Giving Up Baby Laury Oaks, 2015-06-05 Baby safe haven laws which allow a parent to relinquish a newborn baby legally and anonymously at a specified institutional location such as a hospital or fire station were established in every state between 1999 and 2009 Promoted during a time of heated public debate over policies on abortion sex education teen pregnancy adoption welfare immigrant reproduction and child abuse safe haven laws were passed by the majority of states with little contest These laws were thought to offer a solution to the consequences of unwanted pregnancies mothers would no longer be burdened with children they could not care for and newborn babies would no longer be abandoned in dumpsters Yet while these laws are well meaning they inadequately address the social injustices that compel abandonment for the very small number of girls and women who abandon their newborns Advocates of safe haven laws target teenagers women of color and poor women in particular with safe haven information under the assumption that they cannot offer good homes for their children Laury Oaks argues that the labeling of certain kinds of women as potential bad mothers who should consider anonymously giving up their newborns for adoption into a loving home should best be understood as an issue of reproductive justice Safe haven discourses promote narrow images of who deserves to be a mother and reflect restrictive views on how we should treat women experiencing an unplanned pregnancy

Analyzing Christmas in Film Lauren Rosewarne,2017-12-06 Film plays a vital role in the celebration of Christmas For decades it has taught audiences about what the celebration of the season looks like from the decorations to the costumes and to the expected snowy weather as well as mirrors our own festivities back to us Films like *It's a Wonderful Life* and *Home Alone* have come to play key roles in real life domestic celebrations watching such titles has become for many families every bit as important as tree trimming and leaving cookies out for Santa These films have exported the American take on the holiday far and wide and helped us conjure an image of the perfect holiday Rather than settling the what is a Christmas film debate indeed *Die Hard* and *Lethal Weapon* are discussed within *Analyzing Christmas in Film* Santa to the Supernatural focuses on the how Christmas is presented on the deluge of occasions when it appears While most Christmas films are secular religion makes many cameos appearing through Nativity references storylines involving spiritual rebirth the framing of Santa as a Christ like figure and the all importance of family be it the Holy family or just those gathered around the dining table Also explored are popular narratives involving battles with stress and melancholy single parents and Christmas martyrs visits from ghosts and angels big cities and small towns break ups and make ups and the ticking clock of mortality Nearly 1000 films are analyzed in this volume to determine what the portrayal of Christmas reveals about culture society and faith as well as sex roles consumerism aesthetics and aspiration
