them as the Masonic heirs of the order to a remote island off the shores of present day Nova Scotia The mysterious money pit there is commonly believed to have been built before 1497 and has guarded its secret contents tenaciously despite two centuries of determined efforts to unearth it All of these efforts one even financed by American president Franklin Delano Roosevelt have failed thanks to an elaborate system of booby traps false beaches hidden drains and other hazards of remarkable ingenuity and technological complexity **Chrōma Theou (romanized Form)** Robert Alexander Skeris,1976

R. Anderson,2021-08-12 Dating God The Dates of the Most High By S R Anderson Dating God The Dates of the Most High discusses the final seven years prior to the return of Yeshua the Messiah It takes its premise from the dates found in the Old Testament that are argued points to the days that lie ahead the days of tribulation and the reign of antichrist Obviously this is extremely relevant to the days all of us live in from the onslaught of Covid 19 to the upcoming vaccine that will be forced upon all mankind to the raging devastation of natural disasters to the threat and waging continuous and constant war all under the backdrop of the coming third temple in Jerusalem The take on all these events that are unique to this book is the referencing to scripture that gives us exact dates of past events that paint a picture of future happenings This is not another date setting book with erroneous prophecies this is a careful examination of the dates that Yahweh gives to us in his holy scriptures that quite possibly show us the timing of events that are even now coming upon this world S R s hope is that this work will open the eyes of a sleeping church too long festered in the delusion that the events prophesied are of a time still too far distant to care about or worse yet that somehow believers will be whisked away by some fancied rapture that they will escape the tribulation that is even now at the door
