Monitoring And Documenting Human Rights Violations In Africa A Handbook:

UKWELI Council for the Development of Social Science Research in Africa (CODESRIA), Amnesty International, 2000 To use the computer **Best Practices for Human Rights and Humanitarian NGO Fact-Finding** Jordan Berman, Gerald M. Steinberg, Anne Herzberg, 2012-03-02 This work outlines available resources and proposed standards for international NGO fact finding missions Chapter One presents an introduction to the issue of NGO fact finding Chapter Two discusses the problems caused by the lack of any generally accepted guidelines for NGO fact finding in contrast with contexts where NGOs have achieved consensus Chapter Three surveys proposed guidelines for human rights and humanitarian NGOs In addition this section examines United Nations fact finding standards as well as examples of internal fact finding standards for major NGOs Chapter Four analyzes the fact finding standards used in five specific cases the International Crisis Group Kosovo 1999 the Independent International Fact Finding Mission on the Conflict in Georgia Georgia 2008 United Nations Office of the High Commissioner for Human Rights Mapping Exercise on the Democratic Republic of Congo 1993 2003 Conflict Analysis Resource Center University London study on Amnesty International and Human Rights Watch Colombia 1988 2004 and Human Rights Watch Lebanon 2006 The final chapter offers conclusions and recommendations *HPCR Practitioner's Handbook on Monitoring, Reporting, and Fact-Finding* Program on Humanitarian Policy and Conflict Research, Rob Grace, Claude Bruderlein, 2017-10-12 This book offers a portrait of the practice of monitoring reporting and fact finding in the domain of human rights international humanitarian law and international criminal law By analyzing the experiences of fifteen missions implemented over the course of the past decade the book illuminates the key issues that these missions face and offers a roadmap for practitioners working on future missions This book is the result of a five year research study led by the Program on Humanitarian Policy and Conflict Research at Harvard University Massachusetts Based on extensive interviews conducted with fact finding practitioners this book consists of two parts Part I offers a handbook that details methodological considerations for the design and implementation of fact finding missions and commissions of inquiry Part II which consists of chapters written by scholars and practitioners presents a more in depth scholarly examination of past fact finding practices Human Rights and Ethics: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources, 2014-09-30 In today s increasingly interconnected and global society the protection of basic liberties is an important consideration in public policy and international relations Profitable social interactions can begin only when a foundation of trust has been laid between two parties Human Rights and Ethics Concepts Methodologies Tools and Applications considers some of the most important issues in the ethics of human interaction whether in business politics or science and technology Covering issues such as cybercrime bioethics medical care and corporate leadership this four volume reference work will serve as a crucial resource for leaders innovators educators and other personnel living and working in the modern world Human Rights and Information Communication Technologies: Trends and Consequences of Use

Lannon, John, 2012-07-31 Intergovernmental agencies governments and non governmental organizations are now using Information and Communications Technologies ICTs to collect organize and disseminate information on peoples rights the promotion of human rights and the protection of individuals and communities at risk Human Rights and Information Communication Technologies Trends and Consequences of Use will provide a comprehensive examination of the use and application of information and communication technologies in the world of human rights This will contribute significantly to understandings of the impact of ICTs on the promotion and protection of human rights in societies around the world This book will provide a valuable tool and insight for academics from a range of fields including information management information systems communications information technology international relations human rights politics law and sociology It will also be useful to international non governmental organizations non governmental organizations and governments for policy and practice Ukweli Amnesty International, 2000 The incidence of human rights violations in Africa remains a cause for concern despite the signing of The African Charter on Human and People s Rights in 1986 Deregulation and privatisation in response to global economic pressures and interests have led to growing social and economic inequalities and increasing human rights abuses Public intolerance towards crime with attendant acceptance of ill treatment torture and the death penalty has also played its part This practical problem solving handbook and the accompanying booklets combine the experiences of human rights defenders who present a step by step guide for monitoring and investigating abuses Its aim is to strengthen and professionalise human rights work throughout the world Its philosophy derives from the Swahili word referring to both truth and fact The booklets and accompanying handbook are available as a set **The Armed Forces: Instrument of Peace, Strength, Development and Prosperity** Joseph Babatunde Fagoyinbo, 2013 Across the ages technological developments have been accelerated by the military This results from the fact that able bodied vibrant youths are generally involved and are also exposed to high tech training prevailing at their times for assignments defence and security that are essential but not desired They form the Armed Forces for the nations Such brilliant military officers like Caesar and Napoleon made their marks and in contemporary times the Armed Forces of United States France Britain Australia etc are making remarkable contributions to technological developments Such infrastructure as the Internet the GPS and the cell phones are products that have significant military contributions This book scans across the major regions of the world highlights the efforts of representative countries in the regions and observes that nations that have harnessed the efforts of their Armed Forces have progressively developed It is also observed that developments in America and Europe though not entirely dependent on their Armed Forces have been greatly affected by their efforts In Asia such countries as the People s Republic of China Brazil India Pakistan and Singapore utilise the human and material resources within the Armed Forces for national growth and cohesion Development effort is least in the African Region except South Africa and Egypt notwithstanding the high potentials as exhibited by Nigeria s Armed Forces Although attempts to industrialise through the

Armed Forces may be able to create economic development for developing nations such factors as historical background economic resources political climate government policies and infrastructure are equally important Economic development programme of an aspiring country should i promote education and access to knowledge ii aspire to economic self sufficiency in economic power iii allow and promote private sector and foreign participation in defence production research and development iv commit itself to the establishment and support of defence industries v indigenise defence programmes establish a balance between military and economic development and vi mobilise the nation s economy through technology partnership with the private sector and foreign investors

UKWELI - Monitoring and Documenting Human Rights Violations in Africa - A Handbook, 2004 P65 UKWELI Monitoring and Documenting Human Rights Violations in Africa A Handbook Amnesty International and CODESRIA Council for the Development of Amnesty International Social Science Research in Africa Amnesty International and CODESRIA 2000 Amnesty International Dutch Section Keizersgracht 620 PO Box 1968 1000 BZ Amsterdam The Netherlands Council for the Development of Social Science Rese Kathurima M Inoti is advocate of the High Court of Kenya and Chair of the Kathurima International Commission of Jurists Kenya section The objective of the Turay Kanneh Women s Health and Development Program is to create awareness on the issues of violence against women with certified midwives and birth attendants in order to enable women to see a way around violence and do something about it Peter van der Horst is currently co ordinator of the Special Programme on Africa of the Dutch Section of Amnesty International where he develops and Peter implements projects to support the human rights movement in Africa His van der Horst previous positions have included head of campaigns in the Dutch Section of AI co ordinating a programme for returned development workers in the Netherlands the Associate Repatriating Officer in the UNHCR repatriation programme in South Africa and development work in Zambia

Handbook of Disability Marcia H. Rioux, Alexis Buettgen, Ezra Zubrow, José Viera, 2024-04-03 This important reference work maps the terrain of disability across the world by providing an overview of issues concerns and developments in the domains of society culture medicine law policy justice education economics and science and technology It is a truly inclusive volume bringing together perspectives from researchers activists professionals service providers international development experts and policymakers based in the global North and South and it particularly focuses on the voices of the principal stakeholders disabled persons themselves Working from an interdisciplinary matrix this book reviews historical developments contemporary practices and policies It addresses hitherto uncharted areas in the disability discourse that will be significant in the years to come In the modern world the social and medical responses to disability have been separation segregation and incarceration of disabled people These responses are reflected in practices of special education building of asylums medical classifications and sheltered employment Current thinking on disability is based on the need to overcome such segregation through the enactment of human rights and socially just programmes policies and laws such as inclusive education affirmative action reasonable accommodation and supported

decision making This book explores The evolution of the concept of disability over space and time and identifies approaches to disability debility equality and equity Broad trends in research on disability across the world New directions in work on disability The emergence of a global disability movement and its etiology Intersections of disability with other demographic variables like gender race caste and age and Historical and socio economic interfaces with colonialism globalization and social development Spread over 14 sections and spanning more than 80 chapters this volume is the most comprehensive up to date reference work available on the subject *Handbook of Research on Development and Religion* Matthew Clarke, 2013-01-01 With eighty percent of the world's population professing religious faith religious belief is a common human characteristic This fascinating and highly unique Handbook brings together state of the art research on incorporating religion into development studies literature and research The expert contributors illustrate that as religious identity is integral to a community's culture exclusion of religious consideration will limit successful development interventions it is therefore necessary to conflate religion and development to enhance efforts to improve the lives of the poor Issues addressed include key tenets beliefs and histories of religions religious response to development concerns gender environment education microfinance humanitarian assistance and the role of faith based organisations and missionaries in the wider development context Practical case studies of countries across Africa Eastern Europe and the Pacific including Australia underpin the research providing evidence that the intersection between religion and development is neither new nor static By way of conclusion suggestions are prescribed for extensive further research in order to advance understanding of this nascent field This path breaking Handbook will prove a thought provoking and stimulating reference tool for academics researchers and students in international development international relations comparative religion and theology Human Rights Albert A. Zinnos, 2007 Human rights refers to the concept of human beings as having universal rights or status regardless of legal jurisdiction and likewise other localising factors such as ethnicity and nationality For many the concept of human rights is based in religious principles However because a formal concept of human rights has not been universally accepted the term has some degree of variance between its use in different local jurisdictions difference in both meaningful substance as well as in protocols for and styles of application Ultimately the most general meaning of the term is one which can only apply universally and hence the term human rights is often itself an appeal to such transcended principles without basing such on existing legal concepts The term humanism refers to the developing doctrine of such universally applicable values and it is on the basic concept that human beings have innate rights that more specific local legal concepts are often based Within particular societies human rights refers to standards of behaviour as accepted within their respective legal systems regarding 1 the well being of individuals 2 the freedom and autonomy of individuals and 3 the representation of the human interest in government These rights commonly include the right to life the right to an adequate standard of living the prohibition of genocide freedom from torture and other mistreatment freedom of expression freedom of movement the right

to self determination the right to education and the right to participation in cultural and political life These norms are based on the legal and political traditions of United Nations member states and are incorporated into international human rights instruments This new book brings together the latest book literature centred on this crucial topic **G.K. Hall**

Interdisciplinary Bibliographic Guide to Black Studies Schomburg Center for Research in Black Culture,2003 *The SAGE Handbook of Human Rights* Anja Mihr,Mark Gibney,2014-07-21 The SAGE Handbook of Human Rights will comprise a two volume set consisting of more than 50 original chapters that clarify and analyze human rights issues of both contemporary and future importance The Handbook will take an inter disciplinary approach combining work in such traditional fields as law political science and philosophy with such non traditional subjects as climate change demography economics geography urban studies mass communication and business and marketing In addition one of the aspects of mainstreaming is the manner in which human rights has come to play a prominent role in popular culture and there will be a section on human rights in art film music and literature Not only will the Handbook provide a state of the art analysis of the discipline that addresses the history and development of human rights standards and its movements mechanisms and institutions but it will seek to go beyond this and produce a book that will help lead to prospective thinking **Monitoring and Investigating Human Rights Abuses in Armed Conflict** ,2001 Evidence do you require **Monitoring and Investigating Political Killings** Agnès Callamard,2000 The monitoring and Documenting of human rights abuses is a relatively recent area of work the nature and implications of human rights law are in flux and there is greater consideration for human rights dimensions in armed conflicts The human rights agencies are consequently repositioning themselves redefining their roles and adapting their practices This study provides an overview of the sorts of abuses political killings torture excessive use of force death in custody sexual violence occurring in armed conflicts and makes suggestions about how to investigate and verify information for each violation It includes extracts from international and regional human rights law and international humanitarian law intended as a working basis for organisations investigating Documenting and acting upon abuses **Routledge Handbook on Human Rights and the Middle East and North Africa** Anthony Tirado Chase,2016-11-10 Recent events such as Iran s Green Revolution and the Arab Uprisings have exploded notions that human rights are irrelevant to Middle Eastern and North African politics Increasingly seen as a global concern human rights are at the fulcrum of the region s on the ground politics transnational intellectual debates and global political intersections The Routledge Handbook on Human Rights and the Middle East and North Africa emphasises the need to consider human rights in all their dimensions rather than solely focusing on the political dimension in order to understand the structural reasons behind the persistence of human rights violations explores the various frameworks in which to consider human rights conceptual political and transnational international discusses issue areas subject to particularly intense debate gender religion sexuality transitions and accountability contains contributions from perspectives that span from global theory to grassroots reflections emphasising

the need for academic work on human rights to seriously engage with the thoughts and practices of those working on the ground. A multidisciplinary approach from scholars with a wide range of expertise allows the book to capture the complex dynamics by which human rights have had or could have an impact on Middle Eastern and North African politics. This book will therefore be a key resource for students and scholars of Middle Eastern and North African politics and society as well as anyone with a concern for Human Rights across the globe. *Handbook of Human Rights* Thomas Cushman, 2012-02-20. The Handbook maps out the field of human rights for the humanities and social sciences. It provides a solid foundation for the reader who wants to learn the basic parameters of the field but also to promote new thinking and frameworks for the future study of human rights in the twenty first century. "There Shall be Freedom of Expression!" John Mukela, 2006. The report is born out of an international conference forming part of worldwide commemorations of the peaceful dissolution of the union between Sweden and Norway in 1905. The report assesses the current status of media human rights and democracy issues in southern Africa and simultaneously explores debates around issues of media human rights and democracy in the southern African region. Prelim. *HURIDOCS Events Standard Formats: A Tool for Documenting Human Rights Violations, English*, 2001. The Events Standard Formats constitute one of several tools developed by HURIDOCS to help human rights NGOs and other organizations enhance their capacity to monitor human rights. The formats can be used to document human rights violations to facilitate database design and to encourage standardized information exchange. The formats may be used in conjunction with HURIDOCS Micro thesauri. Monitoring and Investigating Sexual Violence Agnès Callamard, 2000. The monitoring and Documenting of human rights abuses is a relatively recent area of work. The nature and implications of human rights law are in flux and there is greater consideration for human rights dimensions in armed conflicts. The human rights agencies are consequently repositioning themselves redefining their roles and adapting their practices. This study provides an overview of the sorts of abuses: political killings, torture, excessive use of force, death in custody, sexual violence occurring in armed conflicts and makes suggestions about how to investigate and verify information for each violation. It includes extracts from international and regional human rights law and international humanitarian law intended as a working basis for organisations investigating, Documenting and acting upon abuses.
