Patricia Bellis Bixel

Sailing Ship Elissa:

Galveston's the Elissa Kurt D. Voss, 2009 For nearly three decades the 1877 sailing ship Elissa has been widely recognized as one of the finest maritime preservation projects in the world Unlike some tall ships of today the Elissa is not a replica but a survivor Over her century long commercial history she carried cargoes to ports around the world for a succession of owners Her working life as a freighter came to an end in Piraeus Greece where she was rescued from the salvage yard by a variety of ship preservationists who refused to let her die The story of Elissa s discovery and restoration by the Galveston Historical Foundation is nothing short of miraculous *Sailing Ship Elissa* Patricia Bellis Bixel, 2011-03 Originally published in hardcover in 1998 Chapman Great Sailing Ships of the World Otmar Schäuffelen, 2005 Come sailing with Chapman on the pages of an expansive attractively illustrated reference to large and frequently famous sailboats from around the globe Enthusiasts will find completely up to date information on these extremely popular boats more than 450 color photos and descriptions of different types of sailing ships and rigging Each craft listed features a full color picture details and statistics accompanied by facts and figures on its home port the year it was built the names of the owner and crew plus rigging tonnage mast sails and use **Historic Texas from the Air** David Buisseret, Richard Francaviglia, Gerald Saxon, Jack W. Graves, Jr., 2009-06-01 The extremely varied geography of Texas ranging from lush piney woods to arid mountainous deserts has played a major role in the settlement and development of the state To gain full perspective on the influence of the land on the people of Texas you really have to take to the air and the authors of Historic Texas from the Air have done just that In this beautiful book dramatic aerial photography provides a complete panorama of seventy three historic sites from around the state showing them in extensive geographic context and revealing details unavailable to a ground based observer Each site in Historic Texas from the Air appears in a full page color photograph accompanied by a concise description of the site s history and importance Contemporary and historical photographs vintage postcard images and maps offer further visual information about the sites The book opens with images of significant natural landforms such as the Chisos Mountains and the Big Thicket then shows the development of Texas history through Indian spiritual sites including Caddo Mounds and Enchanted Rock relics from the French and Spanish occupation such as the wreck of the Belle and the Alamo Anglo forts and methods of communication including Fort Davis and Salado s Stagecoach Inn nineteenth century settlements and industries such as Granbury s courthouse square and Kreische Brewery in La Grange and significant twentieth century locales including Spindletop the LBJ Ranch and the Dallas Fort Worth International Airport For anyone seeking a visual vital overview of Texas history Historic Texas from the Air is the perfect place to begin Proposed Bayport Container Terminal, Pasadena, Harris County , 2003 **Treasures of Texas** Tristan G. Smith, 2025-04-28 The subject matter of National Historic Landmarks is one that will entice readers as this goes beyond a narrative non fiction in depth view of each site This book gives an overview of each site enough to give people the 20 000 foot view that will bring them to the site

for a more in depth look and exploration Being able to see present day and historic photos of the site and its history along with directions and visitor information will give them the ability to find and explore on a basic level before deciding where to explore next As a local historian an avid explorer of such sites and having worked on the public sides of historic sites for several years I have a unique ability to boil down the history of a place to make it readable accessible and understandable with it leading the reader to want to visit and explore more Bringing this subject matter to the reader must make it more than a brochure but less than an in depth look site by site Through my years in the museum field I have been doing just that kind of work through marketing and exhibits
