Bowker Publishing, 1996-09 **Subject Guide to Books in Print**, 1997 *Books in Print*, 1991 **Forthcoming Books** Rose Army, 1995-02 **Porsche 928** Brian Long, 2009 The 928 was originally designed as a replacement for the legendary 911 although traditionalists wouldn't let the air-cooled machine die and the fuel crisis that occurred soon after the new Grand Tourer was launched meant its stunning performance on the road would not be matched in the showrooms. There was hardly a bad word written about the 928 or the beautifully engineered V8 that powered it when it was new yet it always seemed to be in the shadow of its older six-cylinder stablemate. Today over a decade since the last car was built interest in this magnificent Porsche is increasing as people start to judge it in a different light. This painstakingly researched book looks at the birth of the 928 and then follows its progress around the world taking in all the variants in all major markets as well as a peak at its racing exploits.
