David Grumett, Rachel Muers

Mystic Mind The Psychology Of Medieval Mystics And Ascetics:

The Mystic Mind Jerome Kroll, Bernard Bachrach, 2006-06 Drawing on a database of over 1400 medieval holy persons and in depth studies of individual saints this fascinating collaboration between a medieval historian and a professor of psychiatry applies modern biological and psychological research to the lives of medieval mystics and ascetics *The Mystic Mind* Jerome Kroll, Bernard Bachrach, 2006-06-01 A fascinating collaboration between a medieval historian and a professor of psychiatry this enthralling book applies modern biological and psychological research findings to the lives of medieval mystics and ascetics Drawing upon a database of over 1 400 medieval holy persons and in depth studies of individual saints this illuminating study examines the relationship between medieval mystical experiences the religious practices of mortification laceration of the flesh sleep deprivation and extreme starvation and how these actions produced altered states of consciousness and brain function in the heroic ascetics Examining and disputing much contemporary writing about the political and gender motivations in the medieval quest for a closeness with God this is essential reading for anyone with an interest in medieval religion or the effects of self injurious behaviour on the mind Handbook of Medieval Studies Albrecht Classen, 2010-11-29 This interdisciplinary handbook provides extensive information about research in medieval studies and its most important results over the last decades The handbook is a reference work which enables the readers to quickly and purposely gain insight into the important research discussions and to inform themselves about the current status of research in the field The handbook consists of four parts The first large section offers articles on all of the main disciplines and discussions of the field The second section presents articles on the key concepts of modern medieval studies and the debates therein The third section is a lexicon of the most important text genres of the Middle Ages The fourth section provides an international bio bibliographical lexicon of the most prominent medievalists in all disciplines A comprehensive bibliography rounds off the compendium The result is a reference work which exhaustively documents the current status of research in medieval studies and brings the disciplines and experts of the field together **The Medieval Way of War** Gregory I. Halfond, 2016-03-09 Few historians have argued so forcefully or persuasively as Bernard S Bachrach for the study of warfare as not only worthy of scholarly attention but demanding of it In his many publications Bachrach has established unequivocally the relevance of military institutions and activity for an understanding of medieval European societies politics and mentalities In so doing as much as any scholar of his generation he has helped to define the status quaestionis for the field of medieval military history The Medieval Way of War Studies in Medieval Military History in Honor of Bernard S Bachrach pays tribute to its honoree by gathering in a single volume seventeen original studies from an international roster of leading experts in the military history of medieval Europe Ranging chronologically from Late Antiquity through the Later Middle Ages ca AD 300 1500 and with a broad geographical scope stretching from the British Isles to the Middle East these diverse studies address an array of critical themes and debates relevant to the conduct of war in medieval Europe These

themes include the formation and implementation of military grand strategies the fiscal material and administrative resources that underpinned the conduct of war in medieval Europe and religious legal and artistic responses to military violence Collectively these seventeen studies embrace the interdisciplinarity and topical diversity intrinsic to Bachrach's research Additionally they strongly echo his conviction that the study of armed conflict is indispensable for an accurate and comprehensive understanding of medieval European history

Intellectual disability Patrick McDonagh, C. F. Goodey, Tim Stainton, 2018-01-04 This collection explores the historical origins of our modern concepts of intellectual or learning disability The essays from some of the leading historians of ideas of intellectual disability focus on British and European material from the Middle Ages to the late nineteenth century and extend across legal educational literary religious philosophical and psychiatric histories They investigate how precursor concepts and discourses were shaped by and interacted with their particular social cultural and intellectual environments eventually giving rise to contemporary ideas The collection is essential reading for scholars interested in the history of intelligence intellectual disability and related concepts as well as in disability history generally

Trauma in Medieval Society, 2018-06-12 Trauma in Medieval Society is an edited collection of articles from a variety of scholars on the history of trauma and the traumatised in medieval Europe Looking at trauma as a theoretical concept as part of the literary and historical lives of medieval individuals and communities this volume brings together scholars from the fields of archaeology anthropology history literature religion and languages The collection offers insights into the physical impairments from and psychological responses to injury shock war or other violence either corporeal or mental From biographical to socio cultural analyses these articles examine skeletal and archival evidence as well as literary substantiation of trauma as lived experience in the Middle Ages Contributors are Carla L Burrell Sara M Canavan Susan L Einbinder Michael M Emery Bianca Frohne Ronald J Ganze Helen Hickey Sonja Kerth Jenni Kuuliala Christina Lee Kate McGrath Charles Louis Morand M Tivier James C Ohman Walton O Schalick III Sally Shockro Patricia Skinner Donna Trembinski Wendy J Turner Belle S Tuten Anne Van Arsdall and Marit van Cant

The Medieval Church Joseph Lynch, 2014-07-17 The Medieval Church A Brief History argues for the pervasiveness of the Church in every aspect of life in medieval Europe It shows how the institution of the Church attempted to control the lives and behaviour of medieval people for example through canon law while at the same time being influenced by popular movements like the friars and heresy This fully updated and illustrated second edition offers a new introductory chapter on the Basics of Christianity for students who might be unfamiliar with this territory The book now has new material on some of the key individuals in church history Benedict of Nursia Hildegard of Bingen Bernard of Clairvaux and Francis of Assisi as well as a more comprehensive study throughout of the role of women in the medieval church Lynch and Adamo seek to explain the history of the Church as an institution and to explore its all pervasive role in medieval life In the course of the thousand years covered in this book we see the members and leaders of the Western Church struggle with questions that are still relevant

today What is the nature of God How does a church keep beliefs from becoming diluted in a diverse society What role should the state play in religion The book is now accompanied by a website with textual visual and musical primary sources making it a fantastic resource for students of medieval history The Secret in Medieval Literature Albrecht Classen, 2022-10-17

The Secret in Medieval Literature Alternative Worlds in the Middle Ages explores the many strange phenomena both in the Middle Ages and today that do not find any good rational explanations Those do not pertain to magic or to religion in the traditional sense of the word they are secrets of an epistemological kind and tend to defy human rationality without being marginal or irrelevant At first sight we might believe that we face elements from fairy tales but the medieval cases discussed here go far beyond such a simplistic approach to the mysterious dimension of secrets In fact as this book argues medieval poets commonly engaged with alternative forces and described their workings within the human context both in the Latin West and in the East without being able to come to terms with them critically Those mysteries appear both in heroic epics and courtly romances among other genres and they figure more frequently than we might have assumed On the one hand we could conceive of those secrets as the product of literary liberties and imagination on the other those secrets prove to be rather serious agents intervening in the lives of the fictional protagonists By the same token our modern world is not all rationality and material conditions either The study of secrets in the Middle Ages thus opens the pathway toward a new epistemology both for the people in the pre modern age and us today

Wounds and Wound Repair in Medieval Culture , 2015-10-05 The spectacle of the wounded body figured prominently in the Middle Ages from images of Christ's wounds on the cross to the ripped and torn bodies of tortured saints who miraculously heal through divine intervention to graphic accounts of battlefield and tournament wounds evidence of which survives in the archaeological record and literary episodes of fatal or not so fatal wounds This volume offers a comprehensive look at the complexity of wounding and wound repair in medieval literature and culture bringing together essays from a wide range of sources and disciplines including arms and armaments military history medical history literature art history hagiography and archaeology across medieval and early modern Europe Contributors are Stephen Atkinson Debby Banham Albrecht Classen Joshua Easterling Charlene M Eska Carmel Ferragud M R Geldof Elina Gertsman Barbara A Goodman M ire Johnson Rachel E Kellett Ilana Krug Virginia Langum Michael Livingston Iain A MacInnes Timothy May Vibeke Olson Salvador Ryan William Sayers Patricia Skinner Alicia Spencer Hall Wendy J Turner Christine Voth and Robert C Woosnam Savage

Encyclopedia of Catholicism Frank K. Flinn, 2007

Covers the key people movements institutions practices and doctrines of Roman Catholicism from its earliest origins R sum de l diteur

Mental (Dis)Order in Later Medieval Europe , 2014-03-13 The boundaries between mental social and physical order and various states of disorder unexpected mood swings fury melancholy stress insomnia and demonic influence form the core of this compilation For medieval men and women religious rituals magic herbs dietary requirements as well as to scholastic medicine were a way to cope with the vagaries of mental wellbeing the focus of the articles is on the interaction

and osmosis between lay and elite cultures as well as medical theological and political theories and practical experiences of daily life Time span of the volume is the later Middle Ages c 1300 1500 Geographically it covers Western Europe and the comparison between Mediterranean world and Northern Europe is an important constituent Contributors are Jussi Hanska Gerhard Jaritz Timo Joutsivuo Kirsi Kanerva Sari Katajala Peltomaa Marko Lamberg Iona McCleery Susanna Niiranen Sophie Oosterwijk and Catherine Rider

Encountering The Book of Margery Kempe Laura Kalas, Laura Varnam, 2021-11-30 This innovative critical volume brings the study of Margery Kempe into the twenty first century Structured around four categories of encounter textual internal external and performative the volume offers a capacious exploration of The Book of Margery Kempe characterised by multiple complementary and dissonant approaches It employs a multiplicity of scholarly and critical lenses including the intertextual history of medieval women's literary culture medical humanities history of science digital humanities literary criticism oral history the global Middle Ages archival research and creative re imagining Revealing several new discoveries about Margery Kempe and her Book in its global contexts and offering multiple ways of reading the Book in the modern world it will be an essential companion for years to come Religion and the Body David Cave, Rebecca Sachs Norris, 2012-02-17 This book reflects on the implications of neurobiology and the scientific worldview on aspects of religious experience belief and practice focusing especially on the body and the construction of religious meaning

Theology on the Menu David Grumett, Rachel Muers, 2010-02-26 Food what we eat how much we eat how it is produced and prepared and its cultural and ecological significance is an increasingly significant topic not only for scholars but for all of us Theology on the Menu is the first systematic and historical assessment of Christian attitudes to food and its role in shaping Christian identity David Grumett and Rachel Muers unfold a fascinating history of feasting and fasting food regulations and resistance to regulation the symbolism attached to particular foods the relationship between diet and doctrine and how food has shaped inter religious encounters Everyone interested in Christian approaches to food and diet or seeking to understand how theology can engage fruitfully with everyday life will find this book a stimulus and an inspiration

Fact and Value in Emotion Louis C. Charland, Peter Zachar, 2008 There is a large amount of scientific work on emotion in psychology neuroscience biology physiology and psychiatry which assumes that it is possible to study emotions and other affective states objectively Emotion science of this sort is concerned primarily with facts and not values with description not prescription The assumption behind this vision of emotion science is that it is possible to distinguish factual from evaluative aspects of affectivity and emotion and study one without the other But what really is the basis for distinguishing fact and value in emotion and affectivity And can the distinction withstand careful scientific and philosophical scrutiny The essays in this collection all suggest that the problems behind this vision of emotion science may be more complex than is commonly supposed

Voices in Psychosis Angela Woods, Ben Alderson-Day, Charles Fernyhough, 2022-08-11 Voice hearing experiences associated with psychosis are highly varied frequently distressing poorly understood and deeply stigmatised

even within mental health settings *Voices in Psychosis* responds to the urgent need for new ways of listening to and making sense of these experiences It brings multiple disciplinary clinical and experiential perspectives to bear on an original and extraordinarily rich body of testimony transcripts of forty in depth phenomenological interviews conducted with people who hear voices and who have accessed Early Intervention in Psychosis services The book addresses the social clinical and research contexts in which the interviews took place thoroughly investigating the embodied multisensory affective linguistic spatial and relational qualities of voice hearing experiences The nature politics and consequences of these analytic endeavours is a focus of critical reflection throughout Each chapter gives a multifaceted insight into the experiences of voice hearers in the North East of England and to their wider resonance in contexts ranging from medieval mysticism to Amazonian shamanism from the nineteenth century novel to the twenty first century survivor movement By deepening and extending our understanding of hearing voices in psychosis in a striking way the book will be an invaluable resource not only for academics in the field but for mental health practitioners and members of the voice hearing community An open access title available under the terms of a CC BY NC ND 4 0 International licence

Beyond Physicalism Edward F. Kelly, Adam Crabtree, Paul Marshall, 2015-02-19 The rise of modern science has brought with it increasing acceptance among intellectual elites of a worldview that conflicts sharply both with everyday human experience and with beliefs widely shared among the world's great cultural traditions Most contemporary scientists and philosophers believe that reality is at bottom purely physical and that human beings are nothing more than extremely complicated biological machines On such views our everyday experiences of conscious decision making free will and the self are illusory by products of the grinding of our neural machinery It follows that mind and personality are necessarily extinguished at death and that there exists no deeper transpersonal or spiritual reality of any sort *Beyond Physicalism* is the product of an unusual fellowship of scientists and humanities scholars who dispute these views In their previous publication *Irreducible Mind* they argued that physicalism cannot accommodate various well evidenced empirical phenomena including paranormal or psi phenomena postmortem survival and mystical experiences In this new theory oriented companion volume they go further by attempting to understand how the world must be constituted in order that these rogue phenomena can occur Drawing upon empirical science metaphysical philosophy and the mystical traditions the authors work toward an improved big picture of the general character of reality one which strongly overlaps territory traditionally occupied by the world's institutional religions and which attempts to reconcile science and spirituality by finding a middle path between the polarized fundamentalisms religious and scientific that have dominated recent public discourse Contributions by Harald Atmanspacher Lorilai Biernacki Bernard Carr Wolfgang Fach Michael Grosso Michael Murphy David E Presti Gregory Shaw Henry P Stapp Eric M Weiss and Ian Whicher

Mediation and Immediacy Jenny Ponzio, Robert A. Yelle, Massimo Leone, 2020-12-07 Religion like any other domain of culture is mediated through symbolic forms and communicative behaviors which allow the coordination of group

conduct in ritual and the representation of the divine or of tradition as an intersubjective reality While many traditions hold out the promise of immediate access to the divine or to some transcendent dimension of experience such promises depend for their realization as well on the possibility of mediation which is necessarily conducted through channels of communication and exchange such as prayers or sacrifices An understanding of such modes of semiosis is therefore necessary even and especially when mediation is denied by a tradition in the name of the ineffability of the deity or of mystical experience This volume models and promotes an interdisciplinary dialogue and cross cultural perspective on these issues by asking prominent semioticians historians of religion and of art linguists sociologists of religion and philosophers of law to reflect from a semiotic perspective on the topic of mediation and immediacy in religious traditions **The Darker Angels of Our Nature** Philip Dwyer, Mark Micale, 2021-08-12 In The Better Angels of Our Nature Harvard psychologist Steven Pinker argued that modern history has witnessed a dramatic decline in human violence of every kind and that in the present we are experiencing the most peaceful time in human history But what do top historians think about Pinker's reading of the past Does his argument stand up to historical analysis In The Darker Angels of our Nature seventeen scholars of international stature evaluate Pinker's arguments and find them lacking Studying the history of violence from Japan and Russia to Native America Medieval England and the Imperial Middle East these scholars debunk the myth of non violent modernity Asserting that the real story of human violence is richer more interesting and incomparably more complex than Pinker's sweeping simplified narrative this book tests and bests fake history with expert knowledge *The Dark Queens* Shelley Puhak, 2022-02-22 National Bestseller A well researched and well told epic history The Dark Queens brings these courageous flawed and ruthless rulers and their distant times back to life Margot Lee Shetterly New York Times bestselling author of Hidden Figures The remarkable little known story of two trailblazing women in the Early Middle Ages who wielded immense power only to be vilified for daring to rule Brunhild was a foreign princess raised to be married off for the sake of alliance building Her sister in law Fredegund started out as a lowly palace slave And yet in sixth century Merovingian France where women were excluded from noble succession and royal politics was a blood sport these two iron willed strategists reigned over vast realms changing the face of Europe The two queens commanded armies and negotiated with kings and popes They formed coalitions and broke them mothered children and lost them They fought a decades long civil war against each other With ingenuity and skill they battled to stay alive in the game of statecraft and in the process laid the foundations of what would one day be Charlemagne's empire Yet after the queens deaths one gentle the other horrific their stories were rewritten their names consigned to slander and legend In The Dark Queens award winning writer Shelley Puhak sets the record straight She resurrects two very real women in all their complexity painting a richly detailed portrait of an unfamiliar time and striking at the roots of some of our culture's stubbornest myths about female power The Dark Queens offers proof that the relationships between women can transform the world

Unveiling the Magic of Words: A Report on "**Mystic Mind The Psychology Of Medieval Mystics And Ascetics**"

In a global defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their power to kindle emotions, provoke contemplation, and ignite transformative change is actually awe-inspiring. Enter the realm of "**Mystic Mind The Psychology Of Medieval Mystics And Ascetics**," a mesmerizing literary masterpiece penned by a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve in to the book is central themes, examine its distinctive writing style, and assess its profound impact on the souls of its readers.

Mystic Mind The Psychology Of Medieval Mystics And Ascetics Introduction

In the digital age, access to information has become easier than ever before. The ability to download Mystic Mind The Psychology Of Medieval Mystics And Ascetics has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Mystic Mind The Psychology Of Medieval Mystics And Ascetics has opened up a world of possibilities. Downloading Mystic Mind The Psychology Of Medieval Mystics And Ascetics provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Mystic Mind The Psychology Of Medieval Mystics And Ascetics has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Mystic Mind The Psychology Of Medieval Mystics And Ascetics. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Mystic Mind The Psychology Of Medieval Mystics And Ascetics. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Mystic Mind The Psychology Of Medieval Mystics And Ascetics, users should also consider the potential security risks associated with online platforms. Malicious actors may

exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Mystic Mind The Psychology Of Medieval Mystics And Ascetics has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Mystic Mind The Psychology Of Medieval Mystics And Ascetics Books

1. Where can I buy Mystic Mind The Psychology Of Medieval Mystics And Ascetics books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
