The Cambridge Companion to English Novelists Adrian Poole, 2009-12-10 In this Companion, leading scholars and critics address the work of the most celebrated and enduring novelists from the British Isles, excluding living writers among them: Defoe, Richardson, Sterne, Austen, Dickens, the Brontës, George Eliot, Hardy, James, Lawrence, Joyce, and Woolf. The significance of each writer in their own time is explained, the relation of their work to that of predecessors and successors explored, and their most important novels analysed. These essays do not aim to create a canon in a prescriptive way, but taken together they describe a strong, developing tradition of the writing of fictional prose over the past 300 years. This volume is a helpful guide for those studying and teaching the novel and will allow readers to consider the significance of less familiar authors such as Henry Green and Elizabeth Bowen alongside those with a more established place in literary history.

The Portable Chaucer Geoffrey Chaucer, 1977-05-26 In the fourteenth century, Geoffrey Chaucer, who served three kings as a customs official and special envoy, virtually invented English poetry. He did so by wedding the language of common speech to metrical verse, creating a medium that could accommodate tales of courtly romance, bawdy fabliaux, astute psychological portraiture, dramatic monologues, moral allegories, and its author's astonishing learning in fields from philosophy to medicine and astrology. Chaucer's accomplishment is unequalled by any poet before Shakespeare, and in *The Canterbury Tales* and *Troilus and Cressida* ranks with that of the great English novelists. Both *The Canterbury Tales* and *Troilus and Cressida* are presented complete in this anthology in fresh

modern translations by Theodore Morrison that convey both the gravity and gaiety of the Middle English originals The Portable Chaucer also contains selections from The Book of Duchess The House of Fame The Bird s Parliament and The Legend of Good Women together with short poems Morrison s introduction is vital for its insights into Chaucer as man and artist and as a product of the Middle Ages whose shrewdness humor and compassion have a wonderfully contemporary ring

Portable Modernisms Emily Ridge,2017-06-23 Luggage is an overlooked detail in the stock sketch of the expatriated modernist writer from the valise fashioned desks of both James Joyce and Vladimir Nabokov to the lost manuscript laden cases of Ernest Hemingway and Walter Benjamin While the trope of modernist exile has long been spotlighted little attention has been given to the material meaning of this condition What things and objects do modernism s exiles and emigres carry with them and how does the act of carriage enter into the modernist picture more broadly What are the implications and historical resonances of a portable outlook particularly from the angles of gender wartime conflict and character conception Above all how far does such an outlook impact upon artistic vision Portability represents the simultaneous transportation and repudiation of domesticity and the home those key frames of reference in the nineteenth century novel This book examines the multifarious ways in which the emergence of a modern culture of portability prompts a radical if often problematic departure from Victorian architectural conceptions of fiction towards more movable understandings of form and character

Mid-Century Romance John T. Connor,2024-09-13 Mid Century Romance chronicles a revival of the historical novel in the middle decades of the twentieth century in the cultures of British modernism and international communism Born of a national turn in world politics these novels met the turbulence of mid century history with narratives of national becoming roadmaps to situate their readers in the pattern of social change Their writers were often mindful of the genre s romantic era heritage they saw themselves as following in the footsteps of Sir Walter Scott and they drew on the same rescued remains of primitive poetry and popular antiquities that romanticism first used to construct its versions of national identity culture and tradition This book shows how the impulse to salvage traces of ancestral culture and press them to new purpose links the mid century national historical novel to the rise of radical social history and magical realism Post war anticommunism shaped a tradition of the novel as a preserve of art and the individual Mid Century Romance counters with a different genealogy of the British and world novel whose object is society and the future of community the nation and its people It situates its cast of British writers including the modernists Hope Mirrlees and Virginia Woolf the communists Jack Lindsay and Sylvia Townsend Warner the eccentric modernist and sometime fellow traveller John Cowper Powys and the New Left luminary Raymond Williams in a transnational perspective that reaches from Bihar India to Bahia Brazil [Dante to Dead Man Walking](#) Raymond A. Schroth,2002-10 In this award winning book now in paperback Schroth discusses fifty works from books of the Old Testament to contemporary works that challenge the social conscience and raise moral and religious issues in a provocative way **The Writer's Portable Mentor** Priscilla Long,2018-09-15 Designed to mentor writers at all levels from

beginning to quite advanced The Writer's Portable Mentor offers a wealth of insight and crafting models from the author's twenty plus years of teaching and creative thought The book provides tools for structuring a book story or essay It trains writers in observation and in developing a poet's ear for sound in prose It scrutinizes the sentence strategies of the masters and offers advice on how to publish This second edition is updated to account for changes in the publishing industry and provides hundreds of new craft models to inspire guide and develop every writer's work

Postmodern Fiction and the Break-Up of Britain Hywel Dix, 2011-11-03 This study explores how British identity has been explored and renegotiated by contemporary writers It starts by examining the new emphasis on space and place that has emerged in recent cultural analysis and shows how this spatial emphasis informs different literary texts Having first analysed a series of novels that draw an implicit parallel between the end of the British Empire and the break up of the unitary British state the study explores how contemporary writing in Northern Ireland Scotland and Wales contributes to a sense of nationhood in those places and so contributes to the break up of Britain symbolically Dix argues that the break up of Britain is not limited to political devolution in Northern Ireland Scotland and Wales It is also an imaginary process that can be found occurring on a number of other conceptual coordinates Feminism class regional identities and ethnic communities are all terrains on which different writers carry out a fictional questioning of received notions of Britishness and so contribute in different ways to the break up of Britain
