Portable Modernisms Emily Ridge, 2017-06-23 Luggage is an overlooked detail in the stock sketch of the expatriated modernist writer from the valise fashioned desks of both James Joyce and Vladimir Nabokov to the lost manuscript laden cases of Ernest Hemingway and Walter Benjamin While the trope of modernist exile has long been spotlighted little attention has been given to the material meaning of this condition What things and objects do modernism's exiles and emigres carry with them and how does the act of carriage enter into the modernist picture more broadly What are the implications and historical resonances of a portable outlook particularly from the angles of gender wartime conflict and character conception Above all how far does such an outlook impact upon artistic vision Portability represents the simultaneous transportation and repudiation of domesticity and the home those key frames of reference in the nineteenth century novel This book examines the multifarious ways in which the emergence of a modern culture of portability prompts a radical if often problematic departure from Victorian architectural conceptions of fiction towards more movable understandings of form and character

The Preachers of Culture (1975) Margaret Mathieson, 2023-01-06 Published in 1975 Margaret Mathieson has drawn on her experience both in schools and in the training of English teachers to relate the discussions and writings of the previous two centuries to the debate probably livelier than ever before among English practitioners about the role of their subject Of all subjects English can be the most stimulating and also the most problematic In order to assess the continual discussion and controversy about English its nature purpose and place in the curriculum an understanding of its development as a subject and its entry into the teaching timetable is invaluable For over a hundred and fifty years educators have been making different claims for English as a subject in school and higher education This book contains a careful clear examination of the conflicting views of these preachers of culture on the four main activities within English literature creativity discrimination and classroom discussion

These preachers were in Matthew Arnold's words to have a hard time of it as English struggled to establish itself at every stage of the subject's growth urgent demands have been made for teachers with exceptional qualities to undertake the heavy responsibilities of English in the classroom and it can be seen from this study that an over abundance of advice often contributed to the dilemmas and tensions among the teachers themselves and between English and other subjects The final section of the book is concerned less with making recommendations than with drawing conclusions from the evidence of the past It shows that generations of writers on English teaching from Culture and Anarchy to Stepney Words provide vital insights into the state of the subject today

The Flame of Eternity Krzysztof Michalski, 2013-12-26 The Flame of Eternity provides a reexamination and new interpretation of Nietzsche's philosophy and the central role that the concepts of eternity and time as he understood them played in it According to Krzysztof Michalski Nietzsche's reflections on human life are inextricably linked to time which in turn cannot be conceived of without eternity Eternity is a measure of time but also Michalski argues something Nietzsche viewed first and foremost as a physiological concept having to do with the body The body ages and decays involving us in a confrontation with our eventual death It is in relation to this brute fact that we come to understand eternity and the finitude of time Nietzsche argues that humanity has long regarded the impermanence of our life as an illness in need of curing It is this pathology that Nietzsche called nihilism Arguing that this insight lies at the core of Nietzsche's philosophy as a whole Michalski seeks to explain and reinterpret Nietzsche's thought in light of it Michalski maintains that many of Nietzsche's main ideas including his views on love morality beyond good and evil the will to power overcoming the suprahuman or the overman as it is infamously referred to the Death of God and the myth of the eternal return take on new meaning and significance when viewed through the prism of eternity
