## **Saints Barsanuphius And John Questions And Answers:**

*The Letters of Barsanuphius and John* John Chryssavgis, 2022-06-02 Revealing unexpected truths about early desert spirituality this volume argues that the lives of Barsanuphius and John relate closely to contemporary urban communities and how clergy tackle social challenges The early Desert Fathers and Mothers have exercised a particular charm and appeal in recent years but they have often been portrayed as inaccessible and eccentric figures in the history of monastic spirituality John Chryssavgis argues that the elders have an unusual capacity to reach into the depths of the heart to reveal the extraordinary in the very ordinary and that the correspondence between Barsanuphius and John offers an unparalleled glimpse into the sixth century religious political and secular world It opens with an exploration into the historical context of Palestinian monasticism followed by an evaluation of the fundamental principles and practices of Barsanuphius and John

*St. Maximus the Confessor's "Questions and Doubts"* Saint Maximus the Confessor, 2021-08-15 Despina D Prassas translation of the *Quaestiones et Dubia* presents for the first time in English one of the Confessor's most significant contributions to early Christian biblical interpretation Maximus the Confessor 580-662 was a monk whose writings focused on ascetical interpretations of biblical and patristic works For his refusal to accept the Monothelite position supported by Emperor Constans II he was tried as a heretic his right hand was cut off and his tongue was cut out In his work Maximus the Confessor brings together the patristic exegetical aporiai tradition and the spiritual pedagogical tradition of monastic questions and responses The overarching theme is the importance of the ascetical life For Maximus askesis is a lifelong endeavor that consists of the struggle and discipline to maintain control over the passions One engages in the ascetical life by taking part in both *theoria* contemplation and *praxis* action To convey this teaching Maximus uses a number of pedagogical tools including allegory etymology number symbolism and military terminology Prassas provides a rich historical and contextual background in her introduction to help ground and familiarize the reader with this work **Saints and Role**

**Models in Judaism and Christianity** Marcel Poorthuis, Joshua J. Schwartz, 2004-01-01 This volume deals with the role of saints and exemplary individuals in Judaism and Christianity Although sharing the Hebrew Bible and recognizing the same Biblical figures there both religions have developed widely divergent perspectives upon the significance of these figures although there are occasional common motifs and themes Moreover even the contrasting themes betray an underlying interaction between both religions as is clear from the contributions on for example Melchizedek Elijah the Desert Fathers Rabbis on clothing the Apostle Peter in Jewish tradition the Maccabees in Christian tradition and the Biblical examples in Saint Antony the Hermit The book examines Jewish and Christian perspectives upon saints and role models from the Biblical period to the present time It will be of special importance to scholars and general readers interested in an interdisciplinary approach to theology rabbinics history art history and much more *Butler's Lives of the Saints: April* Alban Butler, Paul Burns, 1999-01-01 For more than two centuries Butler's has been one of the best known most widely consulted hagiographies

In its brief and authoritative entries readers can find a wealth of knowledge on the lives and deeds of the saints as well as their ecclesiastical and historical importance since canonization

**The Cult of Saints in Late Antiquity and the Early Middle Ages** James Howard-Johnston, Paul Antony Hayward, 2000-01-07 This book contains eleven essays prefaced by a general introduction on a set of related themes the characteristic traits and diverse functions of holy men the fashioning of saints out of a small minority of holy men and a number of other individuals of high social status but with more dubious spiritual credentials the literary processes involved in the construction of hagiographical texts the role of hagiography in the creation and diffusion of cults and the worldly interests and other purposes which were served by hagiographical texts and the cults which they propagated These themes are explored across a wide range of social and cultural milieux extending from the late antique east Mediterranean through the early medieval Frankish world and Byzantium to Russia and Islam in the high middle ages The work of Peter Brown in particular his article The Rise and Function of the Holy Man in Late Antiquity first published in 1971 forms a constant point of reference acknowledged by the contributors as having irradiated the whole field with fresh provocative and illuminating ideas

**Repentance in Late Antiquity** Alexis C. Torrance, 2012-11-29 The call to repentance is central to the message of early Christianity While this is undeniable the precise meaning of the concept of repentance for early Christians has rarely been investigated to any great extent beyond studies of the rise of penitential discipline In this study the rich variety of meanings and applications of the concept of repentance are examined with a particular focus on the writings of several ascetic theologians of the fifth to seventh centuries SS Mark the Monk Barsanuphius and John of Gaza and John Climacus These theologians provide some of the most sustained and detailed elaborations of the concept of repentance in late antiquity They predominantly see repentance as a positive comprehensive idea that serves to frame the whole of Christian life not simply one or more of its parts While the modern dominant understanding of repentance as a moment of sorrowful regret over past misdeeds or as equivalent to penitential discipline is present to a degree such definitions by no means exhaust the concept for them The path of repentance is depicted as stretching from an initial about face completed in baptism through the living out of the baptismal gift by keeping the Gospel commandments culminating in the idea of intercessory repentance for others after the likeness of Christ's innocent suffering for the world While this overarching role for repentance in Christian life is clearest in ascetic works these are not explored in isolation and attention is also paid to the concept of repentance in Scripture the early church apocalyptic texts and canonical material This not only permits the elaboration of the views of the

ascetics in their larger context but further allows for an overall re assessment of the often misunderstood if not overlooked place of repentance in early Christian theology      *Holy Bishops in Late Antiquity* Claudia Rapp,2013-05-01 Between 300 and 600 Christianity experienced a momentous change from persecuted cult to state religion One of the consequences of this shift was the evolution of the role of the bishop as the highest Church official in his city from model Christian to model citizen Claudia Rapp s exceptionally learned innovative and groundbreaking work traces this transition with a twofold aim to deemphasize the reign of the emperor Constantine which has traditionally been regarded as a watershed in the development of the Church as an institution and to bring to the fore the continued importance of the religious underpinnings of the bishop s role as civic leader Rapp rejects Max Weber s categories of charismatic versus institutional authority that have traditionally been used to distinguish the nature of episcopal authority from that of the ascetic and holy man Instead she proposes a model of spiritual authority ascetic authority and pragmatic authority in which a bishop s visible asceticism is taken as evidence of his spiritual powers and at the same time provides the justification for his public role In clear and graceful prose Rapp provides a wholly fresh analysis of the changing dynamics of social mobility as played out in episcopal appointments      **The Monastic School of Gaza** Brouria Bitton-Ashkelony,Aryeh Kofsky,2006-02-01 This book studies one of the most striking chapters in the history of late antique monastic culture provided by the monastic legacy of Gaza A monastic intellectual community flourished in the region of Gaza from the fourth to the seventh century producing a wealth of literary works In this diverse and exciting literary corpus especially in the unique correspondence between spiritual leaders and their clientele matters that are usually only hinted at in monastic sources are vividly portrayed Distinct from the dry and matter of fact monastic instructions and the stereotypes of hagiography this corpus exposes the psychological tensions moods frustrations and elations in the daily existence of the monks revealing them as creatures of flesh and blood This book seeks to frame the historical development of this community and endeavours to analyze the spiritual and intellectual context of what may be termed the monastic school of Gaza The legacy of this complex and thriving centre cuts across theological differences and boundaries Shedding light on these neglected educated circles enhances and somewhat balances the overall historical picture of late antique ascetic culture and Palestinian Christianity      **The Power of the Name** Kallistos Ware,2022 Fairacres Publications 43 Re printed many times since it was first published and translated into numerous languages this book by METROPOLITAN KALLISTOS WARE OF DIOKLEIA is an invaluable guide at every stage of spiritual pilgrimage It is a classic exposition of the Jesus Prayer and its use in the Hesychast Orthodox tradition of the prayer of stillness and the author shows how anyone who prays can apply this teaching to themselves      Christ is in Our Midst Ioann (skhi-igumen),1980 Steeped in wisdom and humility these are letters of a true contemplative and spiritual guide able to rejoice and trust God in the face of an increasingly materialistic world discerning in all circumstances meaning and a dimension of eternity      Encyclopedia of Monasticism William M. Johnston,2013-12-04 The two volume Encyclopedia of

Monasticism describes the monastic traditions of both Christianity and Buddhism with more than 600 entries on important monastic figures of all periods and places surveys of countries and localities and topical essays covering a wide range of issues e g art behavior economics liturgy politics theology and scholarship Coverage encompasses not only geography and history worldwide but also the contemporary dilemmas of monastic life Recent upheavals in certain countries are highlighted Korea Russia Sri Lanka etc Topical essays subtitled Christian Perspectives and Buddhist Perspectives explore in imaginative fashion comparisons and contrasts between Christian and Buddhist monasticism Encyclopedia of Monasticism also includes more than 500 color and black and white illustrations covering all aspects of monastic life art and architecture **Letters,**

*Joy-bearing Grief* Hannah Hunt, 2004-11-01 This volume is the first full length study of penthos tears of contrition since Hausherr's in 1944 It traces its exposition in the early eastern Christian tradition through detailed analysis of Greek and Syriac texts by Klimakos Ephrem Isaac and Symeon the New Theologian It suggests why such weeping is for these writers a joyful as well as a sobering experience and it places their writings in their historical and geographical context giving some lexicographical background Issues of religious anthropology and the unusual choice of a female exegete in the person of the sinful woman Luke 7 36 50 are considered The conclusion points the way to an appropriate theological interpretation of these teachings and highlights modern non monastic examples of joy bearing penitent grief *Christian Gaza In Late Antiquity* Brouria Bitton Ashkelony, Arie Kofsky, 2004-01-01 This valuable collection of thirteen studies provides an overview of recent research on central issues concerning the history of late antique Gaza Several essays address various aspects of the continuity of pagan culture in Christian Gaza festivals spectacles and the classical legacy of the fifth and sixth centuries thus highlighting the public life of the city as a unique synthesis of the new and old worlds Several articles deal with central topics pertaining to the monastic life developed in the region of Gaza and its vicinity between the fourth and seventh centuries More specifically they explore the rich Correspondence of Barsanuphius and John the spiritual leaders of this monastic community Two papers furnish an archeological survey of the monasteries of Gaza and a discussion on the geographical and administrative aspects of its territory Certain articles focus on the anti Chalcedonian resistance of this monastic center in the wake of the council of Chalcedon while others tackle the change of its stance in the time of Emperor Justin 518 527 In sum this book covers a relatively neglected chapter in the complex and fascinating Christian history of the Holy Land Late Antique Letter Collections Cristiana Sogno, Bradley K. Storin, Edward J. Watts, 2019-11-19 Bringing together an international team of historians classicists and scholars of religion this volume provides the first comprehensive overview of the extant Greek and Latin letter collections of late antiquity ca 300 600 c e Each chapter addresses a major collection of Greek or Latin literary letters introducing the social and textual histories of each collection and examining its assembly publication and transmission Contributions also reveal how collections operated as discrete literary genres with their own conventions and

self presentational agendas This book will fundamentally change how people both read these texts and use letters to reconstruct the social history of the fourth fifth and sixth centuries      *Crisis of Empire* Phil Booth,2017-10-26 This book focuses on the attempts of three seventh century Palestinian intellectuals John Moschos Sophronius of Jerusalem and Maximus the Confessor to determine the Church s power and place during a period of profound crisis as the eastern Roman empire suffered serious reversals in the face of Persian and then Islamic expansion Through their stories Booth documents nothing less than a profound change in the very nature of the self perception of a religious society Although focused on the first half of the seventh century this book throws bright light both behind itself on the nature of the role of the holy man in late antiquity and in front of itself on the nature of the Byzantine Orthodoxy that would emerge in the middle ages and which is still central to the churches of Greece and Eastern Europe      The T&T Clark History of Monasticism John Binns,2019-11-14 Despite its rich history in the Latin tradition Christian monasticism began in the east the wellsprings of monastic culture and spirituality can be directly sourced from the third century Egyptian wilderness In this volume John Binns creates a vivid authoritative account that traces the four main branches of eastern Christianity up to and beyond the Great Schism of 1054 and the break between the Catholic and Orthodox churches Binns begins by exploring asceticism in the early church and the establishment of monastic life in Egypt led by St Anthony and Pachomius He chronicles the expansion influence and later separation of the various Orthodox branches examining monastic traditions and histories ranging from Syria to Russia and Ethiopia to Asia Minor Culminating with both the persecution and the revival of monastic life Binns concludes with an argument for both the diversity and the shared set of practices and ideals between the Orthodox churches creating a resource for both cross disciplinary specialist and students of religion history and spirituality
