Creative Intuition in Art and Poetry Jacques Maritain, 2023-10-17 The classic work on the sublime interplay between the arts and poetics This book explores the rich and complex relationship between art and poetry shedding invaluable light on what makes each art form unique yet wholly interdependent Jacques Maritain insists on the part played by the intellect as well as the imagination showing how poetry has

its source in the preconceptual activity of the rational mind As Maritain argues intellect is not merely logical and conceptual reason Rather it carries on an exceedingly more profound and obscure life one that is revealed to us as we seek to penetrate the hidden recesses of poetic and artistic activity Incisive and authoritative this illuminating book is the product of a lifelong reflection on the meaning of artistic expression in all its varied forms **Poetic Argument** Jonathan Kertzer, 1989-10-01 Beginning with an essay on the history and theory of poetic argument he traces its patterns through Romantic and Modernist literature He divides his subject into three areas the paradoxes of reason language and argument Poetic Argument surveys the writings of the five poets in light of what has to be proved and identifies the characteristic styles of proof for each For example in the chapter on Marianne Moore Kertzer studies two expressions of poetic argument The first regards poetry as a waking dream combining the powers of sleep and calculation The second derived from Imagism treats poetry as a special way of seeing Kertzer suggests that the combination of these two elements produces Moore s characteristically intricate but inconclusive forms of argument The Publishers' Circular and Booksellers' Record ,1926 **Who's who Among Living Authors of Older Nations ...** ,1928 Covering the literary activities of living authors and writers of all countries of the world except the United States of America Canada Mexico Alaska Hawaii Newfoundland the Phillipine islands the West Indies and Central America The Commandrine and Other Poems Joyelle McSweeney, 2004 The brilliance of Joyelle McSweeney s poems is a given what remains delightfully open to negotiation are its methodologies and its mien Is she an earnest relator using wit and gesture to tell the story faster Or does she take the piss of her subjects using perfected skills of mimicry and divination to exploit spot on their errant humanities In her second book McSweeney finds her subjects in the long form The Commandrine is a verse play that in nine scenes tells the story of sailors Zest Coast Ivory and Irish and their watery run in with the Devil The Cockatoos Morose stirs Eliotic grandeur with Stevensian absurdity for a cocktail of delirious observation and rigorous leaps of the sort McSweeney is certain to become famous for Crusade dream flips like a standard The standard narrows to a point And points Then it dips like a fern *British Museum Catalogue of printed Books* ,1892 **Children's Books and Their Creators** Anita Silvey, 1995 Unique in its coverage of contemporary American children s literature this timely single volume reference covers the books our children are or should be reading now from board books to young adult novels Enriched with dozens of color illustrations and the voices of authors and illustrators themselves it is a cornucopia of delight 23 color 153 b w illustrations
