This cruising guide for ocean voyagers provides invaluable passage planning information for tried and tested routes around the world. Climates and weather patterns, currents, seasons and timings are key to selecting routes, but just as important is knowing something about the countries that you will arrive in. Details of the expected formalities and regulations are followed by essential information on key landfalls, accompanied by the first hand observations of well known world sailors and authors Rod Heikell and Andy O Grady. Text and plans have been updated for this third edition which is illustrated with a number of new photographs to inspire both dreamers and passagemakers. I have recently been planning a voyage from Trinidad to New Zealand using *Ocean Passages and Landfalls* by Rod Heikell and Andy O Grady. The book has been an exceptional resource. The mass of information on a wealth of subjects is excellent. The layout is beautifully put together and very accessible. The pilotage and chartlets will be invaluable. The book will certainly be travelling with me and I cannot recommend it highly enough to anybody who is planning ocean voyaging.

Theresa Kewell S Y Mr Blue This is a blue planet book. Its scope is awe inspiring as it takes an overview of the globe as the yachtsman's potential cruising ground.
