Montclair A Postcard Guide To Its Past:

Montclair Philip Edward Jaeger, 2004-05-26 Montclair New Jersey like most American towns has grown dramatically over the course of the last one hundred years Much of the early 1900s landscape has been disguised and the town has come to reflect the popular styles and fashions of changing eras Streets have been paved the facades of commercial buildings have been updated and homes have been altered to reflect contemporary tastes and accommodate modern conveniences This volume of approximately two hundred postcards from the author s collection most never before published in book form captures Montclair as it was in the early twentieth century The reader will see familiar landmarks such as the Montclair Art Museum the Marlboro Inn and the Bellevue Theater as they originally appeared and discover the vanished predecessors of the Japanese style mansion on Upper Mountain Avenue and the Rockcliffe Apartments off Crestmont Road **Montclair**

Lamb** Carol J. Binkowski, 2014-01-10 Joseph F Lamb 1887 1960 composed with enthusiasm and was influenced by a variety of sources all kinds of music cultures traditions and the everyday Although he is considered one of classic ragtime s big three along with Scott Joplin and James Scott he did not fit the usual profile He was musically self taught held a corporate job and composed in his spare time yet wrote piano rags Joplin enthusiastically championed and returned to composing and well deserved recognition long after the end of the ragtime era This biography focuses on his music and his world and is drawn from family and research sources It includes a foreword by two of Lamb s children

Cedar Grove Philip Edward Jaeger, 2000 Cedar Grove is situated in the Peckman River Valley between the First and Second Watchung Mountains Located only fifteen miles west of New York City the area remained a farming community until well into the twentieth century While generally focusing on the town in the early 1900s Cedar Grove also chronicles significant events and personalities through the end of the millennium Best known for being the home of the Meadowbrook and its nationwide radio broadcasts Cedar Grove is also the birthplace of other historical events The crossword puzzle a source of pleasure for tens of millions was invented by Cedar Grove resident Arthur Wynne in 1913 Wynne s first puzzle is included for those who would like to solve it Allen B Du Mont an electronics pioneer conducted research on cathode ray tubes

in the garage of his Cedar Grove home during the early 1930s and later created a television network bearing his name Although the Meadowbrook is remembered by many few realize that during World War II enemy propaganda attempted to demoralize our fighting forces by falsely proclaiming that the famous roadhouse had burned down Such was its importance to America's youth in those years *American Holiday Postcards, 1905-1915* Daniel Gifford, 2013-08-29 In the early 20th century postcards were one of the most important and popular expressions of holiday sentiment in American culture Millions of such postcards circulated among networks of community and kin as part of a larger American postcard craze However their uses and meanings were far from universal This book argues that holiday postcards circulated primarily among rural and small town Northern white women with Anglo Saxon and Germanic heritages Through analysis of a broad range of sources Daniel Gifford recreates the history of postcards to account for these specific audiences and reconsiders the postcard phenomenon as an image based conversation among exclusive groups of Americans A variety of narratives are thus revealed the debates generated by the Country Life Movement the empowering manifestations of the New Woman the civic privileges of whiteness and the role of emerging technologies From Santa Claus to Easter bunnies flag waving turkeys to gun toting cupids holiday postcards at first seem to be amusing expressions of a halcyon past Yet with knowledge of audience and historical conflicts this book demonstrates how the postcard images reveal deep divides at the height of the Progressive Era
