Mystery Meaning Of Christian Conversio:

The Mystery and Meaning of Christian Conversion George E. Morris, 2004 **A History of Christian Conversion** David W. Kling, 2020 In this first in depth and wide ranging history of Christian conversion David Kling examines the dynamic of turning to the Christian faith by individuals families and people groups Global in reach and engaging recent methods and theories in conversion studies the narrative progresses from early Christian beginnings in the Roman world to Christianity s expansion into Europe the Americas China India and Africa Although conversion is often associated with a particular strand of modern Christianity evangelical and a particular type of experience sudden overwhelming when examined over two millennia it emerges as a phenomenon far more complex than any one dimensional profile would suggest *Mystery of God, Mystery of Christ* Ysabel de Andia, 2024-03-28 Now available in English for the first time Ysabel de Andia s double exploration of Christian and Hindu mysticism provides a valuable addition to the field Composed from lectures given in Benares in 2015 to priests of the Missions Etrangères de Paris *Mystery of God Mystery of Christ* combines the two main research interests that have defined de Andia s career first an understanding of Christian mysticism as growing out of the Christian mystery of Christ and the sacrament and secondly the relationship between this and Hindu contemplative prayer as articulated by Jules Monchanin Beginning with the Cappadocian fathers de Andia traces the developing interpretation of Mystery through Christian thinkers from Origen and Gregory of Nyssa to Basil and Dionysios the Areopagite From here she begins to dovetail this study with an exploration of Hindu contemplation relating the Carmelite mystic St John of the Cross to the Advaitist tradition especially as expounded by Shankara Throughout her masterful understanding of both traditions is apparent For English readers her insight will provide a fresh perspective on this lively subject area Guénonian Esoterism and Christian Mystery Jean Borella, 2005-03 Rene Guenon s explication of the principles of an interior understanding of sacred forms has established his reputation in the West as the master theorist of esoterism But till now his doctrine has not been the focus of thorough study in Christian circles and this has had serious consequences Guenonian Esoterism and Christian Mystery is the first major work to combine an analysis of Guenon s ideas about esoterism with a critical examination of their application to Christianity in terms of data provided by Christianity itself But to accomplish this such data cannot simply be surveyed superficially it must be known firsthand hence the abundance of citations and references in this text Such an approach not only lets us decide about certain issues but may also help us rediscover an all too misunderstood facet of the revelation of Christ Jean Borella taught philosophy at the University of Nancy until 1995 A Platonist by formation he has been strongly influenced by Guenon and Eastern metaphysics But his deepest inspiration derives from unceasing meditation on the Christian faith which led him to undertake the present searching critique of Guenonian Christianity A religious philosopher he strives to hear the reverberations awakened in human thought by revelation Rene Guenon was one of the great metaphysical minds of the last few centuries and it was a great loss to the Catholic Church when he converted to Islam Prof

Borella shows in this landmark study exactly where Guenon's work remains of perennial value for Christians but also demonstrates the limitations and personal idiosyncrasies which led Guenon to distort some of the most important elements of Catholic and Orthodox doctrine Prof Borella's book may well stimulate the recovery of authentic metaphysics within the Church for which Guenon longed but which he despaired of seeing in his lifetime Stratford Caldecott Editor Second Spring Director UK of the G K Chesterton Institute for Faith Culture The End of Meaning Matthew Gumpert,2012-04-25 The specter of the apocalypse has always been a semiotic fantasy only at the end of all things will their true meaning be revealed Our long romance with catastrophe is inseparable from the Western hermeneutical tradition our search for an elusive truth one that can only be uncovered through the interminable work of interpretation Catastrophe terrifies and tantalizes to the extent it promises an end to this task 9 11 is this book's beginning but not its end Here it seemed was the apocalypse America had long been waiting for until it became just another event And indeed the real lesson of 9 11 may be that catastrophe is the purest form of the event From the poetry of classical Greece to the popular culture of contemporary America The End of Meaning seeks to demonstrate that catastrophe precisely as the notion of the sui generis has always been generic This is not a book on the great catastrophes of the West it offers no canon of catastrophe no history of the catastrophic The End of Meaning asks instead what if meaning itself is a catastrophe **Experience the Mystery** David Regan,1994 A Liturgical Press book Revision of the author's thesis doctoral Pontifical Gregorian University at Rome 1992 Includes bibliographical references and index **Pauline Baptism among the Mysteries** Donghyun Jeong,2023-07-04 This monograph provides an alternative model for looking at the old question about Paul and the mysteries in a new light Specifically this study compares rituals baptism in the Pauline communities and the initiation rituals of the mysteries through the lens of cultural anthropology and the sociology of religion Three research questions lead the project What benefits does each initiation ritual promise its participants What are the underlying messages or structures that guarantee the efficacy of those rituals How and to what extent is the initiation ritual connected to the participants cognition and ethics beyond initiation itself Taking those questions as the analytical framework this study substantiates two points first in terms of ritual messages baptism in the Pauline communities is a ritual analogous to mystery initiation and second Paul is an innovative interpreter of ritual who recalibrates the messages of preexisting rituals for his theological and ethical program seeking to radically extend the implications of initiation to the embodied life of every Christ believer Students and scholars of New Testament early Christianity classics and ritual studies will benefit from engaging this volume *Called to Serve* John A. Peck,2009-06-22 STUDENT EDITION A basic survey of the Holy Scriptures for Orthodox Christians No longer will the Bible be an intimidating mass of stories and text gathering dust and guilt from disuse In a fun and exciting journey this workbook will take you through the entire Bible and fill in the gaps and answer the questions that you may not even know you have In 20 short lessons you'll have set a firm foundation for your life in the Holy Scriptures The Mysteries, Resurrection, and 1

Corinthians 15 Terri Moore, 2018-09-15 Often ignored misunderstood or compared with Christian belief in a haphazard or inconsistent manner the Mysteries of the Graeco Roman world when handled carefully and consistently can aid in elucidating the context of New Testament texts By closely examining the Eleusinian Mysteries and the Mysteries of Isis and particularly their promises of a pleasant afterlife in Hades for those initiated into the cults this work offers insight into difficult interpretational issues in First Corinthians 15 The work proceeds from a methodological commitment to understanding the Mysteries in their own right and without an overlay of Christian belief The book includes a broad overview of the Eleusinian Mysteries and the Mysteries of Isis and their place in Graeco Roman culture taking a deep and careful dive into conceptions of the afterlife in these cults In each instance available historical data is considered from works of mythology to dramas to archeological fragments all with a focus on afterlife beliefs With an ultimate goal to better understand Paul's writing in First Corinthians 15 the study includes an overview of Corinthian society and a particular examination of the available evidence concerning the impact of the Mysteries on Corinthians expectation of the afterlife Having considered the Mysteries independently the work turns to First Corinthians 15 with a brief exegetical overview before drawing careful comparisons between Paul's teaching and the afterlife beliefs of the Mysteries The book concludes with suggestions for interpretational issues on Paul's teaching in first Corinthians 15 regarding death and resurrection and baptism for the dead Christian Conversion Walter E. Conn, 2006-07-01 Walter Conn has provided us with something we have needed for a long time a scholarly study of Christian conversion that draws synthetically from present day psychology philosophy and theology and uses these insights to analyze actual Christian religious experience And in doing that Conn has produced what is probably the best treatment to date of foundational moral theology To follow Conn through the pages of this volume is to become acquainted with most of today's important reflection on human moral and personal development But one emerges with much more than relevant information about what is being said Conn's own view of conversion goes beyond the thinkers from whom he draws and provides a basic challenge to and enrichment of our understanding of faith and morality Bernard Cooke Holy Cross College Walter E Conn is Professor of Theology and Religious Studies at Villanova University He is also the editor of Horizons journal of the College Theology Society The Mortara Case and Thomas Aquinas's Defense of Jewish Parental Authority Matthew Tapie, 2025 The Mortara case refers to Pope Pius IX's 1858 removal of a six year old Jewish boy Edgardo Mortara from his parents in Bologna Italy Six years after the child was born it was reported that the family's Christian housekeeper had baptized him after he had fallen ill as an infant and was allegedly in danger of death Since canon law and civil law stipulated that a baptized child must be raised Catholic Pius IX used his power as head of the Papal States to remove Edgardo from his family so he could receive a Christian education Scholars on both sides of the contemporary debate over Pius IX's decision to remove the child frequently appeal to the teaching of Thomas Aquinas to make their arguments However the discussion has overlooked an important fact the question of how Aquinas's teaching applied to the case was at the center

of the dispute between the Mortara family and Pius IX in 1858 Indeed the Mortara family and the Roman Jewish community submitted to the Vatican a two part document Pro memoria and Syllabus that appealed to Aquinas to argue for the return of the child However the Vatican s reply Brevi cenni denied the request and cited Aquinas s teaching to argue that Edgardo s baptism was valid and that he therefore belonged to the Church Who had the correct interpretation of Aquinas s thought And how does this answer impact Catholic theology and Catholic Jewish relations today The Mortara Case and Thomas Aquinas s Defense of Jewish Parental Authority assesses the claims of both sides of the contemporary debate through an analysis of Aquinas s teaching as it is interpreted in the original Italian and Latin documents from the 1858 case which are housed in the Vatican Apostolic Archives The complete text of these documents are reproduced here with facing English translations for the first time Tapie demonstrates that for Aquinas Jewish parental authority is an order of the natural law which Aquinas likened to a spiritualis uterus spiritual womb Since Jewish parental authority is an order of the natural law it cannot be opposed to God s grace The Mortara Case and Thomas Aquinas s Defense of Jewish Parental Authority is the first book length study to examine Aquinas s teaching against baptism of Jewish children invitis parentibus against the will of parents in its thirteenth century context The book also treats the reception history of Aquinas s thought among his Dominican defenders who advanced his position from the late thirteenth century into the middle of the sixteenth century Tapie s study concludes by examining the current Code of Canon Law on infant baptism for children of non Catholic parents as well as its relation to the Second Vatican Council s teaching on religious freedom and the Jewish people

Discovering the Christian Mind Douglas Vickers, 2011-06-24 The relation between Christianity and the claims of reason has been at times sharp and conflicting and at times symbiotic Noted scholars in the church and in the secular academy have asked what Christianity has to do with culture and what the Christian mind has to say or should be saying by way of critique in the marketplace of ideas In *Discovering the Christian Mind* Douglas Vickers argues insightfully that prior to the question of what the Christian mind should be doing or saying is that of what the Christian mind is Vickers shows that the true identity of the Christian mind derives from the Holy Spirit's conveyance to the soul of the grace of regeneration The conclusion that regeneration is prior to knowing and that those know truly who know God truly challenges thought and opinion

Because He Has Spoken to Us Brad Bursa, 2022-05-11 Pope John XXIII called the Second Vatican Council so that the Church's doctrine might be more widely known more deeply understood and more penetrating in its effects However since the close of the Council in 1965 the results are wanting Rather than announcing the gospel boldly in the present age the Church has been seemingly reduced to silence How did she lose her voice How did the structures of proclamation intended to hand on the Catholic faith devolve and even contribute to vaporizing a Catholic culture *Because He Has Spoken to Us* traces such developments from fixed points drawn from the fluid theology of Karl Rahner to their postmodern condition successive steps that usher in the crisis by subduing dismissing and silencing the tradition This postconciliar anthropocentric structure can now be better understood critiqued and displaced by a Ratzingerian approach Rather than embracing a given demanded by contemporary context Ratzinger proposes the revelation of the Logos in Jesus Christ as the given the true object of Christian faith His alternate proposal requires the courage to face the full scope of the Christian structure accessed through the Church's tradition and a willingness to proclaim the gospel personally and with humble confidence

Secret conversions to Judaism in early modern Europe [electronic resource] Martin Mulsow, Richard Henry Popkin, 2004 This volume deals with conversions to Judaism from the 16th to the 18th century It provides six case studies by leading international scholars on phenomena as crypto Judaism judaizing reversion of Jewish Christian converts and secret conversion of non Jewish Christians for intellectual reasons The first contributions examine George Buchanan and John Dury followed by three studies of the milieu of late seventeenth century Amsterdam The last essay is concerned with Lord George Gordon and Cabbalistic Freemasonry The contributions will be of interest for intellectual historians but also historians of political thought or Jewish studies Contributors include Elisheva Carlebach Allison P Coudert Martin Mulsow Richard H Popkin Marsha Keith Schuchard and Arthur Williamson

Understanding Religious Conversion Dong Young Kim, 2012-07-20 *Understanding Religious Conversion* begins with emphasis on the value of respecting religious theological interpretations of conversion while

coordinating social scientific studies of how personal social and cultural issues are relevant to the human transformational process It encourages us to bring together the perspectives of psychology sociology anthropology and religious studies into critical and mutually informing conversation for establishing a richer and more accurate perception of the complex phenomenon of religious conversion The case of St Augustine s conversion experience superbly illustrates the complicated and multidimensional process of religious change By critically extending the contributions of the literature within Lewis Rambo s interdisciplinary framework Dong Young Kim presents a more integrated picture of how personal social cultural and religious theological components interact with one another in the process of Augustine s conversion In doing so he has struggled with how to relocate more effectively and practically the conversion narrative of Augustine within the context of pastoral care and ministry and the field of the academy in order to facilitate a better understanding of the conversion stories of the church members as well as to enhance the experiences of religious conversion within the Christian community

Conversion Alfred Clair Underwood,1925 **1 & 2 Thessalonians (Brazos Theological Commentary on the Bible)**
