

MYTH, METAPHYSICS  
AND DIALECTIC IN  
PLATO'S *STATESMAN*

DAVID A. WHITE

# Myth And Metaphysics

**Michael Seilmaier**

## **Myth And Metaphysics:**

**Myth and Metaphysics in Plato's Phaedo** David A. White, 1989 This study intends principally to isolate and describe the function of myth in the Phaedo in order to show its effect on the complex metaphysics developed throughout the dialogue It further illustrates how these metaphysical concepts structure the dialogue s concluding eschatological myth **Myth and Metaphysics** W.A. Luijpen, 2012-12-06 This book is an attempt to interpret man s religious existence an interpretation for which some of the groundwork was laid by the author s book PHENOMENOLOGY AND ATHEISM Duquesne University Press 2nd impression 1965 That work explored the denial of God by the leading atheists and came to terms with the most typical forms assumed by their denials Nevertheless I am not an adherent of atheism The reason why it is possible to agree with many atheists without becoming one of them is that man can misunderstand his own religiousness or lapse into an inauthentic form of being a believer What many atheists unmask is one or the other form of pseudo religiousness which should be unmasked On the other hand I have also constantly refused to identify religiousness with such inauthentic forms and to define it in terms of those forms just as I refuse to identify the appendix with appendicitis the heart with an infarct the psyche as a disturbance and marriage as a fight The book offered here has been written since the rise of the radical God is dead theology This theology without God has often been presented as the only form of theological thought still suitable for modern man As the reader will notice I reject the brash facility with which some modern men measure the relevance of anything by its modernity **Metaphysics and Ontology Without Myths** Fabio Bacchini, 2014-10-02 Metaphysics and ontology feature among the traditional and fundamental concerns of philosophers Gaining a picture of the world and the kind of objects that exist out there is for most philosophers past and present a preliminary aim upon which other theoretical activities depend In fact it seems that sound conclusions on topics relevant to ethics aesthetics psychology and common and scientific knowledge can be achieved only after one has been given a picture of that sort What is worth stressing though is that from time to time the tribunal of history has managed to put its finger on some flawed conclusions To take a time worn example who would now accept Plato s claim that the spatiotemporal world is just an imperfect copy of a world of abstract objects conceived of as perfect unchanging models of concrete things The picture Plato gave us is nothing but a myth an account which is too far away from what common sense and science could accept too detached from the usual ways of conducting a rational discussion Therefore pictures of this kind appear to be supported by nothing but dogmas i e uncompromising principles taken as true without any previous critical analysis And Plato has no shortage of company Issues of this kind revolving around metaphysics and ontology are tackled in the essays in this volume which approach a secular debate in fresh and original ways providing the necessary tools for clearing the field of unpalatable metaphysical and ontological items *Myth, Metaphysics and Dialectic in Plato's Statesman* David A. White, 2016-04-29 Plato s dialogue The Statesman has often been found structurally puzzling by commentators because of its apparent diffuseness and disjointed

transitions In this book David White interprets the dialogue in ways which account for this problematic structure and which also connect the primary themes of the dialogue with two subsequent dialogues *The Philebus* and *The Laws* The central interpretive focus of the book is the extended myth sometimes called the myth of the reversed cosmos As a result of this interpretative approach White argues that *The Statesman* can be recognized as both internally coherent and also profound in implication the myth is crucial in both regards and as integrally related to the concerns of Plato's later dialogues

**The Rhetorical Sense of Philosophy** Donald Phillip Verene, 2021-07-15 Philosophy and rhetoric are both old enemies and old friends In *The Rhetorical Sense of Philosophy* Donald Phillip Verene sets out to shift our understanding of the relationship between philosophy and rhetoric from that of separation to one of close association He outlines how ancient rhetors focused on the impact of language regardless of truth ancient philosophers utilized language to test truth and ultimately this separation of right reasoning from rhetoric has remained intact throughout history It is time Verene argues to reassess this ancient and misunderstood relationship Verene traces his argument utilizing the writing of ancient and modern authors from Plato and Aristotle to Descartes and Kant he also explores the quarrel between philosophy and poetry as well as the nature of speculative philosophy Verene's argument culminates in a unique analysis of the frontispiece as a rhetorical device in the works of Hobbes Vico and Rousseau Verene bridges the stubborn gap between these two fields arguing that rhetorical speech both brings philosophical speech into existence and allows it to endure and be understood *The Rhetorical Sense of Philosophy* depicts the inevitable intersection between philosophy and rhetoric powerfully illuminating how a rhetorical sense of philosophy is an attitude of mind that does not separate philosophy from its own use of language

[The Myth of Aristotle's Development and the Betrayal of Metaphysics](#) Walter Wehrle, 2000 In this radical reinterpretation of Aristotle's *Metaphysics* Walter E Wehrle demonstrates that developmental theories of Aristotle are based on a faulty assumption that the fifth chapter of *Categories* substance is an early theory of metaphysics that Aristotle later abandoned The ancient commentators unanimously held that the *Categories* was semantical and not metaphysical and so there was no conflict between it and the *Metaphysics* proper They were right Wehrle argues the modern assumption to the contrary is based on a medieval mistake and is perpetuated by the anti metaphysical postures of contemporary philosophy Furthermore by using the logico semantical distinction in Aristotle's works Wehrle shows just how the principal contradictions in *Metaphysics* Books VII and VIII can be resolved The result is an interpretation of Aristotle that challenges mainstream viewpoints revealing a supreme philosopher in sharp contrast to the developmentalists version

*Thinking Through Myths* Kevin Schilbrack, 2002 Embracing a radical balance between myths illusory and functional status these eight outstanding essays from leading academics deconstruct problems of rationality imagination and narrative to trace the influence of myth in our own beliefs

**More Than Allegory** Bernardo Kastrup, 2016-04-29 This book is a three part journey into the rabbit hole we call the nature of reality Its ultimate destination is a plausible living validation of transcendence Each of its three parts is like

a turn of a spiral exploring recurring ideas through the prisms of religious myth truth and belief respectively With each turn the book seeks to convey a more nuanced and complete understanding of the many facets of transcendence Part I puts forward the controversial notion that many religious myths are actually true and not just allegorically so Part II argues that our own inner storytelling plays a surprising role in creating the seeming concreteness of things and the tangibility of history Part III suggests in the form of a myth how deeply ingrained belief systems create the world we live in The three themes myth truth and belief flow into and interpenetrate each other throughout the book *"The" Academy*, 1888 The Mythology of Modern Law Peter Fitzpatrick, 2002-09-11 The Mythology of Modern Law is a radical reappraisal of the role of myth in modern society Peter Fitzpatrick uses the example of law as an integral category of modern social thought to challenge the claims of modernity which deny the relevance of myth to modern society **Criticism of Heaven** Roland Boer, 2007 Why do some of the major Marxists of the twentieth century engage extensively with theology What is the influence on their other work This book explores the intersections between Marxism and theology in the work of Ernst Bloch Walter Benjamin Louis Althusser Henri Lefebvre Antonio Gramsci Terry Eagleton Slavoj Žižek and Theodor Adorno

**Postcolonism: Crit Concepts V3** Diana Brydon, 2023-01-06 First published in 2004 This is Volume III of Postcolonialism part of a series of critical concepts in literary and cultural studies This edition includes part six on Orientalisms part seven on Thinking Working Through Race and part eight which covers Feminisms and Gender Analysis Myth, Ritual, and Religion, Vol 1 Andrew Lang, 1913 When this book first appeared 1886 the philological school of interpretation of religion and myth being then still powerful in England was criticised and opposed by the author In Science as on the Turkish throne of old Amurath to Amurath succeeds the philological theories of religion and myth have now yielded to anthropological methods The centre of the anthropological position was the ghost theory of Mr **Myth and Metaphysics** Daniel Owen Snyder, 2000

*Myth, Ritual and Religion* Andrew Lang, 1901 Jung's Alchemical Philosophy Stanton Marlan, 2022-04-27 Winner of the IAJS Book Award 2023 for Best Theoretical Book Traditionally alchemy has been understood as a precursor to the science of chemistry but from the vantage point of the human spirit it is also a discipline that illuminates the human soul This book explores the goal of alchemy from Jungian psychological and philosophical perspectives Jung's Alchemical Philosophy Psyche and the Mercurial Play of Image and Idea is a reflection on Jung's alchemical work and the importance of philosophy as a way of understanding alchemy and its contributions to Jung's psychology By engaging these disciplines Marlan opens new vistas on alchemy and the circular and ouroboric play of images and ideas shedding light on the alchemical opus and the transformative processes of Jungian psychology Divides in the history of alchemy and in the alchemical imagination are addressed as Marlan deepens the process by turning to a number of interpretations that illuminate both the enigma of the Philosophers Stone and the ferment in the Jungian tradition This book will be of interest to Jungian analysts and those who wish to explore the intersection of philosophy and psychology as it relates to alchemy *Posts and Pasts* Alfred J.

Lopez,2001-05-16 In Posts and Past A Theory of Postcolonialism Alfred J Lopez argues for a formulation of postcolonial studies which diverges in three significant ways from current academic and institutional practices 1 the postcolonial as diasporic constituted by a series of dispersed and irregular criticisms not at all containable within a single set of parameters whether historical geographical or socioeconomic 2 the postcolonial as a distinct ontological moment in the life of a nation or people in which it conceives itself as doubly haunted on the one hand by the memory in advance of a collective national future and on the other by its colonial past and 3 the postcolonial as a distinct phenomenological moment a radical break in the history of a relation between lords and bonds women and men Going further than previous studies to address the postcolonial as a diasporic body of texts and discourses it looks at a remarkable variety of writers Joseph Conrad Wilson Harris Jose Marti Edward Kamau Brathwaite Michelle Cliff J M Coetzee Franz Fanon Gabriel Marquez and Salman Rushdie *Satan and Mara* Boyd,2018-11-13 *Plato and the Invention of Life* Michael Naas,2018-04-03 The question of life Michael Naas argues though rarely foregrounded by Plato runs through and structures his thought By characterizing being in terms of life Plato in many of his later dialogues including the Statesman begins to discover or better to invent a notion of true or real life that would be opposed to all merely biological or animal life a form of life that would be more valuable than everything we call life and every life that can actually be lived This emphasis on life in the Platonic dialogues illuminates the structural relationship between many of Plato s most time honored distinctions such as being and becoming soul and body At the same time it helps to explain the enormous power and authority that Plato s thought has exercised for good or ill over our entire philosophical and religious tradition Lucid yet sophisticated Naas s account offers a fundamental rereading of what the concept of life entails one that inflects a range of contemporary conversations from biopolitics to the new materialisms to the place of the human within the living world **A Propos, Levinas** David Appelbaum,2013-07-02 Rejects Levinas s argument for the preeminence of ethics in philosophy Imagine listening at a keyhole to a conversation with the task of transcribing it and the result may be a text similar to the present one from Part I Stagework In a series of meditations responding to writings by Emmanuel Levinas David Appelbaum suggests that a flawed grammar warrants Levinas to speak of language at the service of ethics It is the nature of performance that he mistakes Appelbaum articulates this flaw by performing in writing the act of the philosophical mind at work Incorporating the voices of other thinkers in particular Levinas s contemporaries Jacques Derrida and Maurice Blanchot sometimes clearly sometimes indistinctly Appelbaum creates on these pages a kind of soundstage upon which illustrations appear of what he terms a rhetorical aesthetic which would reestablish rhetoric rules for giving voice and not ethics as the correct matrix for understanding the otherness and beyond being that Levinas seeks in his work

## Decoding **Myth And Metaphysics**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its power to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Myth And Metaphysics**," a mesmerizing literary creation penned with a celebrated wordsmith, readers set about an enlightening odyssey, unraveling the intricate significance of language and its enduring affect our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.

### **Myth And Metaphysics Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Myth And Metaphysics has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Myth And Metaphysics has opened up a world of possibilities. Downloading Myth And Metaphysics provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Myth And Metaphysics has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Myth And Metaphysics. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Myth And Metaphysics. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Myth And Metaphysics, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Myth And Metaphysics has transformed the way we access

information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

## **FAQs About Myth And Metaphysics Books**

1. Where can I buy Myth And Metaphysics books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Myth And Metaphysics book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Myth And Metaphysics books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Myth And Metaphysics audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media

or recommend them to friends.

9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Myth And Metaphysics books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
