**Sustainable Development Goals and Urban Health** Abraham R. Matamanda, Verna Nel, 2024-09-28 The main aim of this book is to understand the interplay between the SDGs and urban health This is a critical issue in cities considering the complexity of health issues and how they transcend most SDGs However the SDGs are premised on a broad set of generalised indicators and targets Simultaneously local contexts differ thus a one size fits all understanding of urban health problems is not helpful Therefore the SDGs require Health in All Policies HiAP an approach to public policy across sectors that systematically takes into account the health implications of decisions seeks synergies and avoids harmful health impacts to improve population health and health equity Ramirez Rubio et al 2019 In applying the HiAP concept this book adopts a case study approach and considers the poor neighborhoods of a South African city specifically Bloemfontein part of the Mangaung Metropolitan Municipality Each chapter presented in the book considers a particular SDG and how that goal relates to urban health

The Vision Zero Handbook Karin Edvardsson Björnberg, Sven Ove Hansson, Matts-Åke Belin, Claes Tingvall, 2022-11-30 This open access handbook provides a comprehensive treatment of Vision Zero an innovative policy on public road safety developed in Sweden Covering all the major topics of the subject the book starts out with a thorough examination of the philosophy ideas and principles behind Vision Zero It looks at conditions for the effectiveness of the policy principles of safety and responsibility as

well as critique on the policy Next the handbook focuses on how the Vision Zero ideas have been received and implemented in various legislations and countries worldwide It takes into account the way Vision Zero is looked at in the context of international organizations such as the WHO the UN and the OECD This allows for a comparison of systems models and effects The third part of the handbook discusses the management and leadership aspects including ISO standards equity issues other goals for traffic and transportation and opportunities for the car industry Part four delves into tools technologies and organizational measures that contribute to the implementation of Vision Zero in road traffic Examples of specific elements discussed are urban and rural road designs human factor designs and avoiding drunk and distracted driving The final part of the handbook offers perspectives on the transfer of Vision Zero policy to other areas ranging from air traffic to suicide prevention and nuclear energy Vision Zero is a public road safety policy including both a long term goal that no one shall be killed or seriously injured as a consequence of accidents in road traffic and a safety principle stating that the design and function of the road transport system shall be adapted to meet the requirements that follow from that goal It is a new road safety paradigm which has resulted in new types of responsibilities among stakeholders technological innovations and new strategies and organizational measures to achieve a safe system The road safety work based on Vision Zero has shown promising results and although Sweden has not yet reached a safe system the number of fatalities and severe injuries has decreased substantially This is an open access book *Catalog of Federal Domestic Assistance* ,2010 Identifies and describes specific government assistance opportunities such as loans grants counseling and procurement contracts available under many agencies and programs **The Stationery Office Agency Catalogue** Stationery Office (Great Britain),2003

**Hidden Cities** World Health Organization. Centre for Health Development,2010 The joint WHO and UN HABITAT report Hidden cities unmasking and overcoming health inequities in urban settings is being released at a turning point in human history For the first time ever the majority of the world s population is living in cities and this proportion continues to grow Putting this into numbers in 1990 fewer than 4 in 10 people lived in urban areas In 2010 more than half live in cities and by 2050 this proportion will grow to 7 out of every 10 people The number of urban residents is growing by nearly 60 million every year This demographic transition from rural to urban or urbanization has far reaching consequences Urbanization has been associated with overall shifts in the economy away from agriculture based activities and towards mass industry technology and service High urban densities have reduced transaction costs made public spending on infrastructure and services more economically viable and facilitated generation and diffusion of knowledge all of which have fuelled economic growth Page ix OECD Key Publications Catalogue Organisation for Economic Co-operation and Development,2004
