Monkey Wars:

The Monkey Wars Deborah Blum, 1995-12-14 The controversy over the use of primates in research admits of no easy answers We have all benefited from the medical discoveries of primate research vaccines for polio rubella and hepatitis B are just a few But we have also learned more in recent years about how intelligent apes and monkeys really are they can speak to us with sign language they can even play video games and are as obsessed with the games as any human teenager And activists have also uncovered widespread and unnecessarily callous treatment of animals by researchers in 1982 a Silver Spring lab was charged with 17 counts of animal cruelty It is a complex issue made more difficult by the combative stance of both researchers and animal activists In *The Monkey Wars* Deborah Blum gives a human face to this often caustic debate and an all but human face to the subjects of the struggle the chimpanzees and monkeys themselves Blum criss crosses America to show us first hand the issues and personalities involved She offers a wide ranging informative look at animal rights activists now numbering some twelve million from the moderate Animal Welfare Institute to the highly radical Animal Liberation Front a group destructive enough to be placed on the FBI's terrorist list And she interviews a wide variety of researchers many forced to conduct their work protected by barbed wire and alarm systems men and women for whom death threats and hate mail are common She takes us to Roger Fouts's research center in Ellensburg Washington where we meet five chimpanzees trained in human sign language and we visit LEMSIP a research facility in New York State that has no barbed wire no alarms and no protesters chanting outside because its director Jan Moor Jankowski listens to activists with respect and treats his animals humanely And along the way Blum offers us insights into the many side issues involved the intense battle to win over school kids fought by both sides and the danger of transplanting animal organs into humans As it stands now Blum concludes the research community and its activist critics are like two different nations nations locked in a long bitter seemingly intractable political standoff But if you listen hard there really are people on both sides willing to accept and work within the complex middle When they can be freely heard then we will have progressed to another place beyond this time of hostilities In *The Monkey Wars* Deborah Blum gives these people their voice

The Monkey Wars Deborah Blum, 1995-12-14 The controversy over the use of primates in research admits of no easy answers We have all benefited from the medical discoveries of primate research vaccines for polio rubella and hepatitis B are just a few But we have also learned more in recent years about how intelligent apes and monkeys really are they can speak to us with sign language they can even play video games and are as obsessed with the games as any human teenager And activists have also uncovered widespread and unnecessarily callous treatment of animals by researchers in 1982 a Silver Spring lab was charged with 17 counts of animal cruelty It is a complex issue made more difficult by the combative stance of both researchers and animal activists In *The Monkey Wars* Deborah Blum gives a human face to this often caustic debate and an all but human face to the subjects of the struggle the chimpanzees and monkeys themselves Blum criss crosses America to show us first hand the issues and

personalities involved She offers a wide ranging informative look at animal rights activists now numbering some twelve million from the moderate Animal Welfare Institute to the highly radical Animal Liberation Front a group destructive enough to be placed on the FBI s terrorist list And she interviews a wide variety of researchers many forced to conduct their work protected by barbed wire and alarm systems men and women for whom death threats and hate mail are common She takes us to Roger Fouts s research center in Ellensburg Washington where we meet five chimpanzees trained in human sign language and we visit LEMSIP a research facility in New York State that has no barbed wire no alarms and no protesters chanting outside because its director Jan Moor Jankowski listens to activists with respect and treats his animals humanely And along the way Blum offers us insights into the many side issues involved the intense battle to win over school kids fought by both sides and the danger of transplanting animal organs into humans As it stands now Blum concludes the research community and its activist critics are like two different nations nations locked in a long bitter seemingly intractable political standoff But if you listen hard there really are people on both sides willing to accept and work within the complex middle When they can be freely heard then we will have progressed to another place beyond this time of hostilities

In *The Monkey Wars* Deborah Blum gives these people their voice *Monkey Wars* Richard Kurti,2015-01-06 Strikingly original is how Anthony Horowitz author of the Alex Rider series describes *Monkey Wars* Kurti draws from history to deliver a powerful allegory and keeps this effective memorable tale rooted in reality Publishers Weekly Starred Review Sustain the weak Destroy the strong A dark fable in the vein of *Animal Farm* *Watership Down* and *The Wave* this action packed page turner is told entirely from the monkeys points of view and shines a light on the politics of power the rise of tyrants and the personal dilemmas that must be faced when your life is on the line When rhesus monkeys are brutally massacred on the dusty streets of Kolkata by a troop of power hungry langur monkeys Mico a privileged langur becomes entangled in the secrets at the heart of his troop s leadership and is shocked at what he discovers He feels compelled to help the few surviving rhesus especially Papina a young female he befriends even though doing so goes against everything he s been taught As more blood is spilled Mico realizes that choosing between right and wrong won t be easy Includes a note from the author as well as interesting monkey species facts Additional praise for *MONKEY WARS* The allure of power even for the most conscientious is portrayed with frightening effectiveness Powerful Kirkus Reviews An imaginative fable about the nature of power and the responsibility of the individual With plenty of action a fascinating epilogue and striking cover art Booklist Following in the tradition of George Orwell s *Animal Farm* and William Golding s *Lord of the Flies* war and politics shape the lives of several monkey troops An interesting premise that will provide readers with an introduction to fascism and political corruption School Library Journal

Destiny's Forge: A Man-Kzin Wars Novel Paul Chafe,Larry Niven,2006-07-01 *Pride Prejudice* _ and *Vengeance* Weed eaters Monkey spawn Honorless herbivores Individually weak humans have proved most difficult to conquer and enslave Now the young heir to the Kzinti patriarchy is forced into a desperate wilderness exile as his empire

cracks and the contentious Great Prides attempt to rip one another apart while facing total war with humanity Annihilation looms unless the young patriarch can ally with two human warriors to battle his way back to his rightful place as Leader of the Prides keeper of pride strahk and upholder of sacred Kzinti honor A masterful addition from popular contributor Paul Chafe to the _Man Kzin Wars shared universe created by multiple New York Times best seller incomparable tale spinner and Nebula and five time Hugo Award winner Larry Niven At the publisher s request this title is sold without DRM Digital Rights Management _ The Man Kzin Wars series is excellent gripping and expands well on Larry Niven s universe Locus

Monkey Wars Richard Kurti,2016-01-12 A U S release of a dark fable told from the viewpoints of warring monkeys reflects themes of power and politics in the aftermath of a brutal massacre that leads to shocking revelations and morally questionable choices for a privileged langur monkey *The War against Animals* Dinesh Wadiwel,2015-06-24 Are non human animals our friends or enemies In this provocative book Dinesh Wadiwel argues that our mainstay relationships with billions of animals are essentially hostile The War against Animals asks us to interrogate this sustained violence across its intersubjective institutional and epistemic dimensions Drawing from Foucault Spivak and Derrida The War against Animals argues that our sovereign claim of superiority over other animals is founded on nothing else but violence Through innovative readings of Locke and Marx Dinesh Wadiwel argues that property in animals represents a bio political conquest that aims to secure animals as the spoils of war The goal for pro animal advocacy must be to challenge this violent sovereignty and recognize animal resistance through forms of counter conduct and truce **WLA** ,2006 *The Cambridge Companion to War Writing* Catherine Mary McLoughlin,2009-07-16 This Companion covers British and American war writing from Beowulf to Don DeLillo **Search and Clear** William J. Searle,1988 Search and Clear demonstrates that the seeds of war were implicit in American culture distinguishes between literature spawned by Vietnam and that of other conflicts reviews the literary merits of works both well and little known and explores the assumptions behind and the persistence of stereotypes associated with the consequences of the Vietnam War It examines the role of women in fiction the importance of gender in Vietnam representation and the mythic patterns in Oliver Stone s Platoon Essayists sharply scrutinize American values conduct and conscience as they are revealed in the craft of Tim O Brien Philip Caputo Michael Herr Stephen Wright David Rabe Bruce Weigl and others *The Human War* Noah Cicero,2003 Fiction A terse polemical and often violent book that follows Mark a disaffected American everyman through the trailer parks bedrooms dive bars and strip joints of humdrum Youngstown Ohio during the final two hours leading up to the dawn of America s supposed War on Terror America s finest literary pariah You bet Dazed Confused This alarmingly well written book is a new voice that has rankled more than enough people back home in America This vitriolic stance against Bush God and War is just the book we should be reading in today s climate Scarecrow **Furry Tales** Fred Patten,2019-09-26 Tales featuring anthropomorphic animals have been around as long as there have been storytellers to spin them from Aesop s Fables to Reynard the Fox to Alice in Wonderland The genre

really took off following the explosion of furry fandom in the 21st century with talking animals featuring in everything from science fiction to fantasy to LGBTQ coming out stories In his lifetime Fred Patten 1940 2018 one of the founders of furry fandom and a scholar of anthropomorphic animal literature authored hundreds of book reviews that comprise a comprehensive critical survey of the genre This selected compilation provides an overview from 1784 through the 2010s covering such popular novels as *Watership Down* and *Redwall* along with forgotten gems like *The Stray Lamb* and *Where the Blue Begins* and science fiction works like *Sundiver* and *Decision at Doona*

Political Animals Robert Garner, 2016-07-27 In this thorough yet accessible book Robert Garner explores the character of animal protection policy making in Britain and the United States and the opportunities open to animal protection movements In showing how the political system in both countries has been responsive to the growing demands for reforms in the way animals are treated he argues that there is a viable reformist strategy for the animal protection movement short of the adoption of animal rights objectives Much less protection is afforded to animals in the United States however largely as a consequence of the particular policy networks within which animal welfare decisions are made

War and American Literature Jennifer Haytock, 2021-02-04 This book examines representations of war throughout American literary history providing a firm grounding in established criticism and opening up new lines of inquiry Readers will find accessible yet sophisticated essays that lay out key questions and scholarship in the field War and American Literature provides a comprehensive synthesis of the literature and scholarship of US war writing illuminates how themes texts and authors resonate across time and wars and provides multiple contexts in which texts and a war s literature can be framed By focusing on American war writing from the wars with the Native Americans and the Revolutionary War to the recent wars in Iraq and Afghanistan this volume illuminates the unique role representations of war have in the US imagination

The Cambridge Companion to War Writing Kate McLoughlin, 2009-07-16 War writing is an ancient genre that continues to be of vital importance Times of crisis push literature to its limits requiring writers to exploit their expressive resources to the maximum in response to extreme events This Companion focuses on British and American war writing from *Beowulf* and Shakespeare to bloggers on the War on Terror Thirteen period based chapters are complemented by five thematic chapters and two chapters charting influences This uniquely wide range facilitates both local and comparative study Each chapter is written by an expert in the field and includes suggestions for further reading A chronology illustrates how key texts relate to major conflicts The Companion also explores the latest theoretical thinking on war representation to give access to this developing area and to suggest new directions for research In addition to students of literature the volume will interest those working in war studies history and cultural studies

Historical Memory and Representations of the Vietnam War Walter L. Hixson, 2000 First Published in 2000 Routledge is an imprint of Taylor Francis an informa company

American War Poetry Lorrie Goldensohn, 2006 Arranged by war the book begins with the Colonial period and proceeds through Whitman admiring Civil War soldiers

crossing a river to end with Brian Turner who published his first book in 2005 beckoning a bullet in contemporary Iraq

Ethical Issues in HIV Vaccine Trials T. Kerns, 1996-12-11 This book explores some of the complex ethical quandaries entailed by proposed phase III HIV preventive vaccine trials The book argues that such trials must be initiated as soon as politically and ethically feasible on the one hand and that no such trials should be undertaken until we can assure full compliance with the Nuremberg Code and the WHO CIOMS International Ethical Guidelines for Biomedical Research

Involving Human Subjects on the other The tension between these two positions is fully detailed and suggestions offered for how to think about possible resolutions Artie Azzetti & Me Paul Berge, 2009-11-10 Rejection Slip Theater r produced a

string of radio drama literary marvels but none more popular than Paul Berge s Artie Azzetti stories about kids growing up in New Jersey during the Vietnam War era 1959 1975 Based on Berge s weekly monologues as host of the radio series Rejection Slip Theater which aired 1993 2003

Radical Visions Vicente F. Gotera, 1994 Although poets have written about warfare since at least the time of Homer the Vietnam war has struck many observers as being immune to the interpretations of poetry and myth Lyric poetry of a traditional kind writes one critic has proved inappropriate to communicate the character of the Vietnam war its remoteness its jargonized recapitulations its seeming imperviousness to aesthetics Nonetheless the past two decades have seen an unprecedented outpouring of poetry that seeks to describe and come to terms with that bitterly divisive conflict In Radical Visions Vince Gotera argues that poetry written by Vietnam veterans underlines the failure of traditional American myths to help Americans understand the war and its aftermath The book blends sociohistorical commentary with close readings of individual works by such poets as Michael Casey Walter McDonald and W D Ehrhart In the book s first section The Nam Gotera examines several key mythic structures the Wild West a violent extension of the mythic virgin land the machine in the garden the city on the hill regeneration through violence all of which helped delude Americans about Vietnam and the war being fought there In the second part The World Gotera shows how another myth the American Adam as an exemplar of ahistorical innocence proved unusable for returning veterans attempting to readjust to American life In addition to exposing these failed myths Gotera argues the poetry by Vietnam veterans reflects an effort to construct new myths most notably that of the warrior against war an oxymoronic structure arising from the difficulties faced by returning veterans In the book s final chapters Gotera examines the work of Bruce Weigl and Yusef Komunyakaa two poets whom the author considers most successful at portraying the moral absurdity of the Vietnam war without sacrificing lyrical aesthetics The first comprehensive study devoted exclusively to poetry by Vietnam veterans Radical Visions argues that this body of writing registers an important advance in the aesthetics and poetics of war literature and offers a cogent antiwar statement rooted in personal experience

The Ethical Case against Animal Experiments Andrew Linzey, Clair Linzey, 2017-12-21 At present human beings worldwide are using an estimated 115 3 million animals in experiments a normalization of the unthinkable on an immense scale In terms of harm pain suffering and death animal experiments

constitute one of the major moral issues of our time. Given today's deeper understanding of animal sentience, the contributors to this volume argue that we must afford animals a special moral consideration that precludes their use in experiments. The Ethical Case against Animal Experiments begins with the Oxford Centre for Animal Ethics's groundbreaking and comprehensive ethical critique of the practice of animal experiments. A second section offers original writings that engage with and elaborate on aspects of the Oxford Centre report. The essayists explore historical, philosophical, and personal perspectives that range from animal experiments in classical times to the place of necessity in animal research to one researcher's painful journey from researcher to opponent. A devastating look at a contemporary moral crisis, The Ethical Case against Animal Experiments melds logic and compassion to mount a powerful challenge to human cruelty.

Embark on a transformative journey with is captivating work, **Monkey Wars** .
