This book, **Empowering Youth: Comprehensive HIV/AIDS Awareness Education for Students**, was born out of a growing recognition of the role that education plays in combating the HIV/AIDS pandemic. While medical advancements have transformed the treatment and management of HIV, prevention through education remains one of the most effective tools in reducing the spread of the virus, particularly among young people.

Legal Empowerment for Women and Disadvantaged Groups Asian Development Bank, 2009-01-01 Legal empowerment is a powerful tool for reducing poverty. It gives people the knowledge, skills and confidence to participate in development projects. It promotes inclusive growth which reduces poverty by building people's capacity to improve their lives. Inclusive growth is a goal of Strategy 2020 which guides the Asian Development Bank (ADB) in its mission to promote gender equality, empower women and achieve the Millennium Development Goals. The publication presents the findings of a project funded by ADB, carried out by The Asia Foundation and conducted in Bangladesh, Indonesia and Pakistan. The project aimed to identify and test legal empowerment strategies that increase access to basic social services, productive resources and opportunities by women and other disadvantaged groups and to incorporate legal empowerment initiatives into mainstream development projects.

Engaging with Empowerment Srilatha Batliwala, 2015-09-02 In this fascinating collection of writings, Srilatha Batliwala, feminist thinker and practitioner, explores the many dimensions of what empowerment means for and to women. Looking back on a life lived through commitment to a cause rather than to an organisation or to a sector and working for it at many levels and locations, she traces the evolution of the concept from the late 1980s till now, unravelling its ambiguities, highlighting insights gained through practice and analysing how and why it has been depoliticised and reduced by the state and aid agencies. Along the way, Batliwala traverses key sectors including education for women, politics outside political systems, grassroots movements, energy for sustainable development and a controversial questioning of a rights-based approach to women's equality.
