W. Lake,2015-06-26 Excerpt from *The Mythos of the Ark* It is recorded in the Hebrew scriptures that once upon a time somewhere about 2400 years before the Christian era the Creator of the world was so incensed at the wickedness of men that he determined to destroy the whole world and that to effect this destruction he sent a deluge on the earth which covered the tops of the highest mountains so that all living things perished excepting only Noah his wife and his three sons and their wives with pairs or sevens of all the various kinds of animals which Noah was commanded to take with him into an ark or floating house which God had commanded him to build These were shut up in the ark for several months when the flood having abated the ark grounded on the top of a high mountain and its inhabitants released from their temporary imprisonment replenished the earth with a new race of living creatures We have said the Hebrew scriptures record this narrative and Englishmen are taught to believe that these scriptures are the infallible word of God so the clergy of almost all denominations declare them to be It is evident that such an event had it really happened could never have become a legitimate part of history It relates altogether to times that are prehistoric times of which oral tradition alone could tell About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      **Mythos of the Ark** J. **John's Gospel and the Formula Behind the Myth of Jesus** Greg O'Shea,2016-01-01 John s Gospel and the Formula behind the Myth of Jesus is about a set of ideas that largely dictated the form and content of John s Gospel and profoundly influenced the three Synoptic Gospels Far from the simple narrative it seems to be John s Gospel is a highly complex work

geared to the depiction of Jesus as a type of cosmic figure To this end its author draws on astrology the annual cycle of Jewish festivals symbolism taken from the Qabalah and a section of Genesis The book examines clues that Qabalah and Hellenestic astrology were already in existence at the time of writing of Genesis John s Gospel and the Formula behind the Myth of Jesus also looks at evidence that the true nature of John s Gospel has been known for some time **Canaanite Myth and Hebrew Epic** Frank Moore CROSS, Frank Moore Cross, 2009-06-30 Annotation The essays contained in this book are preliminary studies directed toward a new synthesis of the history of the religion of Israel Each study is addressed to a special and in the authors view unsolved problem in the description of Israel s religious development **Lost Tribes of Israel: A Journey of Adventure in History, Myth, and Memory** AJ Carmichael, 2025-08-04 Why do the Lost Tribes Matter The Mystery That Simply Refuses to Die They went into captivity and vanished from the face of the earth but their memory haunts the corridors of time Throughout the annals of sacred scripture imperial conquest and cultural folklore few mysteries have endured with such fierce fascination as that of the Lost Tribes of Israel The idea that ten of the twelve tribes descendants of the patriarch Jacob were scattered absorbed or vanished into the great silence of history has ignited the imaginations of prophets and poets kings and conquistadors rabbis and revolutionaries Their story rooted in ancient scripture and echoing through the chants of distant nations is not merely a tale of disappearance It is a tale of survival transformation and longing For nearly 3 000 years from the dusty roads of Mesopotamia to the stone circles of Ireland voices have whispered that the Lost Tribes were not lost at all but simply hidden waiting to be revealed in some future reckoning

**The Myth of St. Patrick & Christianity in Ireland** George Richards, 2010-12-08 It has been the belief of the Irish people that St Patrick was the missionary that brought Christianity to Ireland however this may have been the case From ancient writings it would appear that Christianity was well established in Ireland hundreds of years before the purported arrival of St Patrick and it is probable that St Patrick is another instance of church propaganda to influence the minds of the people The Great Dionysiak Myth ... Robert Brown, 1878 **Genesis Myth in Beowulf and Old English Biblical Poetry** Joseph St. John, 2024-07-31 Genesis Myth in Beowulf and Old English Biblical Poetry explores the adaptation of antediluvian Genesis and related myth in the Old Testament poems Genesis A and Genesis B as well as in Beowulf a secular heroic narrative The book explores how the Genesis poems resort to the Christian exegetical tradition and draw on secular social norms to deliver their biblically derived and related narratives in a manner relevant to their Christian Anglo Saxon audiences In this book it is suggested that these elements work in unison and that the two Genesis poems function coherently in the context of the Junius 11 manuscript Moreover the book explores recourse to Genesis derived myth in Beowulf and points to important similarities between this text and the Genesis poems It is therefore shown that while Beowulf differs from the Genesis poems in several respects it belongs in a corpus where religious verse enjoys prominence **Myth Analyzed** Robert A. of myth from the social sciences and the humanities This ambitious collection of essays uses the viewpoints of a variety of disciplines psychology anthropology sociology politics philosophy religious studies and literature Each discipline advocates a generalization about the origin the function and the subject matter of myth The subject is always not what makes any myth distinct but what makes all myths myth The book is divided into five sections covering topics such as myth and psychoanalysis hero myths myth and science myth and politics and myth and the physical world Chapters engage with an array of theorists among them Freud Jung Campbell Rank Winnicott Tylor Frazer Malinowski Levy Bruhl Levi Strauss Harrison and Burkert The book considers whether myth still plays a role in our lives is one of the issues considered showing that myths arise anything but spontaneously They are the result of a specific need which varies from theory to theory This is a fascinating survey by a leading voice in the study of myth As such it will be of much interest to scholars of myth and how it interacts with Sociology Anthropology Politics and Economics     Myth and Legend of Ancient Israel Angelo Solomon Rappoport, 1928
