Portraits In Passion:

Portraits of Passion Kelly Deacon, Steve Twelvetree, 2000-01-01 of English Poems *Portraits of Passion* Duncan Simpson, 2025-08 **Shobha Priya** Praveen Kumar, 2018-11-12 Collection
Passion's Portrait Suzanne Carey, 1983 **I Want You Back** Rita King, 2018-05-18 I Want You Back is an epic story of a woman who was seduced out of her husband's loving arms by modernization as materialism and acquisitiveness became her bedfellows. She was raised up in a man's world and unwittingly built walls of independence and self-sufficiency about her. She discovers through different bouts of emotional storms when the scales fall out that she had been wrong all along. It co-opts classic oratories of passion to crystallize the moral of the story. The husband has paid the price and given her the liberty to come to her senses. Will she realize in due season that his love is all that she wants and needs? Will she realize and believe that in spite of all her errors he wants her back? *Portraits of Medea in Portugal during the 20th and 21st Centuries* Andrés Pociña Pérez, Aurora López, Carlos Ferreira Morais, Maria de Fátima Silva, Patrick Finglass, 2018-11-01 The theme of Medea in Portuguese literature has mainly given rise to the writing of new plays on the subject. The central episode in the Portuguese rewritings in the last two centuries is the one that takes place in Corinth: i.e. the break between Medea and Jason on the one hand and Medea's killing of their children in retaliation on the other. Besides the complex play of feelings that provides this episode with very real human emotions, gender was a key issue in determining the interest that this story elicited in a society in search of social renovation after profound political transformations during the transition between dictatorship and democracy which happened in 1974 that generated instability and established a requirement to find alternative rules of social intercourse in the path towards a new Portugal. **The Works of Thomas Reid, D.D. ... Merback, 2018-01-02 Albrecht Dürer's master engraving *Melencolia I* has stood for centuries as a pictorial summa of knowledge about melancholia and an allegory of the limits of earthbound arts and sciences. Zealously interpreted since the nineteenth century, the work also presides over the origins of modern iconology. Yet more than a century of research has left us with a tangle of mutually contradictory theories. In

Perfection's Therapy Mitchell Merback discovers in Melencolia's opacity a fascinating possibility that Dürer's masterpiece is not only an arresting diagnosis of melancholic distress but an innovative instrument for its undoing Merback deftly analyses the visual and narrative structure of Dürer's image revisits its philosophical and medical contexts and resituates it within the long history of the therapeutic artifact Placing Dürer's project in dialogue with that of humanism's founder Francesco Petrarca Merback also unearths the German artist's ambition to act as a physician of the soul Celebrated by contemporaries as the Apelles of our age and ever since as Germany's first Renaissance painter-theorist the Dürer we encounter here is also the first modern Christian artist addressing himself to the distress of souls including his own Melencolia thus emerges as a key reference point in a project of spiritual ethical therapy a work designed to exercise the mind rebalance the passions remedy the soul and help in getting on with the project of perfection *A Biographical History of the Fine Arts* Shearjashub Spooner, 1873 **The Elemental Passion for Place in the Ontopoiesis of Life** Anna-Teresa Tymieniecka, 2013-04-18

Continuing the pioneering work in the field laid bare by the uncovering the Creative Condition of the human being in literature and fine arts the elemental passion of place leads us through the creative imagination into the labyrinths of the onto-poiesis of life itself Tymieniecka in her inaugural study *Essays* by A. Jane Austen: Bicentenary Essays John Halperin, 1975-10-31 This book was first published in 1975, the bicentenary of Jane Austen's birth. Though she has long been recognized as one of the major English novelists, her reputation was established relatively late and has withstood periods of neglect and controversy. The present volume brings together nineteen essays that marked the bicentenary and, in doing so, reflected the critical attitudes which some of the twentieth century's most influential scholars have entertained towards the novelist. These essays range from nineteenth century reactions to the novels and to the novelist herself, through twentieth century criticism of the individual novels to considerations of the novelist's reputation abroad. This book will be of interest both to scholars and students of eighteenth and nineteenth century fiction and also to the general reader of Jane Austen's novels.
