Olson,2012-07-04 Listening Point tells of what I have seen and heard on a bare glaciated spit of rock in the Quetico Superior country Each time I have gone there I have found something new that has opened up whole realms of thought and interest From it I have glimpsed the immensity of space and at times the grandeur of creation I believe that I have experienced there one of the oldest satisfactions of man when as he gazed upon the earth and sky he sensed the first vague glimmerings of meaning in the universe I know that while we were born with curiosity and wonder and our early years are full of the adventure they bring such inherent joys are often lost I also know that being deep within us their latent glow can be fanned to flame again by awareness and an open mind Listening Point is dedicated to rekindling that flame by capturing this almost forgotten sense of wonder and learning from
