Spies the narrative centers on the people's desire to return to slavery in Egypt. At its heart are speeches of complaint and lament. But in the narrative of the book of Numbers that is found in mystical and Hasidic sources, the generation of the wilderness emerges as one of extraordinary spiritual experience, fed on miracles and nurtured directly by God, a generation of ecstatic faith, human partners in an unprecedented conversation with the Deity. Drawing on kabbalistic sources, the Hasidic commentators depict a people who transcend prudent considerations in order to follow God into the wilderness where their spiritual yearning comes to full expression. Is there a way to integrate this narrative of dark murmurings of obsessive fantasies of a return to Egypt with the celebration of a love-intoxicated wilderness discourse? What effect does the cumulative trauma of slavery, the miracles of Exodus, and the revelation at Sinai have on a nation that is beginning to speak? In **Bewilderments**, one of our most admired biblical commentators suggests fascinating answers to these questions. **The Christian treasury (and missionary review)**, 1866
