Pioneer Of Sociology The Life And Letters Of Patrick Geddes:

Pioneer of Sociology. The Life and Letters of Patrick Geddes. [With Plates, Including Portraits.]. Philippe Auguste MAIRET,1957 **Pioneer of Sociology** Philip Mairet,1957 **Pioneer of Sociology, the Life and Letters of Patrick Geddes, by Philip Mairet. [Foreword by Sir William Holford. Introduction by Arthur Geddes.].** Philip Mairet,Arthur Geddes,Sir William Holford,1957 **Patrick Geddes's Intellectual Origins** Murdo Macdonald,2020-02-03 No detailed description available for Patrick Geddes s Intellectual Origins *Patrick Geddes and Town Planning* Noah Hysler-Rubin,2013-12-16 Patrick Geddes is considered a forefather of the modern urban planning movement This book studies the various and even opposing ways in which Geddes has been interpreted up to this day providing a new reading of his life writing and plans Geddes scrutiny is presented as a case study for Town Planning as a whole Tying together for the first time key concepts in cultural geography and colonial urbanism the book proposes a more vigorous historiography exposing hidden narratives and past agendas still dominating the disciplinary discourse Written by a cultural geographer and a town planner this book offers a rounded full length analysis of Geddes vision and its material manifestation functioning also as a much needed critical tool to evaluate Modern Town Planning as an academic and practical discipline The book also includes a long overdue model of his urban theory **A Bibliography of British History, 1914-1989** Keith Robbins,American Historical Association,Royal Historical Society (Great Britain),1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index **The City of Collective Memory** M. Christine Boyer,1994 Describes the visual and mental models by which urban environment has been recognized depicted and planned This analysis draws from geography critical theory architecture literature and painting to identify these maps of the city as a work of art as panorama and as spectacle **The Planning and Building of the Hebrew University, 1919-1948** Diana Dolev,2016-03-08 Since the construction of the first Holy Temple on Mount Moriah in Jerusalem in 957 BCE the site became one of the holiest places for Jews Christians and Muslims around the world Once the Dome of the Rock was built during early Islam the edifice replaced the temple and for centuries pilgrims travelers and locals would climb up to the Mount Scopus summit for the magnificent view it afforded Hence planning and building an institute of national importance on Mount Scopus could not disregard the implications of that view of the Temple Mount in terms of beauty religious sentiments and the link to a historic golden age The Planning and Building of the Hebrew University 1919 1948 Facing the Temple Mount traces for the first time the history of the construction of this highly significant Zionist enterprise It follows the years of the British Mandate rule over Palestine bookended between the Ottoman Empire government and Israel s independence an era of great changes in the area Jerusalem in particular In the three decades between 1919 and 1948 five different master plans were drawn up for the university though none of them were fully

implemented Only seven buildings were designed and fully completed Each plan and building presented an interpretation of a university conception that also related to prevailing styles and ideological trends Underlying each one were intricate power struggles donors wishes and architectural concerns Internationally famous town planners and architects such as Patrick Geddes and Erich Mendelsohn took part in designing the campus The book also reveals comparatively unknown architects and their contribution to the campus *Lewis Mumford, a Life* Donald L. Miller, 2002 Malcolm Cowley called Lewis Mumford the last of the great humanists and indeed in more than six decades of writing Mumford made contributions to history philosophy literature art architectural criticism and urban planning The author of some thirty books Mumford produced a body of work almost unequaled in the twentieth century for its range and richness A New York Times Notable Book Donald Miller's engagingly written biography reveals Mumford's full and fascinating life Based on ten years of research and unprecedented access to original and private papers Miller penetrates Mumford's reserved public persona and takes in the complete man his works as well as his days as he struggles to transform the world and his own life in decades marked by unparalleled change Miller is an excellent critical guide to Mumford's voluminous writing The New Yorker A gracefully written biography Francesca McKeon San Francisco Chronicle With this large large spirited life of Lewis Mumford Miller takes his place in the first rank of contemporary American biographers David McCullough **The Radical and Socialist Tradition in British Planning** Duncan Bowie, 2018-03-12 Focusing on the key period between the late 18th century and 1914 this book provides the first comprehensive narrative account of radical and socialist texts and organised movements for reform to land planning and housing policies in Britain Beginning with the early colonial settlements in the puritan and enlightenment eras it also covers Benthamite utilitarian planning Owenite and utopian communitarianism the Chartists late Chartists and the First International Christian socialists and positivists working class and radical land reform campaigns in the late 19th century Garden City pioneers and the institutionalisation of the planning profession The book in effect presents a prehistory of land planning and housing reform in the UK in contrast with most historiography which focuses on the immediate pre World War I period Providing an analysis of different intellectual traditions and contrasting middle class led reform initiatives with those based on working class organisations the book seeks to relate historical debates to contemporary themes including utopianism and pragmatism the role of the state the balance between local initiatives and centrally driven reforms and the interdependence of land housing and planning
