Today we worry about Mad Cow Disease AIDS Alzheimers and other prolonged onset ailments But back in the good old days folks worried about infected cuts and slashes internal diseases parasites and a whole variety of ailments which are perfectly treatable or preventable by means of modern medicine Folks rarely lived long enough to suffer from a long slow disease heck just staying alive to see one s fortieth birthday was considered a feat Even as late as the 19th century medicine was pretty medieval to our way of looking at it There were no wonder drugs no X ray or CAT scans no hospitals as we know them today and spotty training of medical professionals The dentist was feared and quack nostrums were sold by the case by traveling snake oil salesmen Many of those nostrums contained relatively innocuous ingredients but some were downright dangerous especially those incorporating psychoactive alkaloids heavy metals or raw isotopes Mercury or radium were primary ingredients in some quack medicinal cures even into the early 20th century And in rural areas the old magic medicine was still practiced by generations of folks who passed on these traditions and lore to their students and or children Much of the material presented in this volume has already been documented and published in the Norwegian language by scholars and folklorists such as Ingjald Reichborn Kjennerud Nils Lid Hjalmar Falk Olav B O A H eg Per Holck Odd Nordland Chr Bang and A Steen among others There has been a growing

interest in folklore folk medicine and the old ways in recent years and this volume is an attempt to present a part of this lore to the English speaking audience

Gentle Judaic Wisdom For A Troubled World Rabbi Michael Leo Samuel, 2019-04-15 Rabbi Samuel s book Gentle Judaic Wisdom is a brilliant work very wise easy to read and deceptively simple The book is filled with information It is a rich cornucopia of wisdom quoted from sources such as the Torah Mishnah Tosefta Talmud ancient rabbis philosophers and many more sources even the New Testament For as Maimonides wrote when he quoted the pagan Aristotle in his Guide of the Perplexed The truth is the truth no matter what its source As I read Rabbi Samuel s notes I felt impressed by both the extent of his knowledge and how well he understood the many subjects he addressed It is a perfect book to read either from the first

page until the end the reader may wish to select subjects of interest from the many provided and meditate about that section It is also the perfect reference book to keep at home to peruse from time to time We can read the book to enjoy the ideas they express I enjoyed them this way but I also found the quotes thought provoking They made me think and they can and should do the same for other readers What do you think of the quote you read How can you apply the idea in it to your life Does the quote cover all situations Can we extend the idea further and go beyond what the sage said If so how I hope that you enjoy this book as much as I did I think you will Rabbi Dr Israel Drazin Foreword Should a man nourish anger against his fellow and expect healing from the LORD Should a man refuse mercy to his fellows and yet seek pardon for his own sins If he who is but flesh cherishes wrath who will forgive his sins Remember your last days set your enmity aside remember death and decay and cease from sin Ben Sira 28 3 6

Herbal Homestead Journal Brittany Nickerson, 2015-07-07 Herbs and self care practices shift with the seasons and therefore offer a tremendous opportunity to learn from nature Our bodies go through the same cycles as the earth daily monthly and yearly The herbal homestead is a place to practice this art of living that we have become so disconnected from and to consequently reconnect with the cycles around and within us Connecting and reconnecting with these processes is empowering enlivening energizing and it builds confidence and trust in yourself and your body Confidence and trust are major markers of health so this way of life can put us right on our path to health Herbal homesteading is a call to connect with ourselves with our own healthcare and with nature and plants This connection can make us feel at home at home within ourselves at home in nature and at home in the spaces where we make medicine heal and connect with others You can create an herbal homestead to any extent and be successful you do not have to have land a garden a plethora of herbs an education in herbal medicine You can embrace this worldview one day or month at time plant by plant one act of self care to the next You can create your herbal homestead from your urban apartment you can learn about nature s processes and the life cycle of plants from the weeds growing through the cracks in the sidewalk all of these cycles are created equally
