Smith, Daniel Alejandro González, 2015-11-25 While there are volumes that fall into the category of children's literature there appears to be relatively few that explore the needs of bilingual learners and the linguistic and sociocultural context of Latino children's literature This volume makes a needed contribution by addressing the social cultural academic and linguistic needs of Latino bilingual learners who are still underserved through current school practices We aim to conceptualize different forms of social knowledge so that they can serve as cultural resources for learning acquiring knowledge and transforming self and identity This volume presents a balance of theory research and practice that speak to authentic multicultural Latino literature and helps ensure its availability for all students The intended outcome of this volume then is to create a heightened awareness of the cultural and linguistic capital held by the Latino community to increase Latino students social capital through the design of critical pedagogical practices and for the formulation of a new perspective that of Latino multicultural literature for children *Celebrating Cuentos* Jamie Campbell Naidoo, 2010-11-18 More effectively meet the diverse literacy needs of the growing Latino population by learning how to evaluate and select quality Latino children's literature Latinos are the fastest growing and largest ethnic minority in the United States The number of Latino children is at a historic high As a result librarians and teachers in the United States must know how to meet the informational cultural and traditional literacy needs of this student demographic group An ideal way to overcome this challenge is by providing culturally accurate and authentic children's literature that represents the diversity of the Latino cultures Much more than simply a topical bibliography this book details both historical and current practices in educating Latino children explains why having quality Latino children's literature in classrooms and libraries is necessary for the ethnic identity development of Latino children and offers a historical overview of Latino children's literature in America Web resources of interest to educators working with Latino children are also included It's Not "One More Thing" Anne Swenson Ticknor, Christy Howard, Mikkaka Overstreet, 2021-07-01 Ticknor Howard and Overstreet offer educators insights into the how tos of culturally responsive pedagogy They build on their experiences and research of CRP to offer vignettes of literacy instruction that may be common in K 12 classrooms These examples are offered as a way to situate how teachers may use research based and effective literacy practices while ignoring the identities and experiences of their students They disrupt the vignettes using theories and concepts presented in the chapter to make visible how each practice could be reimaged to integrate more culturally responsive strategies Example lessons and activities are provided in each chapter that offer readers glimpses into CRP thinking and decision making Guiding prompts are also included for readers to use the
