

The Social Dimension of the European Union

Innovative Methods for Advancing Integration

MONICA THRELFALL

Loughborough University, UK

ABSTRACT Regional integration processes can learn from the particularities of the European Union's social dimension, despite its apparent inconsistencies and *ad hoc* form of development. The article provides a comprehensive retrospective overview of developments, and pays particular attention to the political and technical procedures adopted for progressing social policy. It argues that a regional integration process in a wide range of social fields has developed in the EU despite facing dissent and dilemmas for over 50 years. It claims that the EU now enjoys a working and workable apparatus of policies, practices and laws in a broad social dimension, that are not only far more extensive than first envisaged in the Treaty of Rome, but are also destined to expand further. In particular, the article moves beyond previous accounts in arguing that procedural complexity has been an intrinsic and creative part of the social dimension to European integration.

KEYWORDS *European Union, integration methods, social policy*

Introduction

Social policy has gained international prominence and it is now considered appropriate for regional groupings of countries to develop cross-border regional redistribution, regulation of the movement of labour, and mechanisms for the articulation of social and labour rights (Yeates and Deacon, 2006: 3). Regionalism provides a constructive alternative to the limitations and problems associated with both the bilateral and global modes of international socio-economic redistribution and provision of rights (Yeates and
