snow on the ground when I first saw Quo Vadis Sea trials were sailed in gale force winds The boat was snug inside sailed flat and sure and soon became my new home One of its best features was its ability to take me places I d never been where I would meet characters I could not have imagined or made up One of them was an exciting woman We hooked up at a high school reunion our 40th Now I invite you to spend some time with a new if vintage skipper on this voyage of discovery The years go by quickly I promise you John Huetter Born into a military family John Huetter first sailed at age nine during long summers on the Mediterranean The boat was 12 ft long wooden with a single canvas sail and hemp rigging Nearly fifty years later he went sailing again this time on a cruising catamaran from the U S East Coast to the West Coast stopping by the Bahamas Caribbean South America en route to the Panama Canal Central America and Mexico In between the author played football and rowed crew in high school jumped for the USAF Academy Parachute Team designed computer control systems raced and tested off road motorcycles and started up alternate energy and technology R D companies He also had a long happy relationship and two wonderful children He s currently looking for that beach with clear warm water and the perfect surf break
