Romance Capitalism At The Movies:

The Road Movie Book Steven Cohan, Ina Rae Hark, 2002-01-04 The Road Movie Book is the first comprehensive study of an enduring but ever changing Hollywood genre its place in American culture and its legacy to world cinema The road and the cinema both flourished in the twentieth century as technological advances brought motion pictures to a mass audience and the mass produced automobile opened up the road to the ordinary American When Jean Baudrillard equated modern American culture with space speed cinema technology he could just as easily have added that the road movie is its supreme emblem The contributors explore how the road movie has confronted and represented issues of nationhood sexuality gender class and race They map the generic terrain of the road movie trace its evolution on American television as well as on the big screen from the 1930s through the 1980s and finally consider road movies that go off the road departing from the US landscape or travelling on the margins of contemporary American culture Movies discussed include Road classics such as It Happened One Night The Grapes of Wrath The Wizard of Oz and the Bob Hope Bing Crosby Road to films 1960 s reworkings of the road movie in Easy Rider and Bonnie and Clyde Russ Meyer s road movies from Motorpsycho to Faster Pussycat Kill Kill Contemporary hits such as Paris Texas Rain Man Natural Born Killers and Thelma and Louise The road movie Australian style from Mad Max to the Adventures of Priscilla Queen of the Desert *Critical Perspectives on the Hallmark Channel* Carlen Lavigne, 2024-03-05 This multinational multidisciplinary collection of essays focuses on Hallmark Channel movies and Hallmark s position in the changing North American media landscape This book covers the Countdown to Christmas offerings year round productions made for TV mysteries and romances Hallmark s use of specific filming locations and its relationship to viewer desires Chapters examine Hallmark s position in a changing sociopolitical context and the tensions the company must navigate in creating more progressive content they discuss issues of gender race sexuality and place as well as analyzing the extensive ranges and reactions of social media participants and interrogating the nature of Hallmark s popularity Suitable for scholars and students of film and tv and popular culture studies this is a multifaceted look at both Hallmark and its viewers at a particular moment of Hallmark s market dominance **The Hallmark Channel** Emily L. Newman, Emily Witsell, 2020-05-18 Originally known as a brand for greeting cards Hallmark has seen a surge in popularity since the early 2010s for its made for TV movies and television channels the Hallmark Channel and its spinoffs Hallmark Movie Channel now Hallmark Movies Mysteries and Hallmark Drama Hallmark s brand of comforting often sentimental content includes standalone movies period and contemporary television series and mystery film series that center on strong intuitive female leads By creating reliable and consistent content Hallmark offers people a calming retreat from the real world This collection of new essays strives to fill the void in academic attention surrounding Hallmark From the plethora of Christmas movies that are released each year to the successful faith based scripted programming and popular cozy mysteries that air every week there is a wealth of material to be explored Specifically this book explores the network s problematic

relationship with race the dominance of Christianity and heteronormativity the significance placed on nostalgia and the hiring and re hiring of a group of women who thrived as child stars **A Fine Romance--** Patricia Mellencamp,1995

Feminist film theory will soon be a quarter of a century old It has known the euphoria of the 1970s experienced the contradictions of the 1980s and glimpsed the reversals and political gains which include women of color of the 1990s But Patricia Mellencamp asks what is the next move In this challenging look at twenty years of feminist film theory Mellencamp elaborates on its rich history drawing on her personal academic life and offering inventive readings of a remarkable variety of films recent Hollywood releases like Forest Gump Pulp Fiction Thelma and Louise Basic Instinct and Silence of the Lambs and features and independent films made by women such as The Piano Angie Orlando Bedevil Daughters of the Dust Privilege and Forbidden Love With a clever sense of irony and wit Mellencamp poses a question from which her analysis takes off What did Rapunzel Cinderella and Snow White forget to tell Thelma and Louise According to Mellencamp they forgot what comes after the end after the wedding to the prince So many women s stories often by choice stop after the prince whisks the princess away to live happily ever after This book asks what does happily mean for women And what does ever after cost women This creative call to shift film feminism s infamous gaze from sex and bodies to money and work ascertains where film feminism has been and what it needs to progress Rather than recycling and regaining the same ground Mellencamp urges film feminism to explore and claim new territory Author note Patricia Mellencamp is Professor of Film and Cultural Theory Department of Art History the University of Wisconsin at Milwaukee She has published several books including High Anxiety Catastrophe Scandal Ageand Indiscretions Avant garde Film Video and Feminism **Social Life in the Movies** James J. Dowd,2020-10-27 Through an analysis of hundreds of Hollywood movies this book examines some of the most contentious social issues of our time including racism social inequality sexism and gerontophobia With studies of some of the most enduring film genres in Hollywood s history including romantic films such as Casablanca war movies from World War II through the Iraq and Afghanistan conflicts alienation films including Five Easy Pieces and Lost in Translation the school movie from Goodbye Mr Chips to other films set in academia including Dead Poets Society and Dangerous Minds the book outlines and demonstrates the sociological approach to viewing films and highlights the socially conservative nature of much Hollywood movie production which draws on common stereotypes and reinforces dominant cultural values but is also capable of challenging and serving to change them **Whose City Is That? Culture, Design, Spectacle and Capital in Istanbul** Dilek Özhan Koçak,Orhan Kemal Koçak,2014-06-26 Whose City is That shows that Istanbul is produced not only by strong and systematic efforts corporate influences and or marketing activities but also by individual contributions and coincidences As such the primary purpose of this book is to find the answer of to whom Istanbul does belong presenting the reader with the richness of human experience and the practice of everyday life The chapters in this book are therefore focused on the physical and economic dimensions as well as the imaginary fictional and hyper real dimensions expressing the

concern of bringing the real and imaginary borders of the city together The book provides an understanding that for each inhabitant there is another city another Istanbul Each person living in the city creates or lives in another city which is made of their own personal and particular experiences In addition the Istanbul the authors understand and describe turns into something different moment by moment which cannot be defined or identified because of its very nature as a megacity However its flow is not aimless and non directional and each sign is not causeless or dateless In this context in order to make the possibilities of the city visible the contributors to this volume ask Istanbul whose city is it The title of the book enables different academics to ask the same question using different methodologies and subjects The question Whose City is That and the necessity of studying Istanbul using multidisciplinary perspectives brought many researchers from different fields together because the city is larger than one approach and the constraints of one unique field Gathering researchers and academics from various disciplines such as communication studies cultural studies cinema media studies literature the fine arts city and regional planning political science social and economic geography anthropology and architecture enables each to think about the city alone and together so as to create new forms of thought and discourse about Istanbul

lived experiences of film audiences Through a media sociology lens the book draws on analysis of five contemporary romantic films and the meanings brought to and made from them by socially and economically diverse audiences Employing both textual analysis and primary interviews the book contests overly pessimistic perspectives on modern intimacy while acknowledging and exploring some of the challenges woes and changes that romantic love is experiencing in late capitalism Concerns and debates over monogamy the teleology romantic love and the division of labour in relationships percolate in this book s examination of how audiences responses to these films reflect their attitudes and expectations regarding romantic love This book will have great resonance for scholars and students of not just film studies and media studies but also audience studies media sociology philosophy gender and sexuality

The Romantic Life D. Andrew Yost, 2022-08-24 The world is disenchanted Rationalization intellectualization and scientism rule the day We used to see the world as a magical place but now it s just a material space How did we get here The shift comes in part from the rise of a certain kind of secularism one that reduces human experiences to whatever is explainable through observation Love It s just a biological drive Joy a rush of adrenaline Beauty an influx of dopamine If you can t test it it isn t true or so the thinking goes The Romantic Life draws upon eighteenth and nineteenth century Romanticism to provide five strategies to re enchant the world five ways to imbue the world with meaning truth and beauty According to the Romantics far from being useless encounters with impractical things like the imagination nature symbolism sincerity and the sublime give our lives a richness and depth that cannot be attained on a purely material account of the world By learning from their example we can come to see into the life of things as William Wordsworth called it We can be re enchanted
