Portraits of Buddhist Women ,2001-09-27 A collection of stories about women from the thirteenth century Buddhist work that reveals much about women s status in their society and within Buddhism **Portraits of Buddhist Women** Dharmasēna (Thera), 2001 Heroic Wives Rituals, Stories and the Virtues of Jain Wifehood M. Whitney Kelting, 2009-10-22 Although in Hinduism it is mainly used to refer to widow immolation the term sati means true woman a female hero Whitney Kelting has learned that in Jainism satis appear as subjects of devotional hymns This seems paradoxical given that Jain spirituality is to disengage oneself from worldly existence and Jain devotionism is usually directed toward those souls who have reached perfect detachment In fact however there is a vast corpus of popular texts many of them written by prominent scholar monks between the 16th and 18th centuries illustrating the distinctly worldly virtues of devoted Jain wives In this fieldwork based study Kelting explores the ways in which Jain women use sati narratives and rituals to understand wifehood as a choice which these women s ongoing ritual practices continually shape She focuses on eight well known Jain sati narratives recorded in both formal ritual contexts and in informal retellings and also as read aloud from printed versions She finds that one of the principal functions of Jain sati narratives is to contribute to a discourse of wifehood which addresses the concerns of Jain laywomen within the Jain value system and provides a fertile context in which Jain women can explore their questions of virtue and piety **Buddhist Women and Social Justice** Karma Lekshe Tsomo, 2012-02-01 This book on engaged Buddhism focuses on women working for social justice in a wide range of Buddhist traditions and societies Contributors document attempts to actualize Buddhism s liberating ideals of personal growth and social transformation Dealing with issues such as human rights gender based violence prostitution and the role of Buddhist nuns the work illuminates the possibilities for positive change that are available to those with limited power and resources Integrating social realities and theoretical perspectives the work utilizes feminist interpretations of Buddhist values and looks at culturally appropriate means of instigating change **Women in Early Indian Buddhism** Alice Collett, 2014 This volume is a broad ranging comparative study with translations of texts sections of texts and textual fragments that are concerned with women in early Indian Buddhism including study of texts in Gandhari Sanskrit Pali Chinese Tibetan and Sinhala *Buddhist Poetry and Colonialism* Stephen C. Ties That Bind Reiko Ohnuma, 2012-07-12 Reiko Ohnuma offers a wide ranging exploration of maternal imagery and discourse in pre modern South Asian Buddhism drawing on textual sources preserved in Pali and Sanskrit She demonstrates that Buddhism in India had a complex and ambivalent relationship with mothers and motherhood symbolically affectively and institutionally Symbolically motherhood was a double edged sword sometimes extolled as the most appropriate symbol for buddhahood itself and sometimes denigrated as the most paradigmatic manifestation possible of attachment and suffering On an affective level too motherhood was viewed with the same ambivalence in Buddhist literature warm feelings of love and gratitude for the mother's nurturance and care frequently mingle with submerged feelings of hostility and resentment for the unbreakable obligations thus created and positive images of self sacrificing mothers are counterbalanced by horrific depictions of mothers who kill and devour Institutionally the formal definition of the Buddhist renunciant as one who has severed all familial ties seems to co exist uneasily with an abundance of historical evidence demonstrating monks and nuns continuing concern for their mothers as well as other familial entanglements Ohnuma's study provides critical insight into Buddhist depictions of maternal love and maternal grief the role played by the Buddha's own mothers Maya and Mahaprajapati the use of pregnancy and gestation as metaphors for

the attainment of enlightenment the use of breastfeeding as a metaphor for the compassionate deeds of buddhas and bodhisattvas and the relationship between Buddhism and motherhood as it actually existed in day to day life *Rebirth* Roger R. Jackson, 2022-03-22 For anyone interested in what happens after death this is a definitive guide to the concept of rebirth or reincarnation in Buddhism Reincarnation has been a popular belief in cultures throughout the world for many millennia The possibility that we lived before and may be born again whether as a human or in some other form of existence continues to fascinate us and features heavily in popular novels and movies and also as a subject of recent scholarly studies Although Buddhism is one of the religious traditions best known for asserting rebirth the history and scope of Buddhist approaches to the idea has not received comprehensive treatment until now This first ever guide to ideas and practices surrounding rebirth in Buddhism covers the historical context for the Buddha's teachings on the topic explains what Buddhists believe is actually reborn and where surveys rebirth related practices in multiple Buddhist cultures and considers whether all Buddhist traditions agree about what happens after death The book also addresses interpretations of rebirth in modern Buddhist contexts and recent scientific attempts to document reincarnation in conversation with Buddhist beliefs It is in short the first truly comprehensive overview of rebirth across the major Buddhist traditions written by a leading scholar and teacher of Buddhism *The Middle Way*, 2002-05 Modernizing Composition Garrett Field, 2017-03-22 A free ebook version of this title is available through Luminos University of California Press's Open Access publishing program Visit www.luminosoa.org to learn more The study of South Asian music falls under the purview of ethnomusicology whereas that of South Asian literature falls under South Asian studies As a consequence of this academic separation scholars rarely take notice of connections between South Asian song and poetry Modernizing Composition overcomes this disciplinary fragmentation by examining the history of Sinhala language song and poetry in twentieth century Sri Lanka Garrett Field describes how songwriters and poets modernized song and poetry in response to colonial and postcolonial formations The story of this modernization is significant in that it shifts focus from India's relationship to the West to little studied connections between Sri Lanka and North India *Relational Theory* Christine M. Koggel, Ami Harbin, Jennifer J. Llewellyn, 2025-04-18 Relational theory starts from the ontological fact of our being in networks of relationships and draws out what this means for theories of knowledge and for moral and political theory This book uses insights from feminist relational theory to outline the ontological epistemological and moral political implications of this theoretical approach The chapters in this volume focus on relationships of power and oppression how these relationships shape who is taken to have knowledge and who is dismissed or ignored and what all of this means for theories of equality justice and moral and political theory more generally A focus on relationships of power and oppression opens up an examination into structures such as colonialism and capitalism that shape interconnected networks of relationships between humans and human and non human entities and ecosystems This volume which now includes eight additional chapters published both before and after the

original special issue offers a significant step forward in the development of feminist relational theory Following early forays in identifying and criticizing mainstream liberal theory in the Western tradition chapters in this collection draw on approaches by anti oppression theorists found in critical disability critical race anti colonial decolonial and non Western theories to further broaden the descriptions and analyses of relationships and networks of relationships and to extend and advance feminist relational theory and its applications The chapters in this book were originally published in the Journal of Global Ethics **Women of Sri Lanka** Leelangi Wanasundera,1990 *Yasodaravata* ,2005 Poem on Yasodhara wife of Gautama BuddhaSinhalese text with English translation
