Moore, 2006-02-28 In a realm beset by natural disasters only the magical abilities of the bonded Pairs Source and Shield make the land habitable and keep the citizenry safe The ties that bind them are far beyond the relationships between lovers or kin and last their entire lives Whether they like it or not Since she was a child Dunleavy Mallorrough has been nurturing her talents as a Shield preparing for her day of bonding Unfortunately fate decrees Lee s partner to be the legendary handsome and unbearably self assured Lord Shintaro Karish Sure he cuts a fine figure with his aristocratic airs and undeniable courage But Karish s popularity and notoriety in bed and out make him the last Source Lee ever wanted to be stuck with The duo is assigned to High Scape a city so besieged by disaster that seven bonded pairs are needed to combat it But when an inexplicable force strikes down every other Source and Shield Lee and Karish must put aside their differences in order to defeat something even more unnatural than their reluctant affections for each other Little Myth Marker Robert Asprin, 1987 Jealous opponents of the young magician Skeeve and his

demon mentor hire a top Character Assassin to force them out of business The A to Z of Fantasy Literature Brian Stableford, 2009-08-13 Once upon a time all literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author
