solutions to the fundamental problems presently hindering long haul crewed spaceflight whether to the Moon Mars or beyond Looking at the red planet itself the author reveals the scientifically verifiable evidence pointing to intelligent design on the surface of Mars specifically in the Cydonia region which fits the Golden Ratio Spiral She looks at the covert links between the Martian formations and Earth s ancient sites such as the Avebury landscape in England and the Giza Complex She describes how agencies concerned with space travel have been quietly mirroring areas of Mars through construction projects here on Earth revealing that many of the ET messages have already been partially decoded Taking you from a complex on Mars to the Teotihuac n pyramids in Mexico from phi ratios to the Pentagon from the Great Pyramid to quantum computing this exploration of the hidden influence of Mars shows that our abilities as a future space faring species began in the ancient past and are now coming to fruition      **Forthcoming Books** Rose Army,1997      **Books in Print** ,1994
