B. Yeats Daniel Tompsett, 2018-06-13 Unlocking the Poetry of W B Yeats undertakes a thorough re reading of Yeats oeuvre as an extended meditation on the image and theme of the heart as it is evident within the poetry It places the heart at the centre of a complex web of Yeatsian preoccupations and associations from the biographical to the poetic and philosophical to the mythological and mystical In particular the book seeks to unlock Yeats mystifying aesthetic vision via his understanding of the ancient Egyptian Weighing of the Heart ceremony The work provides a chronological narrative arc that looks to use the theme of the heart as it recurs in the poetry in order to circumvent and overcome more established frameworks Its purpose is to offer refreshing ways of conceptualizing and building alternatives to more deeply entrenched but not entirely satisfactory arguments that have been offered since Yeats death in 1939 while demonstrating the centrality The Ezra Pound Encyclopedia Demetres P. Hemingway's In Our Time Wendolyn E. Tetlow,1992 Many scholars consider In Our Time to be Hemingway s finest work yet the cohesiveness of this sequence of stories and interchapters has often been questioned Hemingway himself however had a clear idea of the work s integrity as his manuscripts and letters reveal As he wrote to his publisher Horace Liveright on 31 March 1925 There is nothing in the book that has not a definite place in its organization and if I at any time seem to repeat myself I have a good reason for doing so Selected Letters 154 According to Ms Tetlow author of this thoughtful study of Hemingway s In Our Time the relationship among the stories and interchapters is precisely analogous to that within a modern poetic sequence as characterized by M L Rosenthal and Sally M Gall in The Modern Poetic Sequence The Genius of Modern Poetry a grouping of mainly lyric poems and passages rarely uniform in pattern which tend to interact as an organic whole It usually includes narrative and dramatic elements and ratiocinative ones as well but its structure is finally lyrical 9 The structure of In Our time then is similar to such works as Ezra Pound s Hugh Selwyn Mauberley and T S Eliot s The Waste Land works that progress tonally Looking closely at the language of In Our Time Ms Tetlow pays particular

attention to recurring images and sounds and the successive sets of feeling these tonal complexes project She traces the lyrical pattern in the sequence as it builds in intensity from denial of fear suffering and death in the first stories and early interchapters and then traces the progression to cautious resignation in the latter stories and interchapters The author also takes into account the importance for Hemingway of Pound's and Eliot's aesthetics and demonstrates how Eliot's idea of the objective correlative and Pound's idea of direct treatment of the thing apply to Hemingway's stories and interchapters Literary Essays 3 Opening with a discussion of the six prose pieces in the original version the shorter In Our Time 1923 the study considers the aesthetic choices Hemingway made in revising these pieces when he incorporated them in his longer sequence of eighteen in in our time 1924 The study then discusses the lyrical progression of the prose sequence in the fully developed volume In Our Time 1925 Finally it looks at A Farewell to Arms and shows how the lyrical structure of In Our Time anticipates the longer work with its more continuous narrative pattern BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Twentieth Century Poetry** Peter Robinson, 2005 Peter Robinson s third book of literary criticism presents a sequence of chapters exploring ways that selves and situations interact and become imaginatively identified with each other in poems Readings of works by Ezra Pound Basil Bunting Louis MacNeice W S Graham Elizabeth Bishop Allen Curnow Charles Tomlinson Mairi MacInnes Tom Raworth and Roy Fisher share an interest in how poems can be both attached to and detached from the culture society and conditions inwhich they were written These studies draw out and underline both the ubiquity and elusiveness of the self in the situation of the text The poems studied here are also discussed as focal points for relations between readerly and writerly selves and their situations in and over time

Kipling and Yeats at 150 Promodini Varma, Anubhav Pradhan, 2019-06-03 This book evaluates the parallels divergences and convergences in the literary legacies of Rudyard Kipling and William Butler Yeats Coming 150 years after their birth the volume sheds light on the conversational undercurrents that pull together the often diametrically polar worldviews of these two seminal figures of the English literary canon Contextualizing their texts to the larger milieu that Kipling and Yeats lived in and contributed to the book investigates a range of aesthetic and perceptual similarities from cultures of violence to notions of masculinity from creative debts to Shakespeare to responses to British imperialism and industrial modernity to establish the perceptible consonance of their works Kipling and Yeats are known to have never corresponded but the chapters collected here show evidence of the influence that their acute awareness of each other s work and thought may have had Offering fresh perspectives which make Kipling s and Yeats s diverse texts contexts and legacies contemporarily relevant this volume will be of great interest to scholars and researchers of literature critical theory postcolonial studies cultural studies and comparative literature Emblems of Adversity Rached Khalifa, 2020-06-01 The essays collected in Emblems of Adversity Essays on the Aesthetics of Politics in W B Yeats and Others hinge on the question of political articulation in Yeats s poetry Politics and history are paramount to our understanding of the Yeatsian poetic text They are

inextricable from the poet's aesthetic philosophy Yet politics manifests itself in a complex and complicated form in his work It articulates itself both consciously and unconsciously It is at once latent and manifest appropriated and yet rejected unambiguously announced in the title but immediately muffled in the corpus Additionally political articulation in Yeats's poetry is multifarious insofar as the biographical the national and the historical are not only politicized but most often envisioned apocalyptically as emblems of adversity To put it differently ageing Irish politics and modernity are synonymous with a Time transmogrifying ancestral houses into ruins a Time half dead at the top Self Ireland and history are intermeshed in Yeats's symbolism They are inseparable from his worldview. His rage against ageing most often culminates in raging about the age both modernity and Irish current reality These essays trace Yeats's aestheticization of politics right from the beginning of his poetic career from his early pastoral innocence to the later modernist experience. Some of them examine Yeats comparatively with other modernists.
