Mysteries Of The Moon Opposing Viewpoints:

Mysteries of the Moon Patricia Haddock,1992 Examines various viewpoints about the moon its origins its powers and its effect on people s day to day lives *Subject Guide to Children's Books In Print*, 1996 R R Bowker Publishing,1996

American Book Publishing Record ,2003 *The Battle Between the Moon and Sun* Jenny Kien,2003 Woman s mysterious bleedings in time with moon cycles were first seen as the human embodiment of the cosmic mysteries of birth death and rebirth and served as the basis for time keeping With the rise of absolute kingships in the Ancient Near East authority shifted from women and goddesses to men and gods The male sun displaced the cycling moon as dominant deity This conflict between the moon and sun estranged women from the cosmic dance and led to their social marginalization Spiritual imagery became solar an exclusive and masculine imagery recognizing only one truth and demonizing all else Incorporated into Judaism and Christianity this imagery became an integral part of Western culture The history of the Jewish and Christian calendars show how women were excluded from time keeping further marginalizing them This eliminated the natural world from time keeping adding to our alienation from nature To end the Battle between the Moon and Sun a new spiritual imagery must replace the current solar form The history of the Battle shows that redeveloping the old female lunar imagery could help restore social inclusiveness and a reverence for life Haunted Houses Michael O'Neal,1994 The author examines the nature of hauntings and the ways ghost hunters attempt to find out the truth

Shakespeare and the Outer Mystery Robert H. West,2021-05-11 Shakespeare has been viewed by critics both as a secular writer who affirmed the dual nature of man and as a Christian allegorist whose work has a submerged but positive and elaborate pattern of Christian meaning In *Shakespeare and the Outer Mystery* Robert H West explores the philosophical and supernatural elements of five Shakespearean dramas *Macbeth* *Hamlet* *Othello* *King Lear* and *The Tempest* Through his analysis West discovers Shakespeare s respect for the mysteries of existence but no clear definition of the philosophical and moral context of his play worlds An artistic motivation leads Shakespeare to use these elements ambiguously to create a dramatic effect rather than to teach a moral or ideological lesson
