Operation Starseed:

Operation Starseed J.M. Snyder, 2010-06-11 Neal James is a space station navigator whose lover Dylan Teague left him for a starmapping mission. But when Dylan radios in a distant signal one night Neal discovers that he hasn't managed to put the relationship behind him in the two months they've been apart. When he's one of the crew members sent to investigate the signal, he finds that his ex-lover feels the same. The source of the signal is a lost colony ship. Only a handful of the original colonists remain survivors of a deadly disease that killed most of their fellow shipmates twenty years ago. To keep the threat of disease to a minimum, the colony adheres to strict laws, including the prohibition of same-sex relationships. When the same fatal virus seems to appear again, Neal and Dylan find themselves in the midst of an irrational panic and hate that threatens to destroy everything the colonists have worked so hard to attain.

first to fully map out the history of alien interaction with the Earth past present and into the near future Extending the work of noted researchers such as Erich Von Daniken and Zecharia Sitchin the book series goal is to show its readers the extensive repercussions this interaction has had on life on this planet especially its formative role in the global conspiracy known as the New World Order Starseeds What's It All About? Alexander Quin,2022-06-03 In the 1960s legendary hypnotherapist Dolores Cannon began working with patients who had smoking and eating issues When taken deep into their subconscious a surprising thing happened No matter their class creed or religion clients from all over the world kept saying the same thing I came here to raise Earth s vibration Upon returning to full consciousness this was something of a confusion to people at the time especially prior to crossing the great marker in 2012 when earth moved into a much higher photonic area of the cosmos changing the magnetics and many other elements that trigger our DNA and consciousness This book acts as a 360 dot connector giving a beginner to master level explanation of the Starseed phenomenon which is currently exploding globally and where it has developed to since It links together various information and insights spiritually metaphysically and scientifically so that the phenomenon can be broken down into disparate parts and understood from a very unique vantage point as a connected whole This book offers the why who how when and where For a very long time humanity has been kept in the dark about its spiritual and cosmic inheritance Who would do such a thing and what would they gain from such an endeavour In an age of lies everything has become a conspiracy theory and the truth is far stranger than fiction We are not having a global awakening but a remembrance of who we really are a return to our true selves We are from the stars and we are not alone *Star Seed Awakening* Barry E Woodham,2014-04-01 The Collective had evolved at the very dawn of time and now it had found a way to propagate by building a gigantic tree entity which could spread its seeds to new worlds far across the universe The Velociraptors of Haven have acquired a Spellbinder enabling them to explore parallel universes Having found a dinosaur dominated Earth copy they encounter one of the tree entity s seed capsules at the end of its billion year journey Through its seeds the Collective has mindlessly begun to enslave all life on the planet and to direct evolution Now for the first time it has found intelligent life the Raptors which promises to bring it the power of awareness Now Peterkin the High King is faced with a terrifying problem If the Collective can learn how to manipulate the space time Rifts that separate the worlds from each other it will spread its seeds to all the parallel Earths in the multiverse dominating all life Can he prevent this and what price will he have to pay **The Soul Remembers** Carlos Warter,1992-06-01 A Parable on Spiritual TransformationWhat is the purpose of human life Who am I What is the reality of this world I find myself in Why do I find myself in the midst of certain troublesome circumstances Who among us has not pondered some of these questions at times On the outermost level this book is a teaching metaphor similar to those used in all sacred traditions But behind the parable is cosmic perspective on essence individuality and relationships There is a view of human purpose soul design and divine direction that leads to a new look at the origin of suffering healing and the evolutionary dimensional shift Through the

voices of archetypes of consciousness the book subliminally explores paths to power love beauty strength and mysticism It moves through different dimensions of reality while simultaneously focusing on the mental emotional and physical aspects of life as instruments of expression that can be tuned to a higher purpose The Soul Remembers is the expression of a spiritual journey that has assisted thousands in their own processes of self remembrance encouraging them to live more deeply and become personally responsible for cocreating heaven on earth
