Mysterious Origins Of Manchallenging:

A Strange Eventful History Edmund Dell, 2000 Tony Blair's espousal of privatization before the 1997 General Election finally extinguished the life of socialism as a significant political force in this country. There have been many reasons both philosophical and personal for its demise yet in the end socialism sickened and died because of its impracticability and the failures consequent thereon. **"Something Urgent I Have to Say to You"** Herbert Leibowitz, 2024-05-01 Herbert Leibowitz's *Something Urgent I Have to Say to You* provides a new perspective on the life and poetry of the doctor poet William Carlos Williams, a key American writer who led one of the more eventful literary lives of the twentieth century. Friends with most of the contemporary innovators of his era, Ezra Pound, James Joyce, Ford Madox Ford, and Louis Zukofsky, among others, Williams made a radical break with the modernist tradition by seeking to invent an entirely fresh and singularly American poetic whose subject matter derived from the everyday lives of the citizens and poor immigrant communities of northern New Jersey. His poems mirrored both the conflicts of his own life and the convulsions that afflicted American society: two world wars, a rampaging pandemic, and the Great Depression. Leibowitz's biography offers a compelling description of the work that inspired a seminal controversial movement in American verse, as well as a rounded portrait of a complicated man: pugnacious and kindly, ambitious and insecure, self-critical and imaginative. *Something Urgent I Have to Say to You* is both a long overdue assessment of a major American writer and an entertaining examination of the twentieth-century avant-garde art and poetry scene with its memorable cast of eccentric pioneers, including Marcel Duchamp, Man Ray, Marianne Moore, and Gertrude Stein. *Theatre History Studies*, 2003 *Spiritualism* John Worth Edmonds, 1858

Spiritualism, 1853 John W. Edmonds, 1799-1874, a prominent New York judge and George T. Dexter, a New York physician, met though they shared interest in the spirit world. They were both dabbling in the spiritualist movement, first with scepticism and decided to join forces in their investigations of such phenomena as spirit rappings. Dexter eventually found himself fully developed as a writing medium with his pen controlled by unseen forces. Their conclusions, published in 1853 in *Spiritualism*, which went into numerous editions and was followed in 1855 by a second volume, caused much controversy. Drawing from their observations, the work gives examples of the authors' purported interaction with the spirit world and their journey from doubt to belief. Volume 1 includes detailed introductions by both authors explaining their experience with spiritualism, which are followed by the letters from two spirits nicknamed Sweedenborg and Bacon, who communicated their thoughts through Dexter. *A History of US: War, Terrible War* Joy Hakim, 2012-10-16 Recommended by the Common Core State Standards for English Language Arts and Literacy as an exemplary informational text. Riveting, moving, and impossible to put down, *War, Terrible War* takes us into the heart of the Civil War, from the battle of Manassas to the battle of Gettysburg and on to the South's surrender at Appomattox Court House. Follow the common soldiers in blue and gray as they endure long marches, freezing winter camps, and the bloodiest battles ever fought on American soil. Off the war fields, *War, Terrible*

War captures the passion and commitment of abolitionists and slaveowners alike in their fiery debates throughout the land. With profiles of Abraham Lincoln, Robert E. Lee, Ulysses S. Grant, John Brown, Harriet Tubman, Jefferson Davis, soldiers on both sides, slave owners, abolitionists, average citizens, and others, *War* is the compelling story of a people affected by the horrors of war during this tragic and dramatic period in American history. A History of US About the Series Master storyteller Joy Hakim has excited millions of young minds with the great drama of American history in her award-winning series *A History of US*. The set was extremely successful and continues to be used to this day due to the high quality of the writing, the distinguished contributors, and the cultural sensitivity shown in the selection of those individuals included. *New Makers of Modern Culture* takes into full account the rise and fall of reputation and influence over the last twenty-five years and the epochal changes that have occurred: the demise of Marxism and the collapse of the Soviet Union, the rise and fall of postmodernism, the eruption of Islamic fundamentalism, the triumph of the Internet. Containing over eight hundred essay-style entries and covering the period from 1850 to the present, *New Makers of Modern Culture* includes artists, writers, dramatists, architects, philosophers, anthropologists, scientists, sociologists, major political figures, composers, film makers, and many other culturally significant individuals and is thoroughly international in its purview.
