**Theoleptos of Philadelpheia** Theoleptos (Metropolitan of Philadelpheia), Robert Edward Sinkewicz, 1992      **The Oxford Handbook of Christian Monasticism** Bernice M. Kaczynski, Thomas Sullivan, 2020 The Oxford Handbook of Christian Monasticism addresses for the first time in one volume multiple strands of Christian monastic practice Forty four essays consider historical and thematic aspects of the Catholic Eastern Orthodox Oriental Orthodox Protestant and Anglican traditions as well as contemporary new monasticism      *The Text of a Coptic Monastic Discourse On Love and Self-Control* Carolyn Schneider, 2017-04-28 This book introduces a beautiful fourth century Coptic discourse on love and self control in its first English translation The text s heading attributes it to Athanasius bishop of Alexandria but this attribution is questionable Exploring issues of authorship and context this book locates the origins of On Love and Self Control in the Upper Egyptian Pachomian monastic community of the mid fourth century It then traces the various uses of On Love and Self Control to the late eleventh and early twelfth centuries when the single surviving manuscript was copied as part of an anthology at the Monastery of St Shenoute of Atripe A partial reconstruction of this now dismembered codex is provided      **Learning as Shared Practice in Monastic Communities, 1070-1180** Micol Long, 2021-10-11 In this study Micol Long looks at Latin letters written in Western Europe between 1070 and 1180 to reconstruct how monks and nuns learned from each other in a continuous informal and reciprocal way during their daily communal life The book challenges the common understanding of education as the transmission of knowledge via a hierarchical master disciple learning model and shows how knowledge was also shared exchanged jointly processed and developed Long presents a new and more complicated picture of reciprocal knowledge exchanges which could be horizontal and bottom up as well as vertical and where the same individuals could assume different educational roles depending on the specific circumstances and on the learning contents See inside the book

*Mount Athos and Byzantine Monasticism* Anthony Bryer, Mary Cunningham, 2016-12-05 The papers in this volume derive from the 28th Spring Symposium of Byzantine Studies held for the Society for the promotion of Byzantine Studies at the University of Birmingham in March 1994 Virtually from the time of their first foundation the monastic communities of Mt Athos assumed a central position in the world of Orthodox Christianity The spiritual and political and economic influence of the Holy Mountain soon transcended the boundaries of the Byzantine empire within which it lay to take on a supra national importance and become one of the pillars of Orthodoxy after the fall of the empire For the historian the significance of Mt Athos is enhanced by the fact that its archives contain the most substantial body of Byzantine documentation to have survived the Middle Ages and its libraries treasures and buildings have preserved much that has elsewhere been lost These archives are now largely edited and investigation of the art and archaeology is yielding substantial evidence The papers in this volume by an international set of scholars embody the fruits of this research Starting from Athos itself they embrace the whole phenomenon of Byzantine monasticism dealing with questions of asceticism authority community economy enlightenment
