

The book cover features a classical painting of Saint Paul. He is depicted from the chest up, wearing a reddish-brown robe. He has a dark beard and a halo around his head. In his right hand, he holds a sword pointing downwards. The background of the painting is a mottled green and brown. The title 'SAINT PAUL' is overlaid in large, white, serif capital letters.

SAINT PAUL

Historical Jesus*

DONALD HARMAN AKENSON

Saint Saul A Skeleton Key To The Historical Jesus

Bruce Chilton

Saint Saul A Skeleton Key To The Historical Jesus:

Saint Saul Donald Harman Akenson, 2000-08-17 In this follow up to his acclaimed *Surpassing Wonder* Akenson recreates the world of Christ a time rich with ideas prophets factions priests savants and god drunk fanatics Saint Saul sheds light on Yeshua s birth and his relationship to his family clarifies Yeshua s views on issues such as divorce and resurrection and examines his sense of himself as Messiah Throughout Saint Saul Akenson insistently stresses the Jewishness of Yeshua He dismisses the traditional way of searching for facts about him by looking for parallels among the four gospels arguing that the gospels were handed down as a unit by a later generation In contrast Saul although he did not know Yeshua personally knew his most important followers and wrote immediately after his death Saul s teachings were approved though sometimes reluctantly by Yeshua s brothers and other early leaders Akenson sifts and probes the evidence for and against the historical status of Saul and Yeshua a mystery as fascinating as a good detective story and one where readers must come to their own conclusions about the circumstances and texts that gave rise to two great world faiths Christianity and Rabbinic Judaism

Saint Saul Donald Harman Akenson, 2023 This text offers a lively and provocative account of what we can learn about Jesus by reading the letters of Paul providing fresh new insights to both Jesus and Paul [The Birth of Christianity](#) Paul Barnett, 2005-03-29 Barnett s work is not so much a narrative of the birth and early years of Christianity as an argument that this birth can be documented by the usual methods of historical inquiry **Rabbi Paul** Bruce Chilton, 2010-06-09 A brilliant new biography of Saint Paul whose interpretations of the life and teachings of Jesus transformed a loosely organized grassroots peasant movement into the structured religion we know today Without Paul there would be no Christianity His letters to various churches scattered throughout the Roman Empire articulated for the first time the beliefs that make up the heart of Christian practice and faith In this extraordinary biography Bruce Chilton explains the changing images of Paul from the early Church period when he was regarded as the premiere apostle who separated Christianity from Judaism to more recent liberal evaluations which paint him as an antifeminist homophobic figure more dedicated to doctrine than to spiritual freedom By illuminating Paul s thoughts and contributions within the context of his time Chilton restores him to his place as the founding architect of the Church and one of the most important figures in Western history Rabbi Paul is at once a compelling highly readable biography and a window on how Jesus message was transformed into a religion embraced by millions around the world Drawing on Paul s own writings as well as historical and scholarly documents about his life and times Chilton portrays an all too human saint who helped to create both the most beautiful and the most troublesome aspects of the Church He shows that Paul sought to specify the correct approach to such central concerns as sexuality obedience faith conscience and spirit to define religion as an institution and to clarify the nature of the religious personality issues that Christians still struggle with today [The Old Greek Translation of Daniel 7-12](#) Sharon Pace Jeanson, 2023-10-31 Investigates whether differences between the OG translation and the Hebrew Aramaic parent text of Daniel 7 12 are due to

intentional theological Tendenz as has been predominantly proposed in the past or to errors or the unintentional cross linguistic mechanics of translation or to a combination of these reasons Jeansonne s investigation proceeds in five stages

The De-Judaization of the Image of Jesus of Nazareth (The Virgin Mary) at the Time of the Holocaust: Ensoulment and the Human Ovum Thomas Alexander Blüger, 2021-03-09 Thomas has been researching his family s Jewish background for the last thirty years Herein he investigates how his Jewish grandparents and aunt defined as a nonprivileged Mischling survived the war while living in the heart of Nazi Germany This led Thomas to research Hitler s fear of having partial Jewish ancestry and expanded into a full blown study of following Christianity s understanding of the Jewish identity of Jesus of Nazareth throughout history Not leaving matters here Thomas outlines how Marian dogmatic theology used at the time of the Shoah brought to conclusion the Church s long journey in defining the time of ensoulment as articulated in the papal document *Ineffabilis Deus* promulgated by Pius in 1854 This happened twenty seven years after the discovery of the human ovum in 1827 by Karl Ernst von Baer Years later with the emergence of Nazi racial ideology many anti Christian Christians attempted to invert Christianity s core message of salvation through faith toward biological ends This would not do Roman authorities had consistently held throughout the centuries that faith is about salvation and not about biology According to that same end the ideal of ensoulment since the time of the Church s renewed understanding of it beginning in 1854 and indeed as it was first articulated through the writings of Aristotle and received into Christianity through the writings of Saint Augustine and later Thomas Aquinas was newly preserved within the confines of Western civilization This is the first book the author knows of that follows Augustine s concept of ensoulment as well as Aquinas s thinking on the matter while linking these to Karl Ernst von Baer s discovery of the human ovum in 1827 up until the events of Shoah and beyond This study is phenomenological in nature in that it does not follow Jesus of Nazareth the Virgin Mary throughout history but rather follows the image of Jesus of Nazareth the Virgin Mary a monumental difference This study supports the Second Vatican Council the Church s latest and ongoing efforts in affirming the Jewish identities of both Jesus of Nazareth and the Virgin Mary John Paul II s call for a purification of memory beginning in a year of Jubilee as well as the many present efforts in Catholic Jewish relations This study builds upon the author s past article *Following the Virgin Mary through Auschwitz Marian Dogmatic Theology at the Time of the Shoah* published in *Holocaust Studies A Journal of Culture and History* Vol 14 winter 2008 No 3 pp 1 24

The Evolution of Love Sheldon W. Liebman, 2021-04-06 This book an examination of Judaism as it evolved over a period of approximately 1 500 years is an analysis of the Hebrew Bible and other ancient Jewish writings with special emphasis on theology and morality By the middle of the first millennium with the writing of Deuteronomy the Psalms and the works of the prophets Judaism had embraced the idea that God is a compassionate father that His relationship with His people is based on love rather than fear and that His response to their commission of sins is based on the assumption that they are capable of repentance and worthy of forgiveness In the final stage of its development culminating in the first and

second centuries AD Judaism was understood to require its adherents to enact the will of God specifically to establish a community based on political economic and social laws that enforce the principles of justice and mercy And that process came to be seen as inevitably dependent on human agency the need for human beings to fulfill God's commandments In Judaism loving neighbors and strangers came to be understood as the principal and for many Jews the only way of loving God

Good News for Moderns Nero James Pruitt, 2015-06-27 There are many ways to be a Christian In *Good News for Moderns* author Nero James Pruitt shows that within the pages of the New Testament there is room for a diversity of Christianities This is a diversity that is not talked about often but when properly understood expands the perception of what a Christian is Consider the words of Justin Martyr the second century Christian writer recognized as a saint by the Catholic Church the Anglicans and the Eastern Orthodox in about 150 AD We are taught that Christ is the first born of God and we have shown that He is the reason word of whom the whole human race partake And those who live according to reason are Christians even though they are counted atheists Such were Socrates and Heraclitus among the Greeks and those like them Consider the words of John Adams the second President of the United States in 1816 The Ten Commandments and the Sermon on the Mount contain my religion Consider the words Bill Clinton the forty second President of the United States In 1955 I had absorbed enough of my church's teachings to know that I was a sinner and to want Jesus to save me Finally consider the words of the writer of the small New Testament Book of III John Whoever does good is from God *Good News for Moderns* is based on Pruitt's reading of the scriptures and over one hundred authors of various points of view In our busy time it is brief slightly more than one hundred thousand words supplemented by slightly less than one hundred thousand words of end notes It recognizes that human life moves by fast in what seems like an infinity of time and space and the book closes this way By listing many who have come before us and the immensity of time and space I have underscored the brevity of our lives because as a Psalmist taught recognizing our own mortality is the path to wisdom **On the Resurrection, Volume 3** Gary Habermas, 2025-05-15 In the third volume of his magnum opus Gary R Habermas identifies collects and summarizes hundreds of scholarly treatments related to the resurrection *On the Resurrection Volume 3 Scholarly Perspectives* offers a thorough lay of the land for anyone wanting to pursue an in depth study of Jesus of Nazareth's resurrection *The Christian Survivor* Robert Crotty, 2017-04-05 The book puts the current interest in historical Jesus research into a proper historical context highlighting Gnosticism's lasting influence on early Christianity and making the provocative claim that nearly all Christian Churches are in some way descended from Roman Christianity Breaking with the accepted wisdom of Christianity's origins the revised history it puts forward challenges the assumptions of Church and secular historians biblical critics and general readers alike with profound repercussions for scholarship belief and practice *The Sign of the Cross* Daniel Rancour-Laferriere, 2017-09-08 This book presents a unique effort to create a new understanding of the Christian sign of the cross At its core it traces the conscious and unconscious influence of this visual symbol through time What began as the

crucifixion of a Jewish troublemaker in Roman occupied Judea in the first century eventually gave rise to a broad spectrum of readings of the instrument used to accomplish such a punishment a cross The author argues that Jesus was a provocative grandiose masochist whose suffering and death initially signified redemption for believers This idea gradually morphed into a Christian sense of freedom to persecute and wage war against non believers however as can be seen in the Crusades wars of the cross Many believers even construed the murder of their savior as a crime perpetrated by the Jews and this paranoid notion culminated in the mass murder of European Jews under the sign of the Nazi hooked cross Hakenkreuz Rancour Laferriere s book is expertly written and argued it will be readable to a large audience because it touches on many areas of controversy interest and scholarship The work is critical but not unfair it employs psychoanalysis art history the study of the symbol of the cross in works of art religion and religious texts and world history generally The interweaving of these various themes is what gives this work its ability to draw in readers and will ultimately be what keeps the reader interested through the conclusion *Developing a Universal Religion* David Hockey,2003 **Mark's Other Gospel** Scott G.

Brown,2006-01-01 Did the evangelist Mark write two versions of his gospel According to a letter ascribed to Clement of Alexandria Mark created a second more spiritual edition of his gospel for theologically advanced Christians in Alexandria Clement s letter contains two excerpts from this lost gospel including a remarkably different account of the raising of Lazarus Forty five years of cursory investigation have yielded five mutually exclusive paradigms abundant confusion and rumours of forgery Strangely one of the few things upon which most investigators agree is that the letter s own explanation of the origin and purpose of this longer gospel need not be taken seriously Mark s Other Gospel Rethinking Morton Smith s Controversial Discovery calls this pervasive bias into question After thoroughly critiquing the five main paradigms Scott G Brown demonstrates that the gospel excerpts not only sound like Mark but also employ Mark s distinctive literary techniques deepening this gospels theology and elucidating puzzling aspects of its narrative This mystic gospel represents Mark s own response to the Alexandrian predilection to discover the essential truths of a philosophy beneath the literal level of revered texts **The Great Betrayal** Sheldon W. Liebman,2018-11-27 In the view of many contemporary scholars both Jesus and

Judaism have been misrepresented by the church for the past two thousand years Their main point is that Judaism was not a superficial rigid and outdated religion and Jesus did not reject it In fact along with his disciples he remained a Law abiding Jew his entire life However as Christianity developed from a Jewish sect in the first century AD to the official religion of the Roman Empire in the fourth century the church was transformed Jesus was redefined and both Jews and their religion were repudiated and marginalized In short both Christians and Jews were deeply affected by what many scholars now call the de Judaization of Jesus This book is an attempt to correct the traditional theological and scholarly misinterpretations of Jesus and Judaism that emerged over the first four centuries of the life of the church **What Paul Meant** Garry

Wills,2007-09-25 If you think you knew Paul get ready to have all sorts of cherished preconceptions exhilaratingly stripped

away If you've ever been vaguely curious there is no finer introduction Los Angeles Times Look out for a new book from Garry Wills *What the Qur'an Meant* coming fall 2017 In his New York Times bestsellers *What Jesus Meant* and *What the Gospels Meant* Garry Wills offers fresh and incisive readings of Jesus teachings and the four gospels Here Wills turns to Paul the Apostle whose writings have provoked controversy throughout Christian history Upending many common assumptions Wills argues eloquently that Paul's teachings are not opposed to Jesus message Rather the best way to know Jesus is to discover Paul In this stimulating and masterly analysis Wills illuminates how Paul writing on the road and in the heat of the moment and often in the midst of controversy galvanized a movement and offers us the best reflection of those early times

Queer Readings of the Centurion at Capernaum Christopher B. Zeichmann, 2022-10-28 The first ever monograph on the history of queer biblical interpretation of a controversial biblical passage Since the 1950s homoerotic readings of the pericope in which Jesus heals a Roman centurion's slave have been built upon three of the account's features the specific Greek word *pais* which can refer to youth slave or the junior partner in a sexual relationship between two men Luke's characterization of the young man as *dear entimos* to the centurion and commonplace homoeroticism in the Roman army Rather than affirming or denying the historical reality of a sexual relationship between the centurion and the young man Christopher B Zeichmann instead traces the shifting patterns of queer readings of the text and the influences of the sexual political and theological discourses of late twentieth and early twenty first century Europe the United States and Australia Readers will see how distinct political contexts have led interpreters to find very different meanings about the sexual subtexts of this story

Travel and Religion in Antiquity Philip A. Harland, 2011-03-08 *Travel and Religion in Antiquity* considers the importance of issues relating to travel for our understanding of religious and cultural life among Jews Christians and others in the ancient world particularly during the Hellenistic and Roman eras The volume is organized around five overlapping areas where religion and travel intersect travel related to honouring deities including travel to festivals oracles and healing sanctuaries travel to communicate the efficacy of a god or the superiority of a way of life including the diffusion of cults or movements travel to explore and encounter foreign peoples or cultures including descriptions of these cultures in ancient ethnographic materials migration and travel to engage in an occupation or vocation With interdisciplinary contributions that cover a range of literary epigraphic and archeological materials the volume sheds light on the importance of movement in connection with religious life among Greeks Romans Nabateans and others including Judeans and followers of Jesus

Inventing Christic Jesuses, Volume 1 Charles A. Wilson, 2017-11-09 *Inventing Christic Jesuses* is the first comprehensive proposal for how revisionist theology can deploy historical Jesus research in a methodologically sophisticated way Rejecting positions that insulate theology from Jesus research the proposal sets out warrants and rules for a quested Christology in dialogue with an analysis of the conduct of historians of Jesus from the period of the Third Quest c 1980 2010 The volume Method analyzes for theology the methods and values of historical research on

Jesus It argues that the methodic construction of historical images of Jesus in conversation with sources is simultaneously a retrojective activity of value production First in defining the terms of the inquiry Wilson locates a middle ground between hostility to questing and a too ready application of historical results to Christology He then identifies rules and warrants for the deployment of Jesus research in theology and reconstructs the notion of the retrojection of value in the production of a historical Jesus The volume ends with a case study of retrojective Jesus production an analysis and assessment of the new notion that Jesus is a sage in the tradition of wisdom *Baptism on Account of the Dead (1 Cor 15:29)* Michael F. Hull, 2005 This volume reviews and critiques the over forty different interpretations of 1 Cor 15 29 then examines the verse anew in terms of its literary historical and theological contexts within the writings of Paul **Closing the Mind Gap** Ted Cadsby, 2014-03-24 We have always struggled as human beings But our struggle today is exacerbated by a gap between the increasingly complicated world we have created and the default ways we think about it Twenty first century challenges are qualitatively different from the ones that generations of our ancestors faced yet our thinking has not evolved to keep pace We need to catch up To make smarter decisions as governments organizations families and individuals we need more sophisticated mental strategies for interpreting and responding to today s complexity Best selling author and business leader Ted Cadsby explores the insights of cognitive psychology anthropology biology neuroscience physics and philosophy to reveal the gap between how we typically tackle complex problems and what complexity actually requires of us In an accessible and engaging style he outlines ways to close the gap the strategic mental shifts that increase decision making effectiveness The bottom line We need greater complexity in our thinking to match the increasing complexity in our world and Cadsby shows us how

Whispering the Secrets of Language: An Mental Quest through **Saint Saul A Skeleton Key To The Historical Jesus**

In a digitally-driven world where monitors reign supreme and instant transmission drowns out the subtleties of language, the profound secrets and emotional subtleties concealed within words usually get unheard. Yet, set within the pages of **Saint Saul A Skeleton Key To The Historical Jesus** a charming fictional treasure pulsating with natural emotions, lies an extraordinary quest waiting to be undertaken. Penned by a skilled wordsmith, this enchanting opus encourages visitors on an introspective journey, gently unraveling the veiled truths and profound influence resonating within ab muscles cloth of each and every word. Within the psychological depths of the emotional evaluation, we will embark upon a sincere exploration of the book is primary themes, dissect its fascinating publishing style, and fail to the effective resonance it evokes heavy within the recesses of readers hearts.
