Guénonian Esoterism and Christian Mystery Jean Borella, 2005-03 Rene Guenon's explication of the principles of an interior understanding of sacred forms has established his reputation in the West as the master theorist of esoterism But till now his doctrine has not been the focus of thorough study in Christian circles and this has had serious consequences Guenonian Esoterism and Christian Mystery is the first major work to combine an analysis of Guenon's ideas about esoterism with a critical examination of their application to Christianity in terms of data provided by Christianity itself But to accomplish this such data cannot simply be surveyed superficially it must be known firsthand hence the abundance of citations and references in this text Such an approach not

only lets us decide about certain issues but may also help us rediscover an all too misunderstood facet of the revelation of Christ Jean Borella taught philosophy at the University of Nancy until 1995 A Platonist by formation he has been strongly influenced by Guenon and Eastern metaphysics But his deepest inspiration derives from unceasing meditation on the Christian faith which led him to undertake the present searching critique of Guenonian Christianity A religious philosopher he strives to hear the reverberations awakened in human thought by revelation Rene Guenon was one of the great metaphysical minds of the last few centuries and it was a great loss to the Catholic Church when he converted to Islam Prof Borella shows in this landmark study exactly where Guenon s work remains of perennial value for Christians but also demonstrates the limitations and personal idiosyncrasies which led Guenon to distort some of the most important elements of Catholic and Orthodox doctrine Prof Borella s book may well stimulate the recovery of authentic metaphysics within the Church for which Guenon longed but which he despaired of seeing in his lifetime Stratford Caldecott Editor Second Spring Director UK of the G K Chesterton Institute for Faith Culture Mashiah Versus Anti-Mashiah Thomas H. Perdue,2013-01-18 Mashiah versus Anti Mashiah is an overview of the battle over four different time Measurements between Christ and Satan It chronicles the pathway of the line of Christ And delves into creation through the flood From Creation to the giving and acceptance of the Mosaic Law at Sinai in 1438 BCE Pagan Apostasy in great detail and the New Age Movement *The Secret Agent* Joseph Conrad,2009-08-31 The Secret Agent is set in the seedy world of Adolf Verloc a storekeeper and double agent in late Victorian London who pretends to sympathize with a group of international anarchists but reports on their activities to both the Russian embassy and the British government As he is drawn further into a terrorist bombing plot his family also becomes involved with devastating consequences Based on a real life failed anarchist plot The Secret Agent is both intimately engaged with its historical moment and profoundly relevant today This new Broadview Edition helps to recreate the historical context that informed Conrad s preoccupations with global terrorism human degeneration the relativity of time and the position of women **Catalog of Copyright Entries.
