## **Mystical And Ethical Experience:**

*Mystical and Ethical Experience* Gerry C. Heard, 1985-06      *Mysticism and Morality* Richard H. Jones, 2004-01-01 In *Mysticism and Morality* author Richard Jones explores an often neglected question of religious ethics Is mysticism moral Through a discussion of several religious traditions including Hinduism Jainism Buddhism Tantrism Daoism and Christianity Jones fills a major void in the scholarly literature by considering all relevant points pertaining to mysticism Rather than looking at mysticism abstractly the book focuses on such topics as ritual practice and the processes of mystical becoming This work provides new perspectives for those interested in ethics and will prove essential to anyone interested in comparative philosophy and cross cultural studies of religion      *Venturing Beyond - Law and Morality in Kabbalistic Mysticism* Elliot R. Wolfson, 2006-05-25 Are mysticism and morality compatible or at odds with one another If mystical experience embraces a form of non dual consciousness then in such a state of mind the regulative dichotomy so basic to ethical discretion would seemingly be transcended and the very foundation for ethical decisions undermined *Venturing Beyond Law and Morality in Kabbalistic Mysticism* is an investigation of the relationship of the mystical and moral as it is expressed in the particular tradition of Jewish mysticism known as the Kabbalah The particular themes discussed include the denigration of the non Jew as the ontic other in kabbalistic anthropology and the eschatological crossing of that boundary anticipated in the institution of religious conversion the overcoming of the distinction between good and evil in the mystical experience of the underlying unity of all things divine suffering and the ideal of spiritual poverty as the foundation for transmoral ethics and hypernomian lawfulness      **Encyclopedia of Ethics** Lawrence C. Becker, Charlotte B. Becker, 2013-10-18 The editors working with a team of 325 renowned authorities in the field of ethics have revised expanded and updated this classic encyclopedia Along with the addition of 150 new entries all of the original articles have been newly peer reviewed and revised bibliographies have been updated throughout and the overall design of the work has been enhanced for easier access to cross references and other reference features New entries include Cheating Dirty hands Gay ethics Holocaust Journalism Political correctness and many more      **Walt Whitman's Mystical Ethics of Comradeship** Juan A. Hererro Brasas, 2010-03-24 A giant of American letters Walt Whitman is known both as a poet and to a lesser extent as a prophet of gay liberation This revealing book recovers for today's reader a lost Whitman delving into the original context and intentions of his poetry and prose As Juan A Herrero Brasas shows Whitman saw himself as a founder of a new religion Indeed disciples gathered around him the hot little prophets as they came to be called by early biographers Whitman's religion revolved around his concept of comradeship an original alternative to the type of competitive masculinity emerging in the wake of industrialization and nineteenth century capitalism Shedding new light on the life and original message of a poet who warned future generation of treating him as a literary figure Herrero Brasas concludes that Whitman was a moral reformer and grand theorist akin to other grand theorists of his day      **The Moral Mystic** James R. Horne, 2006-01-01

Mysticism is condemned as often as it is praised Much of the condemnation comes from mysticism s apparent disregard of morality and ethics For mystics the experience of union transcends all moral concern In this careful examination of the works of such practitioners or examiners of mysticism as Paul Tillich Thomas Merton Evelyn Underhill and Martin Buber the author posits a spectrum of uneasy relationships between mysticism and morality Horne explores the polarities of apophatic imageless and imaginative mysticism the contemplative and the active life and morality and amorality He stresses the importance of the distinction between proper name entirely personal morality and social morality for the history of Christian mysticism is a mix of minimal moral concern proper name morality and social morality The volume will be of interest to students of religious experience ethics and the recent history of mysticism Carefully reasoned and documented the argument is couched in clear prose easily accessible to lay readers as well as to scholars

**Philosophy of Mysticism** Richard H. Jones,2016-03-23 A comprehensive exploration of the philosophical issues raised by mysticism This work is a comprehensive study of the philosophical issues raised by mysticism Mystics claim to experience reality in a way not available in normal life a claim which makes this phenomenon interesting from a philosophical perspective Richard H Jones s inquiry focuses on the skeleton of beliefs and values of mysticism knowledge claims made about the nature of reality and of human beings value claims about what is significant and what is ethical and mystical goals and ways of life Jones engages language epistemology metaphysics science and the philosophy of mind Methodological issues in the study of mysticism are also addressed Examples of mystical experience are drawn chiefly from Buddhism and Advaita Vedanta but also from Christianity Judaism Islam and Daoism This is a significant extension of the seminal work by Walter Stace **Mysticism and Philosophy** That work has stimulated much literature all of which Jones manages to review here He critically extends Stace s universal core and embeds it in a sophisticated discussion of the extent range and metaphysical implications of mysticism Ralph W Hood Jr coauthor of **The Psychology of Religion An Empirical Approach**

**Essays on Wittgenstein and Weininger** Allan Janik,2021-11-01

**Plato and Plotinus on Mysticism, Epistemology, and Ethics** David J. Yount,2017-02-23 This book argues against the

common view that there are no essential differences between Plato and the Neoplatonist philosopher Plotinus on the issues of mysticism epistemology and ethics Beginning by examining the ways in which Plato and Plotinus claim that it is possible to have an ultimate experience that answers the most significant philosophical questions David J Yount provides an extended analysis of why we should interpret both philosophers as mystics The book then moves on to demonstrate that both philosophers share a belief in non discursive knowledge and the methods to attain it including dialectic and recollection and shows that they do not essentially differ on any significant views on ethics Making extensive use of primary and secondary sources Plato and Plotinus on Mysticism Epistemology and Ethics shows the similarities between the thought of these two philosophers on a variety of philosophical questions such as meditation divination wisdom knowledge truth happiness and love

**CREATION Seeking THE CREATOR** Elizabeth Abraham,2014-08-15 What is mysticism Is there anything similar in the spiritual lives of people despite the distinct differences and variety of organised religious traditions Are the mystics useless to humanity on the grounds that they live secluded lives This book unfolds certain hidden truths regarding mysticism and mystics and their contribution to humanity

**The Young Bultmann** William D. Dennison,2008 During his early life 1884 1925 Rudolf Bultmann passionately attempted to unite scholar and laity through his understanding of God which developed in the context of his home and its love for the common people of the church the legacy of Schleiermacher Marburg Lutheran neo Kantianism the eschatological perspective of the History of Religion School dialectical theology and Heidegger s philosophy of existence Bultmann always insisted that God reflected the inner forces of life within each human being Over the years however Bultmann came to hold that Lutheran neo Kantianism provided the basic structure by which to analyze critique and strengthen his understanding of God In light of this neo Kantian structure Bultmann insisted that God could not be the formulation of any scientific ethical or artistic construction In other words God could not be the object or manifestation of human reason in any form since God transcended human reason Hence in 1925 through the assistance of the dialectical theologians and Heidegger Bultmann presented his purest formulation of a neo Kantian understanding of God God as the spontaneous moment of encountering the dialectical forces within our existential being

**The Spinozistic Ethics of Bertrand Russell** Kenneth Blackwell,2012-11-20 Bertrand Russell s professional philosophical reputation rests mainly on his mathematical logic and theory of knowledge This study first published in 1985 however considers Russell s writings on ethics and metaethics and uncovers the conceptual unity in Russell s normative ethic It traces that unity to the influence of Spinoza s central ethical concept the intellectual love of God and then evaluates the ethic which is termed impersonal self enlargement This book provides a positive re evaluation of Russell s status in the major philosophical field of ethics and is welcomed by students of moral philosophy as well as those interested in Bertrand Russell s works

empirical science and neuroscience among other disciplines It focusses especially on implications for higher education school education professional ethics and religion Higher education exploration is on the diminution of the humanities and implications for the range of knowledge needed for future citizenship The work includes a revisioning of higher education s purpose especially the changing role of the doctorate and its examination The focus on school education takes the same pedagogical lens to humanities and social sciences examining values education and religious studies Ethical issues include colonisation and decolonisation especially around the concept of land and ramifications for intercultural studies The ethics and practice of teaching about life and death issues in medical education are explored in light of research in dialogic consensus The religion section includes research on interfaith education especially concerning Islam and eco theological education especially focussed on climate change Contributors are academic colleagues or former doctoral students of Terence J Lovat University Professor Australia UK and Canada whose internationally acclaimed research straddles these areas Many of the contributors hold positions of influence in the academic or professional world while others bring their newly minted doctoral research to the content The intended readership includes academics and doctoral students across education ethics religion social studies ecology health and medicine indigenous studies and international affairs This collection published in honour of Emeritus Professor Terence Lovat provides rich insights into the scope and multidisciplinary depth of his scholarship A philosopher of education whose main work has centred on curriculum theory and values education and ethics in education Lovat s scholarship reminds us that the education of children and young people must be concerned with more than academic attainment In emphasising education as a holistic and moral endeavour one involving hearts and minds Lovat has consistently advocated for the provision of opportunities for young people to extend their horizons beyond the school environment to engage with issues in society that go beyond academic learning Professor Lovat has also made a major and longstanding contribution to the development of Studies of Religion in schools and to the theology and history of Islam and Islamic Education In traversing Lovat s significant and remarkable contributions to education religion and ethics and the links between them this book serves as a testament to a highly esteemed scholar Associate Professor Deborah Henderson Queensland University of Technology Australia

**Purpose in the Universe** Tim Mulgan, 2015-10-22 Two familiar worldviews dominate Western philosophy materialist atheism and the benevolent God of the Abrahamic faiths Tim Mulgan explores a third way Ananthropocentric Purposivism claims that there is a cosmic purpose but human beings are irrelevant to it Purpose in the Universe develops a philosophical case for Ananthropocentric Purposivism that it is at least as strong as the case for either theism or atheism The book borrows traditional theist arguments to defend a cosmic purpose These include cosmological teleological ontological meta ethical and mystical arguments It then borrows traditional atheist arguments to reject a human centred purpose These include arguments based on evil diversity and the scale of the universe Mulgan also highlights connections between morality and metaphysics arguing that evaluative premises

play a crucial and underappreciated role in metaphysical debates about the existence of God and Ananthropocentric Purposivism mutually supports an austere consequentialist morality based on objective values He concludes that by drawing on a range of secular and religious ethical traditions a non human centred cosmic purpose can ground a distinctive human morality Our moral practices our view of the moral universe and our moral theory are all transformed if we shift from the familiar choice between a universe without meaning and a universe where humans matter to the less self aggrandising thought that while it is about something the universe is not about us

**Catholic Moral Tradition, Revised** David Bohr,2006-02-22 Too many Catholics tend to believe that morality is primarily about keeping laws and avoiding sin Catholic Moral Tradition Revised shows how from the beginning the Christian moral life is first and foremost about living our lives according to the new law of grace The gift of the Holy Spirit given us at baptism is a dynamic inner principle that transforms us into a new creation in Christ This book presents an introductory summary of contemporary Catholic moral teaching based upon the renewal mandated by the Second Vatican Council It also incorporates subsequent Church documents especially the moral encyclicals of John Paul II Veritatis Splendor and Evangelium Vitae along with his three encyclicals on Catholic social doctrine and the Catechism of the Catholic Church

Beyond Virtue Ethics Stephen M. Meawad,2023-05-01 A contemporary model of spiritual struggle shifts the emphasis from virtue s acquisition to its pursuit Beyond Virtue Ethics offers a distinctive approach to virtue ethics arguing not simply for the importance of struggle to virtue ethics but that struggle itself is a manifestation of virtue In doing this Stephen M Meawad offers a way of thinking about virtue not simply as a perfected state but as a state that is to a greater or lesser degree a manifestation of the ideal itself which is not attainable Meawad affirms the concept of the unity of virtues that is the idea that a virtue is not a virtue unless united with other perfected virtues which is found in God Insofar as humans grow in unity with God they too participate in the unity of virtues although always to an imperfect extent Meawad rejects a division between ethics and spirituality and provides two concrete examples of this suggested model The first is the application of this model to the body and its implications for contemporary sexual ethics The second is a reintegration of ethics and Scripture through the contemporary application of an ancient Patristic divine reading This book establishes for readers a contemporary model of spiritual struggle defining it as the exertion of effort in all conceivable dimensions physical emotional psychological and intellectual with the intent to attain a semblance of knowledge of and intimacy with Jesus Christ

### **Mystical And Ethical Experience Introduction**

In today's digital age, the availability of Mystical And Ethical Experience books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Mystical And Ethical Experience books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Mystical And Ethical Experience books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you

need to purchase several of them for educational or professional purposes. By accessing Mystical And Ethical Experience versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Mystical And Ethical Experience books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Mystical And Ethical Experience books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Mystical And Ethical Experience books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Mystical And Ethical Experience books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Mystical And Ethical Experience books and manuals for download and embark on your journey of knowledge?
