresh and thought provoking anthology draws together some of today s most celebrated visionaries thinkers and pioneers in the field of evolving consciousness exploring topics from shamanism to urban homesteading the legacy of Carlos Castaneda to Mayan predictions for the year 2012 and new paths in direct political action and human sexuality Toward 2012 highlights some of the most challenging intelligent pieces published on the acclaimed website Reality Sandwich It is coedited by Daniel Pinchbeck the preeminent voice on 2012 and online pioneer Ken Jordan and features original works from Stanislav Grof John Major Jenkins and Paul D Miller DJ Spooky interviews with Abbie Hoffman and artist Alex Grey and a new introduction by Pinchbeck Here are ideas that trace the arc of our evolution in consciousness lifestyles and communities as we draw closer to a moment in time that portends ways of living that are different from anything we have expected or experienced

The Age of Great Dreams David Farber, 1994-04-01 In this book David Farber grounds our understanding of the extraordinary history of the 1960s by linking the events of that era to our country s grand projects of previous decades Farber s important study based on years of research in archives and oral histories as well as in historical literature explores Vietnam the Civil Rights Act the War on Poverty the entertainment business the drug culture and much more

Song for the Dead Andrew Cusick, 2025-09-09 A young man and his mother grapple with the disappearance and possible death of his older brother who may have jumped off a bridge on the Jersey shore I AM NOT GONE is what the suicide note on Mason s pillow says His seventeen year old brother Declan finds it just before police arrive to search Mason s bedroom for clues to his disappearance several local business CCTV cameras in the New Jersey shore beach town have recorded a video of a young man fitting Mason s description jumping from a bridge But was it Mason Police divers haven t found a body As Declan and his frantic mother endure local news coverage of the missing young man nearly a week passes and the words I AM NOT GONE remain lodged in Declan s memory As he tries amidst his deep grief to return to his life as it was before Mason disappeared Declan

begins to hear about a group of people called The Liberators who are committing terrorist acts all over the U S And then suddenly he receives an unnerving direct message from Mason s Instagram account Then another message both telling Declan to come find him Convinced Mason s account was hacked Declan blocks the sender But then he feels compelled to reconnect and finds that not only does the person sound like his brother but they also know intimate things about Declan that no one else could possibly know Is his brother still alive somewhere And if so why would he do such a thing to the family Then there is yet another layer a song Mason wrote for the four man band that he and Declan are part of a haunting song that when performed posthumously mesmerizes audiences As the novel builds to shocking conclusion Declan is forced to make sense of the mystery of his missing brother and to understand just what compelled Mason to write his cryptic note and take leave of his tightly knit family

The Rotarian ,1944-04 Established in 1911 The Rotarian is the official magazine of Rotary International and is circulated worldwide Each issue contains feature articles columns and departments about or of interest to Rotarians Seventeen Nobel Prize winners and 19 Pulitzer Prize winners from Mahatma Ghandi to Kurt Vonnegut Jr have written for the magazine
