My World War II Experience Revisited:

My World War II Experience Revisited Lyle D. Green, 1996-01-01 On September 2nd of 1945 the war with Japan ended The battle for the liberation of Okinawa was over The last fighter plane was grounded The last engagement was over Most of the Japanese soldiers captured or surrendered were behind guarded fences The armistice had been signed The last shot should have been fired Yet many Japanese soldiers could not face the naked truth so remnants of fighting continued Their behavior took on a bizarre twist they abandoned their uniforms and disguised themselves dressed like Okinawan women and men Two individuals dressed as such walked on a road One would have a carbine strapped onto his back with the muzzle pointed skyward When they encountered an American soldier walking toward them the one with the carbine would drop to his knees and bend forward so the gun would be pointed at the victim Then the other would fall in behind him and discharge the piece A number of GI s lost their lives this way I lost a comrade in this manner Book jacket My Life Planned and Unplanned W. G. Wedan, 2015-01-31 My Life Planned and Unplanned is the book title but it is the unplanned part of my life that I could not have imagined during my youth in Galesburg Illinois As the son of Swedish immigrants and from a large family I couldnt envisage much of a future They were the Depression years Those families that had positions with the CB Q or the Santa Fe railroads seemed not to be affected Those in construction especially of houses were and drastically Construction had come to an abrupt halt Home builders like my father had to be content with the occasional small repair jobs The help of my older brother Lewis and my sisters Ellyn Dodney and Carole were a great aid to my parents I sold magazines door to door and later had newspaper routes along with my brother Carl After finishing high school together with a friend I earned my tuition for a year of business college doing maintenance work of that school After a year of working experience I joined my two brothers in the military service in World War II We had been attacked as a nation and everyone seemed to accept the war and sacrifices to bring it to a successful conclusion Revisiting EFL Assessment Rahma Al-Mahrooqi, Christine Coombe, Faisal Al-Maamari, Vijay Thakur, 2017-01-10 This book examines acknowledged practices and demonstrates to teachers how to make the most out of their assessment practices It also explores different assessment methods for skills such as reading writing listening and speaking Forecasting the future of assessment and where concepts like alternative assessment and dynamic assessment are heading it also shows how relatively new teaching methods such as communicative methodologies and problem based learning are reflected in assessment This book represents a forum where contributors have presented their research and innovative ideas and practices on the important topic of assessment and opened a fresh debate on it It offers an excellent reference guide for EFL teachers practitioners researchers and testing and assessment specialists Each chapter examines central issues in assessment and their connection with teaching and learning in EFL contexts *Revisiting the National Socialist Legacy* Oliver Rathkolb, 2019-01-22 Since the mid 1990s political legal and historical debates about Nazi theft and confiscation of property the use of slave labor during World War II and restitution and

compensation have reemerged Revisiting the National Socialist Legacy presents completely new historical research on these issues conducted worldwide This volume responds to concern about Holocaust era assets in Europe the United States and Latin America It focuses on both reexamination of the history of National Socialist property theft and employment of forced labor in the wartime economy and the compensation and restitution solutions advanced in various European and Latin American countries since 1945

The Past as Prologue Williamson Murray, Richard Hart Sinnreich, 2006-05-08 In today's military of rapid technological and strategic change obtaining a complete understanding of the present let alone the past is a formidable challenge Yet the very high rate of change today makes study of the past more important than ever before The Past as Prologue first published in 2006 explores the usefulness of the study of history for contemporary military strategists It illustrates the great importance of military history while simultaneously revealing the challenges of applying the past to the present Essays from authors of diverse backgrounds British and American civilian and military come together to present an overwhelming argument for the necessity of the study of the past by today's military leaders in spite of these challenges The essays of Part I examine the relationship between history and the military profession Those in Part II explore specific historical cases that show the repetitiveness of certain military problems

Revisiting the Twentieth Century Fred Metcalfe, 2001-03-22 Revisiting the Twentieth Century as the title suggests is a collection of the author's experiences from his childhood in St Paul Minnesota to those of him and his family before their move to New Jersey from North Carolina in 1955 The story covers amusing anecdotes he experienced in his student years in a variety of summer laboring jobs his early days with 3M in St Paul his bachelor life in New York the courtship of his wife their life in the High Point NC and his job as salesman and sales manager These anecdotes illustrate what life was like during this period which was marked by two shooting world wars a depression and the threat of nuclear destruction Against this background of international tumult a great transformation in lifestyle occurred in the United States At the beginning of the story no one in his neighborhood has a car or a radio Even the telephone and the record player were of recent origin Families or churches took care of relatives and the poor went to the poorhouse The work week was sixty hours and payment for over time was unheard of Unions were fighting to improve the working man's lot in life but were in their infancy Neighborhood interdependency disappeared as the automobile shrunk distances and people achieved greater mobility The change in lifestyle that occurred in this brief period seem somewhat unique in our history

Immigrants John Schissler Jr., 2017-09-20 War crimes do not end with the war Revisit this riveting memoir as told by a Croatian immigrant whose family became unwitting actors in the cruel theater of a postwar Europe and how they survived to tell their story In this compelling frame story the author intertwines his return to his ancestral home with his past in Croatia All the wonderful images and emotions which he experienced in 2015 stand in stark contrast to those years from 1943 to 1950 when he and his family embarked on a protracted journey fraught with danger disease and death in a war torn Europe The author's meaningful pilgrimage in 2015 not only reveals all the beauty

and charm of Croatia but also reminds us of the need to take a renewed look at the issue of immigration and family After his return voyage the author brings home the affirmation and reminder that we are all immigrants that melting pot that makes us a stronger America

Books in Print, 1994

Revisiting the Sixties Laura Bieger, Christian Lammert, 2013-11 The Vietnam War the Cuban Missile Crisis the Civil Rights Movement and the Summer of Love the 1960s were one of the most turbulent decades in US history These years launched an unprecedented public debate over the meaning of America dividing US society in deep and troubling ways Yet despite the passage of time the contemporary crises in the American way of life and the political system that sustain it might well make one wonder to what degree are we still living on the outskirts of the 60s By examining crucial events trends and individuals from the civic social political intellectual cultural and economic spheres across a range of disciplines this volume offers a nuanced and pluralist account of the longest decade in America

Revisiting the UK and Ireland's Transatlantic Economic Relationship with the United States in the 21st Century Anne Groutel, Marie-Christine Pauwels, Valérie Peyronel, 2016-10-25 This book revisits the economic relationship that ties the UK and Ireland to the United States in the aftermath of the greatest economic crisis of the past fifty years When considering recent developments to these economic links it appears that oppositional forces are at work On one hand globalization and the rise of new economic powers may undermine the ties Besides Ireland's and the UK's European Union membership could also loosen their economic ties with the US Conversely the future Transatlantic Trade and Investment Partnership agreement may well strengthen trade and investment links between the US and Europe Are the economic bonds between the US the UK and Ireland waning as some pundits purport Or are those claims overstated Could their economic relationship simply be going through a process of change Although there may not be a single and straightforward answer to these questions the authors seek to address these issues and provide insight into the changing dynamics of this historic economic relationship

Aiming at Heaven, Getting the Earth Marian E. Crowe, 2007-01-01 This book argues that there is still vitality in the English Catholic novel It analyzes the fiction of four contemporary Catholic novelists Alice Thomas Ellis David Lodge Sara Maitland and Piers Paul Read and situates their work both within the tradition of the Catholic novel as it developed in France and England and within the changing post Vatican II Catholic Church

Revisiting the Vietnam War and International Law Stefan Andersson, 2017-12-28 This collection of scholarly and critical essays about the legal aspects of the Vietnam War explores various crimes committed by the United States against North Vietnam war of aggression war crimes in bombing civilian targets such as schools and hospitals and using napalm cluster bombs and Agent Orange crimes against humanity in moving large parts of the population to so called strategic hamlets and alleged genocide and ecocide International lawyer Richard Falk who observed these acts personally in North Vietnam in 1968 uses international law to show how they came about This book brings together essays that he has written on the Vietnam War and on its relationship to international law American foreign policy and the global world order Falk argues that only a stronger adherence to

international law can save the world from such future tragedies and create a sustainable world order **Bion and Group Psychotherapy** Malcolm Pines, **Revisiting Imaginary Worlds** Mark Wolf,2016-12-08 The concept of world and the practice of world creation have been with us since antiquity but they are now achieving unequalled prominence In this timely anthology of subcreation studies an international roster of contributors come together to examine the rise and structure of worlds the practice of world building and the audience s reception of imaginary worlds Including essays written by world builders A K Dewdney and Alex McDowell and offering critical analyses of popular worlds such as those of Oz The Lord of the Rings Star Trek Star Wars Battlestar Galactica and Minecraft Revisiting Imaginary Worlds provides readers with a broad and interdisciplinary overview of the issues and concepts involved in imaginary worlds across media platforms *The Passionate Mind Revisited* Joel Kramer,Diana Alstad,2009-07-14 The Passionate Mind Revisited takes readers on a liberating inner journey into the workings of their mind that can transform the way people look at themselves and the world This expanded inquiry reflects the authors own and the world s evolution since The Passionate Mind came out in 1974 The original book focusing on the individual is now extended to social and philosophical spheres and global challenges exploring how the world s life threatening dramas are largely a function of people s genetic and cultural conditioning worldviews beliefs and values Kramer and Alstad assert that humanity is on an evolutionary cusp requiring further awareness and conscious social evolution Worldviews can create rigid beliefs and narrow identities that are destructive in a world of global impact While acknowledging the fallibility of any mental construction the book offers an evolutionary worldview deemed more likely than traditional worldviews or scientific materialism In exploring what it is to be a human social animal The Passionate Mind Revisited offers fresh vantage points on life s core issues the nature of thought authority and belief pleasure and pain desire and fear identity love and care freedom power gender time meditation violence and evolution By demonstrating how to inwardly see and break through one s conditioning the authors delve deeply into the nature and processes of the mind including how subjectivity filters perception This approach to self inquiry can help free people from mechanical responses that develop from unexamined beliefs and habits Dysfunctional worldviews and their values inhibit the creative solutions much needed in a perilous world of runaway change This book through its discussion and methodology fosters curiosity and truth seeking Kramer and Alstad offer new insights on personal and global issues that can facilitate a necessary shift to conscious social evolution **Theatre of the Real** C. Martin,2012-10-23 This book proposes a new way to consider theatre and performance that claims a special relationship to reality truth and authenticity It documents innovations in devising and staging theatre and performance that takes reality as its subject cultural shifts that have generated theatre of the real some of its problems and some possibilities Access to History for the IB Diploma: Causes, Practices and Effects of Wars Andy Dailey,Sarah Webb,2012-10-26 This series has taken the clarity accessibility reliability and in depth analysis of our best selling Access to History series and tailor made it for the History IB Diploma Each title in the series supports a specific topic
