no longer possesses the divine energy to materialize your comfort level or the feeling of abundance and love From the union of thought and emotion is the feeling to materialize You need to embody a feeling You attract reality with the energy you have stored up in your body You are determining what you are going to experience by the feeling you inject into your thoughts and that takes energy That feeling has a divine spiritual identity similar to our soul and you are that feeling These principles apply to creating abundance Money and abundance are also feelings It takes a lot of energy to inspire yourself with enough enthusiasm to feel worthy to receive Most of what needs to be healed for people in lack is suppressed anger All anger comes from loss For example when in a negative conversation learn to be silent and do not inject your opinion Keep your righteousness and negative thoughts about the world and others to yourself Keep the energy you have stored up to yourself until you bring it into reality You will honestly find that with some discipline and vigilance your power to create with thought and materialize doubles and redoubles will begin to manifest in your life Store up your energy Guard it as it is yours and is precious Do not give it away recklessly It s not free to waste Verbally discipline yourself and establish a dominion over your own mind In time you will create the energy of self love that attracts your receiving to yourself The sooner you give yourself permission to start feeling and receiving what it is you really want and desire the more energy and determination you will have to go for it all This Workbook has 44 methods to support you in the healing of your money issues Give yourself 30 days to complete this workbook and restore your self worth and energy *Break Through Your Inner Money Barriers!* Ariana Sarris,2016-05-28 Change your inner patterns transform your life It s not what s out there that keeps you from financial success It s your inner beliefs and patterns that limit you Using this 30 Day Affirmation Journal you can find transform and release those mental patterns Finally you can accept prosperity and abundance in and around you This journal is a companion to Break Through Your Inner Money Barriers a book that helps you release your inner blocks to getting and having money Once you no longer have these negative programs and patterns like a metaphorical bag of rocks then you can accept getting everything you desire
