Population Factor Movements And Economic Development:

Population, Factor Movements and Economic Development Brinley Thomas, 1976 Monograph of economic research essays in homage to professor brinley thomas on his seventieth birthday on economic growth population growth and factor movements in OECD countries includes diagrams graphs references and statistical tables Festschrift brinley t **The Institutional Context of Population Change** Fred C. Pampel, 2010-04-15 Despite having similar economies and political systems high income nations show persistent diversity In this pioneering work Fred C Pampel looks at fertility suicide and homicide rates in eighteen high income nations to show how they are affected by institutional structures European nations for example offer universal public benefits for men and women who are unable to work and have policies to ease the burdens of working mothers The United States in contrast does not This study demonstrates how public policy differences such as these affect childbearing among working women moderate pressures for suicide and homicide among the young and old and shape sex difference in suicide and homicide The Institutional Context of Population Change cuts across numerous political and sociological topics including political sociology stratification sex and gender and aging It persuasively shows the importance of public policies for understanding the demographic consequences of population change and the importance of demographic change for understanding the consequences of public policies **Regional Demographic Development** John Hobcraft, Philip Rees, 2017-09-05 Originally published in 1979 This volume brings together the work of distinguished demographers geographers statisticians and policy makers who look in detail at various mechanisms by which regional population structures develop The introduction deals with a synthesis of the area covered in the book and this is followed by the four major sections of population history fertility migration and population projections The book provides the reader with a comprehensive and unique picture of regional populations and demographic development viewed from a variety of temporal and methodological perspectives and will be of considerable value to all those connected with population studies and regional studies *Ethnic Factors and the Movement of Population* John Cummings (Ph. D.), 1900 *Equity Index Construction and Research on Wealth Gap* Xiaohuang Zhu, Song Lin, 2019-08-09 This book constructs a Chinese Social Equality Index the Mongoose Social Equality Index with the wealth gap index as its core and the legal equality index the socio cultural equality index and the financial equality index as its supplement The book focuses on the influence of the wealth gap on economic and social issues Empirical research shows that there are three turning points in the influence of the wealth gap index on economic growth discrepancy turning point golden turning point and destructive turning point Based on the latest data the current expected wealth gap index in China has surpassed the destructive point This means that wealth brought about by economic growth will largely go to the rich which aggravates inequality and even brings forth a potential economic recession Meanwhile the index also indicates that as the Chinese economy develops social equality has been on a noticeable decline This book will be of interest to economists China watchers and political scientists *The Dynamics of*

Cities Dimitrios Dendrinos,2002-09-26 Drawing on recorded evidence this book argues that simple general and powerful macrodynamic processes guide the growth and decline of present day urban agglomerations as well as cities of the past

Sir Hans Singer D. Shaw,2002-06-25 This is the first biography of a world famous pioneering development economist Sir Hans W Singer who is better known throughout the developing world than any other economist living or dead It gives a detailed account of the way in which the twists of fate led him to becoming a leading development economist It contains a thematic synthesis of all his major theoretical and conceptual work and of the many initiatives in which he has been involved to solve the problems of developing countries

Proceedings of the Colloquium "Population Movements, Economic Development and Family Change" Jamilah Ariffin,1992 Unknowledge and

Choice in Economics Stephen F. Frowen, 1990-06-18 A collection of papers discussing unknowledge and choice in economics. The topics focus especially on G. L. S. Shackle's theories and his place in subjectivist thought but also include time choice and dynamics in economics and interest rates and investment decisions.

Urbanization and Urban Planning in Capitalist Society Michael Dear, Allen Scott, 2018-06-12 Originally published in 1981. Urbanization and Urban Planning in Capitalist Society is a comprehensive collection of papers addressing urban crises. Through a synthesis of current discussions around various critical approaches to the urban question, the book defines a general theory of urbanization and urban planning in capitalist society. It examines the conceptual preliminaries necessary for the establishment of capitalist theory and provides a theoretical exposition of the fundamental logic of urbanization and urban planning. It also provides a detailed discussion of commodity production and its effects on urban development.

International Development Co-operation H. Singer, 2001-06-26 As one of the most pioneering development economists, Hans Singer has stimulated many of the ideas that have engaged the attention of the world community for several decades. Not only has he helped to form an understanding of the problems of developing countries but he has also shown what might be done to solve them. This collection brings together for the first time key essays on the issues underlying food aid and the development of the UN. These are grouped into five areas: postwar development experience, reform of the United Nations, debt and debt servicing, structural adjustment and stabilization, and food aid.

War and Social Change Harold L. Smith, 1986

Business, Time and Thought G. L. S. Shackle, 2016-01-03 Economics is as wholly entangled with time as is history. It is within this framework that Professor Shackle takes a critical look at business decisions and in so doing brings the philosophical problems right into the market place.

A Bibliography of British History, 1914-1989 Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996. Containing over 25,000 entries, this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century. Accessibly arranged by theme, with helpful introductions to each chapter, a huge range of topics is covered. There is a comprehensive index.

Economics as an Art of Thought Peter Earl, S. Frowen, 2013-04-15 This volume unites scholars from all over the world and with very different theoretical perspectives. Their chapters probe into typical Shackleian themes of time and money, uncertainty and expectation, and into the roots of G. L. S. Shackle's philosophical and methodological stance.

Population Economics Assaf Razin, Efraim Sadka, 1995. From Malthus to Becker, the economic approach to population growth and its interactions with the surrounding economic environment has undergone a major transformation. Population Economics elucidates the theory behind this shift and the consequences for economic policy. Razin and Sadka systematically examine the microeconomic implications of people's decisions about how many children to have and how to provide for them, on population trends and social issues of population policy. The authors analyze how these decisions affect labor supply, consumption, savings, and bequests, investments in human capital, and economic growth, along with related new issues such as migration and income redistribution across generations in an

integrated microeconomic framework Population Economics is a thoroughly modern treatment of population economics as a field in public economics It integrates and extends Marc Nerlove's Household and Economy Welfare Economics of Endogenous Fertility as well as work written jointly with colleagues that has appeared in various journals and other publications
