Mysteries Of Development:

The Mysteries, Resurrection, and 1 Corinthians 15 Terri Moore, 2018-09-15 Often ignored misunderstood or compared with Christian belief in a haphazard or inconsistent manner the Mysteries of the Graeco Roman world when handled carefully and consistently can aid in elucidating the context of New Testament texts By closely examining the Eleusinian Mysteries and the Mysteries of Isis and particularly their promises of a pleasant afterlife in Hades for those initiated into the cults this work offers insight into difficult interpretational issues in First Corinthians 15 The work proceeds from a methodological commitment to understanding the Mysteries in their own right and without an overlay of Christian belief The book includes a broad overview of the Eleusinian Mysteries and the Mysteries of Isis and their place in Graeco Roman culture taking a deep and careful dive into conceptions of the afterlife in these cults In each instance available historical data is considered from works of mythology to dramas to archeological fragments all with a focus on afterlife beliefs With an ultimate goal to better understand Paul s writing in First Corinthians 15 the study includes an overview of Corinthian society and a particular examination of the available evidence concerning the impact of the Mysteries on Corinthians expectation of the afterlife Having considered the Mysteries independently the work turns to First Corinthians 15 with a brief exegetical overview before drawing careful comparisons between Paul s teaching and the afterlife beliefs of the Mysteries The book concludes with suggestions for interpretational issues on Paul s teaching in first Corinthians 15 regarding death and resurrection and baptism for the dead

Pauline Baptism among the Mysteries Donghyun Jeong, 2023-07-04 This monograph provides an alternative model for looking at the old question about Paul and the mysteries in a new light Specifically this study compares rituals baptism in the Pauline communities and the initiation rituals of the mysteries through the lens of cultural anthropology and the sociology of religion Three research questions lead the project What benefits does each initiation ritual promise its participants What are the underlying messages or structures that guarantee the efficacy of those rituals How and to what extent is the initiation ritual connected to the participants cognition and ethics beyond initiation itself Taking those questions as the analytical framework this study substantiates two points first in terms of ritual messages baptism in the Pauline communities is a ritual analogous to mystery initiation and second Paul is an innovative interpreter of ritual who recalibrates the messages of preexisting rituals for his theological and ethical program seeking to radically extend the implications of initiation to the embodied life of every Christ believer Students and scholars of New Testament early Christianity classics and ritual studies will benefit from engaging this volume

Ancient Myths and the New Isis Mystery Rudolf Steiner, 1994-03 Forgetting sleep and death are stages of basically the same process Now in contradistinction to them stand remembrance awakening and resurrection Just as forgetting sleep and death are stages of an apparent disappearance into the darkness of a realm held to be unconscious by normal day consciousness disappearing beyond waking experience so do remembrance awakening and resurrection signify basically the one single process of reappearance the return of what had been submerged in the darkness of the unconscious Valentin Tomberg p 50 Drawing on the ancient and frequently forgotten sources of esoteric Christianity Valentin Tomberg reflects on the mysteries of humanity s covenant with God in history The power of these meditations is that they reflect the author s personal spiritual journey into the depths of God s kingdom within within the soul within personal relationships within nature and the cosmos Part one of Lazarus Come Forth The Miracle of Raising Lazarus in World History looks at an encounter with the Father through the miracles of Creation and the Fall and through Moses and the Old Testament Covenant and the Ten Commandments Part two The Ten Commandments The Revelation on Mt Sinai is a meditation on the seven miracles of Christ as described in the Gospel of St John culminating in the raising of Lazarus the miracle of being raised from forgetfulness sleep and death to remembrance wakefulness and resurrection Lazarus thus becomes a paradigm for understanding the spiritual and cultural history of humanity In part three Thy Kingdom Come The Three Kingdoms of Nature Humanity and God we consider the encounter with the Holy Spirit and living out the life of Christ through the Church We are asked to reflect on the three kingdoms of God humankind and nature which give natural order and meaning to the Christian life The union of love and prayer in the Spirit is the focus of the first section of part four The Breath of Life in which we are invited to see our natural breathing as breathing the breath of God And part four ends with Natural and Supernatural Images of the Holy Trinity which discusses the message of the starry heaven at night the message of the setting Sun and the message of the birth of a new day This volume should not be missed by anyone with a serious interest in esoteric Christianity or who merely

The Mystery of Death Rudolf Steiner,2023-05-15 Speaking during the early stages of the First World War with the Western Front just miles away and thousands of young men dying Rudolf Steiner focuses on the subject of death In particular he addresses the difficult question of why some people die prematurely particularly in youth Steiner also speaks of the deaths of three of his acquaintances having made contact with their living souls in the afterlife He voices their own words and describes the first stages of their journeys after death Rudolf Steiner strikes a second chord with the description of the task of Central Europe in the context of the various Folk souls The influences of these spiritual entities are reflected in the culture and life of various peoples but do not promote nationalism In fact nationalism can only be transcended when we understand and recognize our differences This approach is based on phenomenology rather than value judgements The third main theme running through these lectures relates to understanding the impulses and connections active in history Reaching beyond simple notions of fate are we able to allow for the workings of the impulse of Christ These extraordinary lectures previously unpublished in English are presented here with an introduction notes and an index Trans by S Blaxland de Lange Intro by U Dietler Fifteen lectures various cities Jan Jun 1915
