**Boy Bands and the Performance of Pop Masculinity** Georgina Gregory, 2019-04-03 Boy Bands and the Performance of Pop Masculinity provides a history of the boy band from the Beatles to One Direction placing the modern male pop group within the wider context of twentieth and twenty first century popular music and culture Offering the first extended look at pop masculinity as exhibited by boy bands this volume links the evolving expressions of gender and sexuality in the boy band to wider economic and social changes that have resulted in new ways of representing what it is to be a man The popularity of boy bands is unquestionable and their contributions to popular music are significant yet they have attracted relatively little study This book fills that gap with chapters exploring the challenges of defining the boy band phenomenon its origins and history from the 1940s to the present the role of management and marketing the performance of gender and sexuality and the nature of fandom and fan agency Throughout the author illuminates the ways in which identity politics influence the production and consumption of pop music and shows how the mainstream pop of boy bands can both reinforce and subvert gender and class hierarchies

**The Face on Film** Noa Steimatsky, 2017-01-03 The human face was said to be rediscovered with the advent of motion pictures in which it is often viewed as expressive locus as figure and even as essence of the cinema But how has the modern technological mass circulating art revealed the face in ways that are also distinct from any other medium How has it altered our perception of this quintessential incarnation of the person The archaic powers of masks and icons the fashioning of the individual in the humanist portrait the modernist anxieties of fragmentation and de figuration these are among the cultural precedents informing our experience in the movie theatre Yet the moving image also offers radical new confrontations with the face Dreyer s *Passion of Joan of Arc* Donen s *Funny Face* Hitchcock s *The Wrong Man* Bresson s enigmatic *Au hasard* Balthazar Antonioni s *Screen Test* Warhol s filmic portraits of celebrity and anonymity are among the key works explored in this book In different ways these intense encounters manifest a desire for transparency and plenitude but especially in post classical cinema they also betray a profound ambiguity that haunts the human countenance as it wavers between image and language between what we see and what we know The spectacular impact of the cinematic face is uncannily bound up with an opacity a reticence But is it not for this very reason that like faces in the world it still enthralls us

**The Pop Image** Judith Goldman, 1994 **Swinging City** Simon Rycroft, 2016-03-09 This book works with two contrasting imaginings of 1960s London the one of the excess and comic vacuousness of Swinging London the other of the radical and experimental cultural politics generated by the city s counterculture The connections between these two scenes are mapped looking firstly at the spectacular events that shaped post war London then at the modernist physical and social reconstruction of the city alongside artistic experiments such as Pop and Op Art Making extensive use of London s underground press the book then explores the replacement of this seemingly materialistic image with the counterculture of underground London from the mid 1960s *Swinging City* develops the argument that these disparate threads cohere around a

shared cosmology associated with a new understanding of nature which differently positioned humanity and technology The book tracks a moment in the historical geography of London during which the city asserts itself as a post imperial global city Swinging London it argues emerged as the product of this recapitalisation by absorbing avant garde developments from the provinces and a range of transnational mainly transatlantic influences *Pop Culture in Asia and Oceania* Jeremy A. Davisson, 2008 This book is requisite reading material for any person claiming to be an educated and informed member of the global community Our understanding in the West of the Eastern cultures specially the different cultures involving the Muslims is alarmingly low The book strives to offer a view from the ground a keyhole perspective that offers the readers a close and personal peek into some of the ethical underpinnings and the philosophical guiding parameters that inform the Muslim and the Eastern mind

There are over 1.3 billion Muslims in the world. It would be a serious intellectual fallacy to assume that they are all homogenous or to be more preposterous assume they are all terrorists. It is extremely tragic that it took the Iranian hostage crisis to teach us about Shia Islam and 9/11 to teach us about Wahabi Islam. Properly acquired knowledge, not just what we learn from the media, will allow us to be anticipatory and rational rather than being reactive and emotional. For the Muslim reader, specially the children and the youth, the book strives to offer a deeper understanding of Islam beyond the boundaries of ritual Islam into the wide open space of spiritual and intellectual Islam. To inspire them to appreciate and live up to the wonderful legacy of Islam and not to be mired down into some deviant interpretations of people with questionable motives. The book is designed to encourage the process of tearing down walls and building bridges. We share common dreams, aspirations and challenges. We share a common globe and a common destiny. The author believes that there are no clashes of civilizations, just clashes of ignorance and misunderstanding.

**Into the Blue** Mark Spaid, 2012-05 Newspaper reporter Justin Weaver had originally hoped to use his job at the small town Bloomington Times as a springboard to something bigger. But after a couple years on the job, dreams of moving to New York or Chicago seem as far away as ever, especially when his newest assignment is covering a memorial service in the rural village of Masontown. A heroic war veteran and county sheriff for fifty years, Alvin Pop McDaniel, Masontown's legendary local hero, was a friend and benefactor to all. Justin is sure the story will be straightforward, but things get complicated when his girlfriend and fellow reporter Belinda Fanelli shows up to rock the boat, and Belinda rocks it well. As he researches the story and the memorial ceremony unfolds, Justin has a funny feeling. He suspects Pop wasn't as perfect as everyone thinks he was. With the help of Belinda and their inside source, Andy Kline, a local reporter who proves to be a useful ally, Justin goes on a thorough hunt for the truth. However, digging through the life of a dead man can be dangerous, especially if the dead man had something to hide.
