Christie, 2023-11-15 This title is part of UC Press's *Voices Revived* program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 *Voices Revived* makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1970 **John Calvin, Myth and Reality** Amy N. Burnett, 2011-05-11 The chapters in this volume were originally presented as papers at the 2009 colloquium of the Calvin Studies Society held to mark the five hundredth anniversary of John Calvin's birth They offer a fresh evaluation of Calvin's ideas and achievements and describe how others from his contemporaries to the present have responded to or built upon the Calvinist heritage This book dispels popular misperceptions about Calvin and Calvinism allowing readers to make a more accurate assessment of Calvin's importance as a theologian and historical figure Contributions address areas in which Calvin's legacy has been most

controversial or misunderstood such as his attitude toward women his advocacy of church discipline and his understanding of predestination These essays also give a nuanced picture of the impact of Calvinism by taking account of both the positive and negative reactions to it from the early modern period to the present Part 1 Calvin The Man and His Work Part 2 Appeal of and Responses to Calvinism Part 3 The Impact of Calvin's Ideas Myth and Reality, Leonard Glenn Smith, Charles R. Kniker, 1975 Narrative, Social Myth and Reality in Contemporary Scottish and Irish Women's Writing Tudor Balinisteanu, 2009-10-02 This book offers an original interdisciplinary analysis of the relations between myth identity and social reality involving elements of narratology theory linguistics philosophy anthropology and social theory harnessed to support an argument firmly located in the area of literary criticism This analysis yields a fairly extensive reinterpretation of the concept of myth which is applied to the examination of the relationship between narrative and social reality as represented in texts by contemporary Scottish and Irish women writers The main theoretical sources are Mikhail Bakhtin's theories of heteroglossia Jacques Derrida's theories of citationality and Judith Butler's theories of subjectivity The analysis framework developed in the book uses these theories to create a new way of understanding how literary texts change readers worldviews by enticing them to accept alternative possibilities of cultural expression of identity and social order The texts analysed in this book reconfigure naturalised stories that have become normative and constraining in conveying identities and visions of legitimate social orders The book's focus on feminine identities places it alongside feminist analyses of reconstructions of fairy tales myths or canonical stories that establish what counts as legitimate feminine identity Studied here for the first time together the writers whose texts form the interest of this book continue the revisionist work begun by other women writers who engage with the male generated literary philosophical and humanist tradition They share a view of narratives as tools for continually negotiating our identities social worlds and socialisation scenarios While the high level theoretical discourse of the first part of the book requires specialised knowledge the second part of the book offering close readings of the texts is both lively and accessible and should engage the interest of the general reader and academic alike This book is written for all those who are interested in the power words have to hold sway over our inner and outer social worlds Myth and Reality in the Rain Forest John F. Oates, 1999 This book offers a timely clear headed and uniquely important contribution to conservation one that should be read by all bureaucrats scientists and others involved with development projects that supposedly benefit wildlife and wilderness George B Schaller author of *Wildlife of the Tibetan Steppe* Myth and reality of the missionary family Isobel Reid, 2024-06-03 Isobel Reid offers a concise account of the origins establishment and some internal dynamics of the Livingstonia Mission in particular those impacting missionary families as seen through the eyes of a young missionary couple at its Bandawe station This study not only demonstrates a general awareness of the role and initiative of the people of Northern Malawi among whom and with whom the Scottish missionaries lived and worked but also of the specific importance of interpersonal relationships between Scottish and

Malawian women as in the case of Marie Martin and her Tonga women friends Race as the primary dividing line was thus subverted by mutual gender awareness From 1978 Isobel Reid a qualified nurse midwife with her doctor husband and young family lived for 18 months on Ekwendeni CCPA Mission Station before transferring to Mzuzu where Dr Reid was in charge of St John s Roman Catholic Mission Hospital for four further years A consequent academic interest in mission history resulted in an MTh Edinburgh 1999 which provided the basis for this book

Planks of Reason Barry Keith Grant,Christopher Sharrett,2004-09-24 The original edition of Planks of Reason was the first academic critical anthology on horror In retrospect it appeared as a kind of homage to the golden age of the American horror film as this genre played an increasing role in film culture and American life The original material represented the history of the genre through the early 1980s and is a crucial part of the book s value then and now The first edition helped legitimize academic writing on the horror genre by addressing breakthrough works of such directors as John Carpenter Tobe Hooper George Romero David Cronenberg and Wes Craven This revised edition retains the spirit of the original but also offers new takes on rediscovered classics and recent developments in the genre In addition to reprinting 17 essays including Robin Wood s An Introduction to the American Horror Film this revised edition features a new essay on the yuppie horror film by editor Barry Keith Grant as well as an updated analysis of The Texas Chainsaw Massacre by co editor Christopher Sharrett Other new essays focus on William Castle s The Tingler and Roger Corman s Pit and the Pendulum and the recent wave of Japanese horror films Contains more than 60 photos

Philosophy, Religious Studies, and Myth Robert A. Segal, 2014-07-16
Much of the theorizing about myth in philosophy and religious studies grows out of efforts to understand the classics and the Bible In the case of the classics the presence of myth has been taken for granted and conclusions reached about Greek and Roman mythology have spurred generalizations about myth In the case of the Bible however the existence of myth has been contested In fact Judaism and Christianity are regularly praised for their nonmythic outlook Conclusions reached about the presence or absence of myth in either the Hebrew Bible or the New Testament have led to generalizations about myth per se Many of the essays in this volume apply theories of myth to classical biblical and ancient Near Eastern cases but in so doing they draw conclusions about the nature of myth itself Those essays that criticize past applications make generalizations as well By no means has all theorizing about myth from philosophy and religious studies centered on the ancient world and this volume contains selections from theories in both disciplines that stem from reflections on the nature of science language knowledge and reality
