Not Soldiers All:

We're Not Soldiers Robert Nelson, Ronald Nelson, 2022-01-15 Imagine a world where the COVID 19 virus turned out to be something much worse a modern plague of biblical proportions In a little farming town in Oregon John Fide and his family find themselves in just such a scenario One terrible day John finds himself surrounded by death and the entire world is devastated by the modern day plague The majority of the population throughout the world has been taken by the plague Inexplicably John and his family seem immune to the plague Suddenly all the things that John and his family had relied on are useless money credit cards cell phones and computers The whole infrastructure of society is gone Soon there is no electricity and water no longer flows through the faucets There is no longer a government there are no police or emergency personnel that can be called upon for help Now John and his family can only rely on themselves their faith and their own ingenuity to survive However as if the struggle to survive after the plague is not enough there is a growing evil on the horizon that is threatening to take away all that they have built threatening even to take their lives Through triumph and tragedy and a little help from above John must find a way to protect those he loves while holding on to his faith his humor his integrity and his sanity in a dog eat dog world ,
