Monastic And Religious Orders In Britain 1000 13:

Monastic and Religious Orders in Britain, 1000-1300 Janet Burton, 1994-01-28 This book traces the development of monasticism in England Scotland and Wales from the last half century of Anglo Saxon England to 1300 It explores the nature of the impact of the Norman settlement on monastic life and how Britain responded to new European ideas on monastic life In particular it examines Britain s response to the needs of religious women It covers every aspect of the life and work of the religious orders their daily life the buildings in which they lived their contribution to intellectual developments and to the economy Particular attention is paid to the relationship between religious houses and their founders and patrons This shows the degree of dependence of religious houses on local patrons Indeed one major theme which emerges from the book is the constant tension between the ideals of monastic communities and the demands of the world **Encyclopedia of**

Monasticism William M. Johnston, 2013-12-04 The two volume Encyclopedia of Monasticism describes the monastic traditions of both Christianity and Buddhism with more than 600 entries on important monastic figures of all periods and places surveys of countries and localities and topical essays covering a wide range of issues e g art behavior economics liturgy politics theology and scholarship Coverage encompasses not only geography and history worldwide but also the contemporary dilemmas of monastic life Recent upheavals in certain countries are highlighted Korea Russia Sri Lanka etc Topical essays subtitled Christian Perspectives and Buddhist Perspectives explore in imaginative fashion comparisons and contrasts between Christian and Buddhist monasticism Encyclopedia of Monasticism also includes more than 500 color and black and white illustrations covering all aspects of monastic life art and architecture **Blessed Mary and the Monks of England** Matthew J. Mills, 2024 In the study of historical Mariology the monastic communities of England in the eleventh and twelfth centuries the period so dramatically interrupted and reshaped by the Norman conquest of 1066 receive too little attention This monastic age was a time of great flourishing for both religious life and Mariology marked by new currents of prayer and thought In this volume Matthew Mills uncovers and draws together vibrant contributions to Marian doctrine and devotion by some of those then living in England under the sixth century Rule of St Benedict the Benedictines and their successors the Cistercians In a thematic unfolding of Mary s life and identity from conception to assumption and intercession a picture emerges of a Mariology shaped by the constant of monastic liturgy anchored in the biblical and patristic wisdom cherished and transmitted by the Venerable Bede and animated by love Towering figures such as Anselm of Canterbury and Ired of Rievaulx are also placed within a wider landscape alongside lesser known but still significant others including the Cistercian abbot John of Forde royal confessor and pioneer of Marian exegesis of the Song of Songs England s monastic Mariology was colored by Greek as well as Latin influences and touched by key experiences of the contemporary church at large apocalyptic disappointment reform sacramentalism and intense yearning for salvation In particular Mills brings to light the significance of Mary for monks understanding of their own profession their mother and their lady Mary was also their

The Liturgical Sermons

Aelred of Rievaulx, 2021-02-15 Aelred 1110-1167 served Rievaulx Abbey the second Cistercian monastery in England for twenty years as abbot During his abbacy he wrote thirteen treatises some offering spiritual guidance and others seeking to advise King Henry II He also wrote thirty one sermons as a commentary on Isaiah 13 16 and 182 surviving liturgical sermons mostly addressed to his monks This volume contains the first half of Aelred's ninety eight liturgical sermons from the Reading Cluny collection Sermons 85 through 133 For the most part the collection follows the liturgical year beginning in this volume with three sermons for Advent and ending with five for Pentecost and three for the Solemnity of the Holy Trinity Sermons 134 through 182 from the Nativity of John the Baptist June 24 through the Feast of All Saints will appear in CF 87 These sermons appear to contain evidence of Aelred's editorial additions to the autograph of the sermons as he added selections from patristic and medieval authors within the sermons and between them

The Abbots and Priors of Late Medieval and Reformation England Martin Heale, 2016-09-08 The importance of the medieval abbot needs no particular emphasis The monastic superiors of late medieval England ruled over thousands of monks and canons who swore to them vows of

obedience they were prominent figures in royal and church government and collectively they controlled properties worth around double the Crown's annual ordinary income. Moreover as guardians of regular observance and the primary interface between their monastery and the wider world abbots and priors were pivotal to the effective functioning and well being of the monastic order. *The Abbots and Priors of Late Medieval and Reformation England* provides the first detailed study of English male monastic superiors exploring their evolving role and reputation between the fourteenth and sixteenth centuries. Individual chapters examine the election and selection of late medieval monastic heads the internal functions of the superior as the father of the community the head of house as administrator abbatial living standards and modes of display monastic superiors public role in service of the Church and Crown their external relations and reputation the interaction between monastic heads and the government in Henry VIII's England the Dissolution of the monasteries and the afterlives of abbots and priors following the suppression of their houses. This study of monastic leadership sheds much valuable light on the religious houses of late medieval and early Tudor England including their spiritual life administration spending priorities and their multi faceted relations with the outside world. *The Abbots and Priors of Late Medieval and Reformation England* also elucidates the crucial part played by monastic superiors in the dramatic events of the 1530s when many heads surrendered their monasteries into the hands of Henry VIII.

Religious Life for Women c.1100-c.1350 Berenice M. Kerr, 1999-07-22 This is the first detailed scholarly study of the Order of Fontevraud's English monastic houses. During the twelfth and thirteenth centuries the Order was notably prestigious and autonomous renowned both for the prayerfulness of its members and for their independent management of their affairs. The huge following of Robert Arbrissel d. 1116 included many women not at first the aristocrats who later dominated the Order of Fontevraud but prostitutes beggars and other representatives of the dregs of society. Urged by Church authorities to stabilize his women followers Robert gave them a Rule which was in essentials that of St Benedict but he introduced men as chaplains clerks and lay brothers for the nuns. Uniquely however for contemporary houses for women the men were placed firmly under the direction of the nuns and remained there throughout the Order's history. Sister Berenice Kerr's study of Fontevraud's English establishments Amesbury Nuneaton and Westwood Grovebury the Order's fourth foundation was never more than administrative centre opens up a wide range of insights and information about monasticism and religious life for women in the middle ages. Dr Kerr examines the endowment of each house and its subsequent acquisition of property and its administration monastic observance domestic economy including expenditure on food and drink the scale and layout of conventual buildings and the exploitation of new assets such as salt pans markets and appropriated churches.

Plantagenet England 1225-1360 Michael Prestwich, 2007 England of the Plantagenet kings was a turbulent place. In politics it saw Simon de Montfort's challenge to the crown in Henry III's reign and it witnessed the deposition of Edward II. By contrast and as relief it also experienced the highly successful rules of Edward I and his grandson Edward III. Political institutions were transformed with the development of parliament and war the stimulus

for some of that change was never far away Wales was conquered and the Scottish Wars of Independence started in Edward I's reign while Crecy and Poitiers were English triumphs under Edward III Beyond politics the structure of English society was developing from the great magnates at the top to the peasantry at the bottom Economic changes were also significant from the expansionary period of the thirteenth century to years of difficulty in the fourteenth culminating in the greatest demographic disaster of historical times the Black Death Embracing politics and government kingship the structure of society France Scotland and Wales as well as areas such as the environment the management of the land crime and punishment Michael Prestwich's survey casts the Plantagenet past in a new and revealing light

BOOK JACKET The Monastic World Andrew Jotischky, 2025-01-14 A major new history of medieval monasticism from the fourth to the sixteenth century From the late Roman Empire onwards monasteries and convents were a common sight throughout Europe But who were monasteries for What kind of people founded and maintained them And how did monasticism change over the thousand years or so of the Middle Ages Andrew Jotischky traces the history of monastic life from its origins in the fourth century to the sixteenth He shows how religious houses sheltered the poor and elderly cared for the sick and educated the young They were centres of intellectual life that owned property and exercised power but also gave rise to new developments in theology music and art This book brings together the Orthodox and western stories as well as the experiences of women to show the full picture of medieval monasticism for the first time It is a fascinating wide ranging account that broadens our understanding of life in holy orders as never before

Inventing Sempringham Katharine Sykes, 2011 This book explores the origins of the role of the Master or head of the order of Sempringham the only monastic order to be founded in medieval England from the foundation of the order to the final drafting of its legislation in the 1230s The book demonstrates that many previous assumptions about the early development of this important role are flawed most notably the standard portrait of Gilbert of Sempringham founder of the order as a stereotypical charismatic leader big on ideas but short on the capacity to provide his followers with effective leadership

James G. Clark, 2007 Examinations of the culture artistic material musical of English monasteries in the six centuries between the Conquest and the Dissolution The cultural remains of England s abbeys and priories have always attracted scholarly attention but too often they have been studied in isolation appreciated only for their artistic codicological or intellectual features and not for the insights they offer into the patterns of life and thought the underlying norms values and mentalit of the communities of men and women which made them Indeed the distinguished monastic historian David Knowles doubted there would ever be sufficient evidence to recover the mentality of the ordinary cloister monk These twelve essays challenge this view They exploit newly catalogued and newly discovered evidence manuscript books wall paintings and even the traces of original monastic music to recover the cultural dynamics of a cross section of male and female communities It is often claimed that over time the cultural traditions of the monasteries were suffocated by secular trends but here it is suggested that many houses remained a major cultural force even on the verge of the Reformation James G Clark is Professor of History at the University of Exeter Contributors DAVID BELL ROGER BOWERS JAMES CLARK BARRIE COLLETT MARY ERLER G R EVANS MIRIAM GILL JOAN GREATREX JULIAN HASELDINE J D NORTH ALAN PIPER AND R M THOMSON **Power, Politics and Episcopal Authority** Angelo Silvestri, 2014-11-24 It is impossible to completely understand the history of the medieval church without understanding how bishops control was exercised in the diocese and in the city This book assesses the differences shifts and changes in the power of the bishop in the cities and the dioceses of Lincoln and Cremona from the middle of the 11th century to the mid 14th century Lincoln with the biggest medieval diocese in England and with its unique series of bishops such as Hugh of Wells Hugh of Avalon Ro **Making a Living in the Middle Ages** Christopher Dyer, 2003-08-11 Dramatic social and economic change during the middle ages altered the lives of the people of Britain in far reaching ways from the structure of their families to the ways they made their livings In this masterly book preeminent medieval historian Christopher Dyer presents a fresh view of the British economy from the ninth to the sixteenth century and a vivid new account of medieval life He begins his volume with the formation of towns and villages in the ninth and tenth centuries and ends with the inflation population rise and colonial expansion of the sixteenth century This is a book about ideas and attitudes as well as the material world and Dyer shows how people regarded the economy and responded to economic change He examines the growth of towns the clearing of lands the Great Famine the Black Death and the upheavals of the fifteenth century through the eyes of those who experienced them He also explores the dilemmas and decisions of those who were making a living in a changing world from peasants artisans and wage earners to barons and monks Drawing on archaeological and landscape evidence along with more conventional archives and records the author offers here an engaging survey of British medieval economic history unrivaled in breadth and clarity *The Deeds of the Bishops of England* William (of Malmesbury), 2002 This is the first modern English translation of one of William s major

achievements which together with the Deeds of the Kings of England account for his reputation It is a survey of the bishops in all the dioceses of England from Augustine's arrival in Canterbury in 597 down to the 1120s *Heaven on Earth* Emma J.
