**Whole Elephant Revealed** Marja de Vries,2012-05-25 The Whole Elephant Revealed offers clear insights into the existence and operation of universal laws and the golden ratio It is a synthesis based on common insights found in all wisdom traditions into the operation of universal laws on the one hand and on cutting edge scientific discoveries that are in line with those insights on the other hand These principles are called universal because they work on all levels of existence apply to everything that exist and create order and harmony in the universe Insights into the operation of the universal laws reveals a whole new worldview It helps us to understand how everything works in the universe who we really are and how we can make conscious choices that are more in line with these universal laws Above all it helps us to understand what works and what doesn't work in the long term Everything that operates in line with the universal laws follows the path of least resistance and is in harmony with the greater whole It makes us realize that while everything in the universe works in harmony with these principles many aspects of our personal life and our Western culture are not in line with the operation of these underlying principles If we choose to act in line with the operation of the universal laws it will go easier will be more in tune with who we really are and more in harmony with the greater whole This choice is hard to make though if we don't know those principles For that reason the rediscovery of the working of these principles seems to be of extreme importance In this time of great changes and global unbalance a growing number of people begin to feel the need for a clear and well founded insight into the universal laws because this gives an understanding of what is needed to restore the balance and harmony in ourselves as well as worldwide Because the nature of these principles is universal they apply to all aspects of our individual and social life Therefore they can be used as a frame of reference for all personal and social transformations which aim at a greater harmony within ourselves and with the greater whole **Be by Design** Christine McKee,2012-05-25 Are

Sadhguru, More Than a Life Arundhathi Subramaniam, 2010 The thirst to be boundless is not created by you it is just life longing for itself Sadhguru This is the extraordinary story of Sadhguru a young agnostic who turned yogi a wild motorcyclist who turned mystic a sceptic who turned spiritual guide Pulsating with his razor sharp intelligence bracing wit and modern day vocabulary the book empowers you to explore your spiritual self and could well change your life It seeks to re create the life journey of a man who combines rationality with mysticism irreverence with compassion ancient wisdom with a provocatively contemporary outlook and a deep knowledge of the self with a contagious love of life Described as a profound mystic visionary humanitarian and prominent spiritual leader of our times he is equally at home in a satsangh in rural Tamil Nadu as at the World Economic Forum in Davos In his early years Jaggi Vasudev or Sadhguru as he is now known was a chronic truant a boisterous prankster and later a lover of motorbikes and fast cars It is evident that the same urgency passion and vitality echo in his spiritual pursuits to this day from his creation of the historic Dhyanalunga the mission of three lifetimes to his approach as a guru In Sadhguru's view faith and reason spirituality and science the sacred and the material cannot be divided into easy binaries He sees people as spiritual beings dabbling with the material rather than the reverse and liberation as the fundamental longing in every form of life Truth for him is a living experience instead of a destination a conclusion or a matter of metaphysical speculation The possibility of self realization he strongly believes is available to all Drawing upon extended conversations with Sadhguru interviews with Isha colleagues and fellow meditators poet Arundhathi Subramaniam presents an evocative portrait of a contemporary mystic and guru a man who seems to pack the intensity and
