Mary Edwards Bryan Canter Brown Jr., Larry Eugene Rivers, 2015-10-28 The publication of *Manch* in 1880 marked the beginning of Mary Edwards Bryan's rise to prominence as one of nineteenth century America's best known writers of mass market fiction At a time when women were discouraged from having jobs of their own she made a name for herself as a thoughtful and well paid editor Despite her cultivated image as editor of *Fashion Bazar* and *Sunny South* Bryan's early life was fraught with obstacles In this finely crafted literary biography Canter Brown Jr and Larry Eugene Rivers examine Bryan's formative years in Florida Georgia and Louisiana pairing historical insights with selections of her best writing to illustrate how the obstacles she overcame shaped what she wrote She grew up on a frontier plantation and later lived through the upheavals of secession and war disruptive affairs with authors and politicians the tensions of emancipation and pervading post war economic disorder Despite the oppressive men in her life her abusive father and husband as well as unabashed limitations regarding the role of women Bryan ultimately achieved extraordinary literary accomplishments in New York and Atlanta A story of celebrity amid scandal success amid disaster ambition amid despair this book reintroduces to the world a courageous and creative talent who yearned to express herself while navigating the restrictive morals and conventions of Victorian society

Architecture, Media, Archives Ana Bonet Miró, 2024-08-22 Over 60 years on from its inception the celebrated Fun Palace civic project developed in the 1960s by the radical theatre director Joan Littlewood and the architect Cedric Price continues to capture the architectural imagination

Despite the building itself never being realized much of the previous analysis of the Fun Palace has been devoted to Price and his drawings. The critical role that Littlewood played however remains largely unrecognized by architectural scholarship and a whole area of the project's cultural agenda remains overlooked. Architecture Media Archives is the first serious study of the complex relations between Littlewood and Price reframing the Fun Palace as an extended media project and positioning Littlewood more clearly as co-designer. Drawing on extensive archival material the book considers how due to a lack of institutional support the aims of the Fun Palace to transform the passive mass audiences of post-war consumer society into active citizens through forms of self-directed pleasure led and open exchange were realized through different sites of information throughout the 1960s. From broadsheets pamphlets and journals to films and press news the book addresses the conditions of production circulation storage and reception of these sites and reveals how they not only recorded the transformation of the project but also fundamentally enhanced and informed its meaning in specific ways. The book also raises important questions about the agency of the Fun Palace archive in shaping the reception of the project in the decades since its inception presenting its analysis through a novel Fun Palace Reception Index and Chart fundamentally altering our view of the project itself and transforming the way in which we understand the technological and cultural production of the 1960s.

Since the last Financial Stability Assessment Program FSAP in 2012 the Superintendency of Banks of Panama SBP has made significant progress in updating its regulatory and supervisory framework. The SBP has implemented key elements of the international regulatory reform agenda including Basel III and IFRS9 and has introduced comprehensive new regulations in a number of important areas including corporate governance and risk management. The SBP has also adopted a structured risk-based approach to its supervision that is supported by a sophisticated IT system. Notwithstanding the progress made in many regulatory and supervisory areas since the last FSAP there remain a number of gaps in the legal and regulatory framework and some areas for improvement in the SBP's supervisory approach.
